Expert Says Denton Checks and Will May Have Been Written Under Duress.

After a careful analytical study of two checks made payable to Mrs. C. Peete and a will supposedly written by Jacob C. Denton, the murdered mining man, Milton Carlson, handwriting expert, declared last night that he was yet doubtful if the questioned documents had been forged. He said that he will complete his analysis today.

The most important development of the analysis, Mr. Carlson stated, is that the signatures on the checks and the will bear possible indications that Denton was forcibly compelled to write his name, with robbery as a probable motive.

"There are at least two checks in existence," he said, "payable to Mrs. Peete and presented by her at the bank. These checks were cashed. The question now arises whether or not they are forgeries.

"Though the questioned signatures are not exact duplicates of Denton's writing on other documents, they possess valuable similarities. If they were not forged, why did Denton use an unusual signature? Variations in signatures are due to many causes—haste, poor pen, fluctuations, sickness and carelessness of the writer.

"Robbery was very probably indicated. Peculiarities in the signatures indicate that Denton was possibly bound by ropes and compelled to sign his name under duress and fear.

"As to the will, it is characteristic of the writing of the deceased. Interlineations between the typewritten lines and addenda on the margin are true to Denton's handwriting.

"Relative to the analysis of the will, it is typewritten on two sheets of paper by an unskilled hand at the typewriter. The question arises: Why is the alignment all wrong? Even the most unskilled operator of a typewriter, unless he is in great haste, writes slowly enough to perfect alignment on the document. And why did Denton not write this will in pen and ink, to which he was accustomed? I have also found that a carbon copy of the will was made, which is sought by the investigators.

"Tomorrow I shall devote my time to ascertaining whether or not the signatures of Mrs. Peete on the checks and Denton's signatures on the will were written with the same pen and ink. I will also investigate where and why the will was written and why ample time was not taken by its author to have it drawn up properly. Denton could have written it in pen and ink distinctly, concisely, accurate and more rapidly.

"Again, if another person forged the name on the will, why did not this person make a more accurate imitation of the original signature?"

MRS. PEETE AWAITS CALL.

Mrs. E. C. Peete, one of the cen- figures in the case, and now in , stated there that she is still ceiving advices from the District ney's office regarding her pro- ed trip to California. The Dis- Attorney's office here remains nt on this subject.

The South Catalina street house as visited yesterday by William F. rman, the man who carried the y into the death basement. Heits- man showed Chief Deputy District- rney Doran just how he carried y'd and told him how Mrs. ton ordered him to do it.

The conferences between the dif- ent detectives, officials, relatives attorneys interested in the in- igation were held at the office Captain of Detectives Moffatt. All expressed their satisfaction with the ress of the case. Complete har- ony now exists between the differ- branches of the city and county partments, it was learned.

Three additional detectives were igned to the case.

KNEW DENTON.

The most dramatic feature de- oped yesterday by the police was positive identification of the d body as that of Denton. The ntification was made by Jacob of 648 I. W. Mellman Build- Oscar Lampman and A. D. Bur- ton, both of Long Beach. The three men, all old friends of the dead man, were taken to the undertaking establishment of Garrett & Co. by Chief Deputy District-Attorney Doran and Police Detectives Hickok and Canto. They identified the dead man's hair, an upper right front tooth, which was cased in gold, and the marks of an old fracture of the right arm. The three men stated that there could be no mistake in their identification.

From Mr. Burton the police learned, that Denton was last seen by him in the officers of E. B. Latham, a geologist, at 1013 Merchants' National Bank Building on May 31. With Lampman and Haff, Burton took Denton to Mr. Latham's office to discuss a deal in Texas oil land. At the time Denton stated that he was going to Kansas within two days and that he would call on Mr. Latham again. He never returned.

When interviewed yesterday Mr. Latham said: "Mr. Denton came to my office on the afternoon of May 31. Mr. Haff, Burton and Lampman arrived with him. We talked over an oil deal in Texas and Mr. Denton stated that he would look the property over when he returned from Kansas. He said that he would be leaving Los Angeles the next day, but stated that he would stop at my office before he left the city. On the morning of June 1, I received a telephone call from Mr. Denton and he said that his trip East had been delayed two days, but that he would call at my office on June 2. Denton did not keep this engagement and on June 3 I was called to San Francisco. I have never seen Denton since and heard nothing more of him until I read in the papers of the finding of his body. I cannot be mistaken in my dates, as I keep an office book and all my engagements are marked down. I have the notes on the first meeting on May 31 and also a record of Denton's telephone call on June 1."

Following the identification of the body and Mr. Latham's statement, surgeons again examined the dead man's right arm in efforts to learn if Denton had suffered any injury before his murder. The flesh was cut away from the bones and a minute examination made in the presence of the police detectives and Dep. Dist.-Atty. Doran. Marks of the old fracture, which, according to Mr. Haff, was sustained by Denton in Oatman about ten years ago, were discovered, but no other injury could be found. The surgeons stated, however, that Denton might have suffered a sprain before his death.

ON INSURANCE.

Another angle which will be investigated today is the connection of William Arkins, an insurance man with offices in the Grosse Building, with Denton. Arkins wrote an insurance policy of $25,000 for Denton, naming Denton's daughter as beneficiary. The policy was taken out by Denton a short time before he was murdered and was found in his safety-deposit box when it was opened Monday. It is believed that Mr. Arkins may be able to throw some light on Denton's movements before his death and also what were his plans for an eastern trip. The insurance man will be interviewed by the police at 9 a.m. today.

A fourth clew discovered yesterday by the police was a trace of the man who delivered some new lumber to the Catalina-street house some time between June 1 and 10. The man was seen by William Lusk of 3517 Eagle street, a milkman working for the Los Angeles Creamery Company. According to Lusk, he was making a delivery of milk to customers living in the next house to Denton and saw a man carrying lumber from a wagon to the rear of the house. Lusk was unable to state the exact date of the lumber delivery, but stated that it was between June 1 and 10. He told the police that he paid no attention to the man and would be unable to identify any one in connection with the delivery. Officers who attempted to check up on Lusk's story were unable to find any of Denton's neighbors who saw the lumber delivered.

ESTATE LARGE.

The estate of Denton is conservatively estimated at approximately $150,000, although the value of mining stock held by Denton and placed at $50,000 is merely speculative. Further attempts will be made to investigate what other holdings the slain man may have in a bank at Phoenix, Ariz., where he had a safety-deposit box, Attorney Rush Blodget, representing the estate, announced yesterday. An order for Denton's attorneys there to open the box will be sent today.

In a statement issued just before he left his office for the day, Captain of Detectives Moffatt declared: "The police are doing everything possible to bring this case to a close with the arrest of the guilty persons. Today I have detailed Detectives Herman Cline, Cato and King to assist Detectives Louis Canto and Hickok, who have been handling the case. We are working with Mr. Doran of the District Attorney's office and he is giving us all the help possible. The reason for the three new men being detailed on the case was that so many new clews and angles of the case have been streaming into this office that two men were unable to make all the investigations necessary.

Yesterday Detectives Cline, King

DENTON NOT WOUNDED ON JUNE THIRD

Former Business Associate Saw Him Then; Just from Beach With Mrs. Peete.

Dwight Dale, former business associate of J. C. Denton, the murdered mining operator and owner, yesterday added another important story to the collection of reports now in the possession of the detectives, when he fixed two dates with which the investigators will try to piece out their chain of facts tending to establish the date on which Denton was killed.

He told of seeing Denton on two occasions, one, the day before Denton was to leave for Phoenix, and the next time on June 3, the day when Denton was to be in the Arizona city. From other witnesses yesterday came the missing link in this chain in the shape of the report that Denton postponed his eastern trip for two days, in order to close a deal for oil lands he had in view. This tentatively establishes the date of the murder as on or near June 4. The detectives are going to check these stories before changing their present theory that Denton was killed June 3.

"I saw Denton on the night of June 1. Mrs. Peete, her daughter and a few other women were with him. I shook hands with him that night, and in right arm was in perfect condition," Dale said yesterday.

"The next time I saw him, and the last time, was June 3. I have been trying to fix this date beyond doubt, and am certain that I have the right date. That night Denton told me he had his ticket and reservations and was about to leave. On that day, also, Mrs. Peete was with him. They had been to the beach and were on the way home. Denton said: 'I came to say good-by,' and added, 'Mrs. Peete is here.' I shook hands with Denton and with Mrs. Peete. Denton's right arm was in perfect condition."

L. A. Best, the nephew from Arizona, yesterday expressed his doubts that Denton postponed his trip. "J. C. Denton never broke an appointment without notifying the other party. I had an appointment to meet him in Phoenix on June 3. If anything had occurred to change his plan he would have notified me," Best said.

DEATH CRYPT BUILT AFTER DIRT HAULED

Man Who Worked in Denton Basement for Mrs. Peete Finds Many Changes.

William F. Heitzman, the gardener who placed the dirt with which Denton's body was buried in the basement of the Denton home on South Catalina street, and who was located last Monday by The Times and by Nick Harris detectives after a diligent search of the city, declared yesterday that the death closet which contained the body was not in the basement at the time he worked for Mrs. R. C. Peete at the place.

Heitzman, who is regarded by the police and the District Attorney's office as one of the most valuable witnesses questioned in the endeavor to unravel the murder mystery, kept in constant communication with the investigators throughout the day. With Chief Deputy District-Attorney Doran and Detective Sergeants Canto and Hickok, he visited the Denton house during the morning and on the scene explained in detail his activities at the house during the first three days following the disappearance of Denton. Heitzman was hired by Mrs. Peete on June 2 and spent the greater part of three days in removing twenty wheelbarrow loads of earth from the gardens to the basement according to Mrs. Peete's instructions.

On his visit to the basement yesterday he found that the basement had undergone many changes. He said the death crypt had undoubtedly been built after he had finished his work there. He expressed himself as confident that it did not exist on June 3, 3 or 4.

George F. Nelle, a prisoner in the County Jail, awaiting trial on a charge of rifling a telephone box in Venice, told Superintendent of Investigation Johnson of the Nick Harris Detective Agency yesterday that the crypt did exist in the early part of June, probably after Heitzman ceased working at the Denton home, and that it had aroused his curiosity. He said he had carried a box-like trunk and two empty barrels into the dark basement and that Mrs. Peete unlocked the basement door for him.

"She always kept it locked," he said, "and she was the only person who seemed to have a key to the basement. I noticed the partition and wondered why it did not have a door as ordinary closets do. I noticed no doorknob or lock on the closet. Nor did I see any dirt in the basement."

This last statement of Nelle's indicates that the dirt was shoveled into the crypt before Nelle's first visit to the basement, which was only a few days after Heitzman's last day spent at the Denton home, which was June 4.

MURDERED WHILE ASLEEP.

"J. C. Denton was murdered in bed, while asleep, and without a chance to make a fight for life."

This opinion was expressed yesterday by L. A. Best of Phoenix, who arrived in Los Angeles to assist the other relatives of the murdered mining man and the authorities in clearing up one of the most baffling murder mysteries in the annals of the city. He made the statement after visiting the mortuary of Garrett & Co. with Judge Avery, the administrator of the Denton estate; Rush Blodget, the attorney for the Arizona heirs, and some of the investigating officers.

"My reasons for saying that Denton was murdered in bed are these," Mr. Best said: "The underclothing found on the body shows distinct signs of having been hastily pulled over a naked body. The other clothing inspected by us today, and a close examination of the manner in which some of the wearing apparel on the body was fastened, lead us to believe that Denton was dressed after he was dead."

The underclothing gave another definite clew to the identity of the body. In the collar band of one garment were found initials "J.C.D." There were other laundry marks, including some in Chinese, made in Arizona. The numeral marks will be checked up by the detectives today.

The pockets of the trousers were turned inside out. In one pocket, the little watch pocket near the belt loop, was found a one-dollar bill.

Mr. Best also identified the trousers as Denton's property. "Denton bought this suit from Vic Hanney, in Phoenix. Let us find the coat and vest now," he said.

West Virginia Banker Pardoned.

WASHINGTON, Sept. 28.—Howard W. Showalter, a banker of Fairmont, W. Va., who was sentenced to five years in Federal prison in 1917 for misapplication of national bank funds, was granted a pardon today by President Wilson.

WANTED CHECKS CHANGED.

H. E. Woods, business friend of J. C. Denton in several mining operations, and Mrs. Woods yesterday were able to throw little light on the Denton murder case on their return to Los Angeles. Both were with Mr. Denton, Mr. and Mrs. Paul Aumont and Mrs. R. C. Peete on a trip to Venice on May 30, three days before the supposed date of the murder. Mrs. Woods also made inquiries regarding the whereabouts of Mr. Denton after his disappearance.

An account of the return to them by Mrs. Peete of two checks drawn to Mr. Denton's order with a request that they be made out in her own name, was given by them. This was almost two months later. The checks were made out to Mr. Denton, they said, and were for $6 and $11, sent to him by H. Ray Woods of Old Trails, Ariz., for rent due. Both were returned in a letter written by Mrs. Peete, they declared, in which she asked that they be made out in her name so that she could pay little bills for work around the house, adding that she could not use them in their present form.

These checks were seen at the Denton home July 24, Paul Aumont, a nephew of the slain man, asserts. He went to the home in search of information regarding his uncle and saw the checks then, he declares, and said to Mrs. Peete that something should be done about them. It was on that date, he states, that Mrs. Peete told him his uncle had been in the city and that his right arm was injured. She also said then, he added, that Mr. Denton told her he was married.

"In searching my memory I cannot recall any circumstance in Mr. Denton's life that would throw any light on the case," Mr. Woods said. "I knew him as a business associate and, of course, when his wife died we were all sorry for him and did what we could. He took us through his house several times after he bought it and we were with him the Sunday before he disappeared.

"We accepted as possible the reason Mrs. Peete gave for his disappearance and did not dream that anything tragic had happened to him. I haven't been associated with him in any business for some time and really know little concerning his private life."

Mrs. Woods scoffed at the Spanish-woman story attributed to Mrs. Peete, who is reported to have said Denton left secretly after trouble with a Spanish or Mexican woman. Admitting that at one time she had believed such an account plausible, Mrs. Woods has changed her mind. Last night she said: "You'll have to show me that it was any woman case."

NURSE ENIGMA TO WOMAN.

[EXCLUSIVE DISPATCH.]

DENVER, Sept. 28.—Mrs. R. C. Peete of Denver, who occupied the residence of Jacob C. Denton, the rich mining promoter whose body was found buried in the basement of his residence in Los Angeles, said tonight she apparently could throw no additional light on the mystery. An anonymous letter to the Los Angeles authorities from "the slayer" of Denton aroused her interest, but she could offer no clew to the writer.

"I can't imagine who is meant," declared Mrs. Peete when asked regarding a nurse whose "man" the anonymous writer professes to be. The letter says that Mrs. Peete is aware of the identity of "the nurse," but she denies it.

Faced with the assertions of investigators that the body must have been carried into the cellar and buried in a secret compartment there while she was a dweller in the house, Mrs. Peete suggested that the corpse may have been taken to the death room and buried while she was away on a trip. She recalled her surprise when on returning home from such an excursion she found all the lights burning and the watchman, the only person known to have a key besides Denton and Mrs. Peete, declared he had not turned them on.

Mrs. Peete stated that she has not reached a decision regarding a trip to Los Angeles. Telegrams sent by Chief of Police Armstrong and herself asking whether she should go there so far have brought no response, she asserted. The woman continues to be carefully guarded by her husband, Richard C. Peete, who has imposed upon a policy of "semi-silence" on the Denton case. He says he will censor every question asked of his wife in connection with the murder case. He would not let her answer queries as to whether there is any truth in the report made to the Los Angeles police that Mrs. Peete sought to buy cement, saying it was for Denton's use and that she retained the keys to the safety deposit box of Denton's, nor will she discuss who signed the three checks cashed by her.

"We decline to answer these questions," said Mr. Peete, "because they are questions that should only come through proper channels—the authorities."

Word was received here today from Los Angeles stating that a Mrs. Muelhausen of this city was a supposed acquaintance of Denton and might throw some light on the mystery. Mrs. Muelhausen, however, declares she never knew him.

Mrs. Muelhausen is the wife of Carl Muelhausen, a salesman, and lives at 1310 Welton street. She and her husband, a former saloon-keeper, recently moved from the North Side.

"I have visited in Los Angeles a number of times," said Mrs. Muelhausen, "but I never heard of Mr. Denton until I read of his murder. I know none of the other people whose names have been mentioned in newspaper reports of the mystery."

DATE IS FIXED OF SLAYING.

(Continued from Ninth Page.)

and Cato spent most of the day checking up on statements and facts turned over to the police during the first two days of the investigation. Detective Cline stated at a late hour last night that nothing new had been developed by them.

FIND ANOTHER CLEW.

The Nick Harris detectives, who were instrumental in helping locate William F. Heitzman, the man who carried the dirt into the Denton basement, yesterday uncovered another clew that may help in establishing the exact relations existing between Denton and Mrs. Peete just prior to the murder.

An examination of the closet in which some of Denton's personal belongings were found by the police revealed a price tag from a local store. The store number of this tag was traced by the Nick Harris detectives, but aside from learning that it was apparently sold some time early in June and that it was fixed to a pair of silk hose, nothing definite was obtained so far. Efforts to trace the purchase to the account to which it was charged are now being made.

Secret investigation was made yesterday of the contents of two suit cases filled with belongings of J. C. Denton and kept in the custody of Mrs. M. Tilden, 310 South Alvarado street, until turned over to detectives working on the Denton murder mystery.

According to Mrs. Tilden's account of how she got possession of the suit cases, they were left in her care by Mrs. Peete when the latter left the city in August. One was a large tan leather grip, which contained many private papers, some correspondence and memorandums. Two watches, one a man's and the other a woman's; a leather collar box and a handkerchief folder, both filled with clean linen; a corkscrew, a leather-cased half-pint flask, two or three cartridges, one for an army rifle, and a knit bootee for a baby were in the grip, in addition to the papers.

The second grip was not mentioned by Tilden at the time she told of having the first one, it seems. Neither Attorney Rush Blodget, representing the Denton estate, nor Judge Russ Avery, special administrator, would disclose the contents of the second grip. It was learned, however, that nothing that is regarded of much importance was found.

Mrs. Tilden declared she was employed by Mrs. Peete as a housekeeper, and that Mr. Denton's grips were left with her for safe-keeping. She also has said that the ring which she pawned was given to her for that purpose by Mrs. Peete and that the $200 raised on it was given to Mrs. Peete.

IS SATISFIED.

Attorney Blodget refused to discuss the significance of any developments during the day other than to express himself as satisfied with the progress being made by the police authorities working on the case.

Another denial of the story that Denton had a past out of which grew the reputed quarrel with the "Spanish woman" or an altercation with a Mexican seeking revenge, was contained in a telegram from Kingman, yesterday.

J. C. Denton did own considerable property near Bouse and a real estate office at Parker, but none of the residents there, nor at Oatman, can recall any trouble between Denton and a Mexican and his American partner, the telegram says. A statement that Denton had trouble with a Mexican in Oatman over land which Denton bought cheaply and sold at a much higher price, was given to the police Sunday.

The divorced wife, the daughter, the three nephews and other associates of Denton also denied yesterday that there was any reason to believe a revenge plot of long standing was behind the murder of the rich mining man.

D. W. Hall, who has known Denton for some time was the man who informed Chief Dep. Dist.-Atty. Doran that he met Denton between June 4 and 10. He said Denton, at that time said he had injured his arm in cranking an automobile, and that the arm was carried in a sling.

CUTS MAIL TIME.

A letter postmarked New York City, 5:30 p.m., September 23, was delivered at the residence of William M. Henry, yesterday afternoon, less than five days from the time at which it was mailed in New York. This letter, which came from the Aircraft Manufacturers' Association, was marked "aerial mail" and evidently made the transcontinental trip by airplane, arriving in San Francisco on the 27th inst. in time to catch the evening train for Los Angeles.

A MAN IS JUST AS YOUNG AND STRONG AS HIS BLOOD

No man can fight the battles of life and hold his own if his blood is not pure, for rich red blood is what strength is made of. When you see a strong, vigorous man, who never knows when he is licked, you may wager that such a man has courage and his veins rich, red blood. Many people have thin, poor blood. They are weak, tire easily, become discouraged quickly, and sometimes feel like giving up the struggle. Such folks should take Dr. Pierce's Golden Medical Discovery, which is sold by druggists in liquid or tablet form.

LAND CASE DECISION REVERSED ON APPEAL

IMPERIAL COUNTY ACREAGE DISPUTE IS AWARDED TO DEFENDANT.

Department No. 2, District Court of Appeal, yesterday reversed the judgment of Superior Judge Cole of Imperial county, in a suit involving a large tract of land in that county.

The style of the action was Bonley vs. Bonley against Edwin R. Wilson, F. Bonley against Edwin R. Wilson, Horn, and the lower court found for the plaintiff. This is reversed.

The plaintiff, to whom had been issued a patent to the land involved, sued for a recovery of the premises and to quiet title. The defendant was in possession of the land when, Dec. 26, 1911, on which date he filed in the office of the land department in Los Angeles a declaration of entry. The area was part of a large tract that had been withdrawn from all forms of public entry by the Secretary of the Interior in connection with the Yuma reclamation project.

The court holds that the land in controversy was not subject to such disposition under the act of March 3, 1914. Another point is the decision is that since the United States is the proprietor of the public domain it can dispose of its land only in strict compliance with the terms of the laws enacted by Congress. The court also decided that the patent issued under the patent issued to the plaintiff, and on which she relied, was a defense against the attack of the defendant.

ON A SLAVE CHARGE.

Charged with violation of the Mann Act, Joe Gofferman was arrested at First and Main streets last night by Dep. U. S. Marshal Fowler. He is held in the County Jail without bail pending his hearing before U. S. Commissioner Long.

DEPUTIES ACT.
[BY A. P. DAY WIRE.]
EXICO CITY, Sept. 28.—Mem-
of the Chamber of Deputies
ticipated in Sunday's demon-
ation, during which incendiary
ches were made from the cen-
balcony of the national palace,
be brought before a grand
cording to a decision reached
special session of the Senate yes-
day afternoon. The Senate also
ted resolutions demanding that
overnment employees guilty of

participating in the demonstration be dismissed.

A statement relative to the incident was issued from the Presidential offices last night. The provisional President offered every guarantee to Mexico City newspapers that were threatened during the addresses of radicals. The statement declared that, although the administration sympathized with the legal aspirations of workers, it condemned such sentiments as were uttered by orators.

OUTBREAK SMALL.
[BY A. P. NIGHT WIRE.]
SAN FRANCISCO, Sept. 28.—Another version of the radical demonstration in Mexico City Sunday was contained in a cablegram received today by Lazaro Basch, commercial agent of the Mexican government here, from Gen. J. B. Trevino, Secretary of Industry, Commerce and Labor. It said:

"Please inform the press and public that the information given to the press was greatly exaggerated regarding the Socialistic demonstration Sunday. During the absence of the President and the higher authorities at the national palace some exalted orators began an attack on the press, commerce and the government, but were immediately expelled and dispersed. Mexico City is absolutelyl quiet and no disorders whatsoever have taken place."

OUTBREAK DENIED.
[BY A. P. DAY WIRE.]
SAN ANTONIO (Tex.) Sept. 28.—Denial that there has been a Bolshevik or Communist outbreak in Mexico City is contained in an official dispatch from Dr. Cuthberto Hidalgo, Mexican Foreign Minister, received today by Mexico Consul Beltran here.

CONTESTS SETTLED.
[BY A. P. DAY WIRE.]
MEXICO CITY, Sept. 28.—Contests over governmental control of the States of Michoacan and Aguas Calientes apparently have been settled. Victoriano Modina took over the reins of government yesterday at Aguas Calientes as governor ad interim after Jose de Lara had exercised powers for several days. The latter was accorded the support of Gen. Martin Triana.

Gen. Francisco Mujica, who last week seized the government of Michoacan, arrived in this city last evening after Rafael Huerto had assumed office as governor ad interim at Morelia, the State capital.

Gen. P. Elias Calles, Secretary of War, left Mexico City yesterday, but it was announced he has gone to Lower California. He is accompanying Manuel Balarezo, who recently was named Governor of the northern district of that territory.

BEVERIDGE SPEAKS HERE NEXT MONTH.

[EXCLUSIVE DISPATCH.]
CHICAGO, Sept. 28.—It was announced here today that former Senator Albert J. Beveridge of Indiana will begin his speaking tour of the Northwest, Pacific Coast and Southwest on October 2 at Madison, Wis. He will devote most of his time to the League of Nations, emphasizing especially the evil effects that the covenant, if adopted, would have upon a variety of racial problems in the United States.

Senator Beveridge's itinerary follows closely that of Gov. Cox, it being as follows:

Madison, Wis., October 2; Lincoln, Neb., October 4; Denver, Colo., October 5; Salt Lake City, Utah, October 8; Ogden or Provo, Utah, October 9; San Francisco, October 11; Los Angeles, October 12; San Diego, October 14; Kansas City, Mo., October 18; St. Louis, Mo., October 20; Indianapolis, Ind., October 22; Louisville, Ky., October 25.

THOUSANDS MOURN AT FUNERAL OF SCHIFF.

NOTED PHILANTHROPIST LAID TO REST WHILE EAST SIDE WEEPS.

[BY A. P. NIGHT WIRE.]
NEW YORK, Sept. 28.—Thousands, both Jews and Gentiles, today mourned Jacob H. Schiff, banker and philanthropist, at funeral services conducted at the Temple Emanuel.

While within the synagogue were gathered some of the foremost citizens of the country and State, outside were thousands of men, women and children from the East Side who had come to honor the memory of their benefactor. The services were marked by simplicity—the simple ritual of orthodox Jewry.

In accordance with Mr. Schiff's dying request, no eulogy was delivered.

When the funeral cortege with its flower-banked casket moved down Fifth avenue more than 350 uniformed police and scores of detectives were used to hold back the throng, which stood with uncovered heads. Interment was in Long Island.

EXPLAINS WHY AMERICA CAN'T FINANCE EUROPE.

REASONS FOR NONSUPPORT ARE TOLD INTERNATIONAL FINANCIAL CONFERENCE.

[BY CABLE AND ASSOCIATED PRESS.]
BRUSSELS, Sept. 28.—Roland W. Boyden, unofficial representative of the United States in the International Financial Conference, took the floor of the conference today at the request of several delegates and explained why Europe could not, under present conditions, be considered by the United States as a good business risk.

Mr. Boyden referred to letters from former Secretary of the Treasury Glass to Homer L. Ferguson, president of the Chamber of Commerce of the United States, in which Mr. Glass declared in effect that the United States could not undertake to finance further the requirements of Europe. The letter, Mr. Boyden said, represented the attitude of President Wilson.

PROMINENT WOMAN DIES IN PHOENIX.

[EXCLUSIVE DISPATCH.]
PHOENIX (Ariz.) Sept. 28.—Mrs. Libbie Kirkland, a resident of Arizona about fifty years, is dead of apoplexy. She was born in Santa Rosa, Cal., brought into the Southwest when an infant by her father, Cal Jackson, who came by the Colorado River route and who settled near Prescott.

She married Edward E. Kirkland, a pioneer merchant, who was Territorial Treasurer under the administrations of Govs. Brodie, Kibbey and Sloan, and who died five years ago. A son, the only child, died two years before. Mrs. Kirkland was a prominent member of the Phoenix Woman's Club and was active in the Red Cross during the period of the war. Surviving are two sisters, residents of Yavapai county.

Mrs. Kirkland returned lately from Southern California, where she had spent the summer.

Children Delight in Playing the

AEOLIAN-VOCALION

Because of Its Graduola Feature

The Graduola on the Aeolian-Vocalion is of especial value in training a child's musical taste. With it they can play the records themselves, accenting a note here, modulating a phrase there, and all the time gaining a true sense of rhythm and musical expression without conscious effort.

As a special treat or reward for some task well done, you can allow them to play their favorites with the Graduola, and with it cause the music to come nearer and nearer or fade away to a whisper, as their fancy dictates.

Another Day of Fashion's Pageantry

The verdict is unanimous—the rich assortments of Autumn modes in the new Bedell Fashion Shop set a new record for the Pacific Coast—a new record for all of America.

The Women of Los Angeles

are celebrated, even in Paris, for the smartness of their dress. For this, or any other establishment to attempt to teach them style would be "carrying coals to Newcastle." Yet this new shop is filled with a distinction which is being instantly recognized and commended.

THE purpose of this wonderful new store is to place at the *instant command* of the ladies of this city—at a price which has been stripped of all extravagance—the *very latest* that the world affords.

Daily, by express, there arrive from our New York establishment the newest things as they have just landed from Paris—a never-ending relay of the world's choicest styles.

THIS record-breaking display of Autumn modes is being conducted simultaneously in *fourteen of America's largest cities*—in a big Bedell establishment in each of the cities.

Nothing like it ever has been attempted—and never have prices so felt the influence of multiplied buying power.

YOU are invited to be our guests again today and tomorrow—to visit the Millinery Salon, with its Parisian conceits and fittings—to wander through the Gallery of Gown and Frocks—to see the Casino showing of Suits and Coats and the Boudoir of Blouses.

MAKE a complete tour of inspection—not necessarily to buy, but to be entertained and to form an acquaintance which hereafter will prove an extremely pleasant and profitable one for you.

We wish to reciprocate in every manner possible the very flattering reception which has been extended us. We have been made to feel at home—we want you to feel at home.

Thousands of Suits, Fifty-five to Three Hundred Dollars
Coats, Sixty-five to One Thousand Dollars
Dresses and Frocks, Fifty-five to Three Hundred Dollars
Parisian Millinery, Fifteen to One Hundred Dollars
Blouses of Originality, Ten to Two Hundred Dollars

Bedell
BROADWAY CORNER SIXTH

"BEDELL CITY"

The picture below correctly illustrates how Bedell stores would appear if grouped together—from photographs. Their foundations cover nearly five times the area of grounds occupied by the Capitol at Washington, D. C. New stores are to open in Chicago, Buffalo, Cleveland and Detroit, adding materially to this formidable "Sky Line of Fashion."

POLITICS.

THE WATCHMAN.

TREND OF POLITICAL THOUGHT AND ACTION.

By the Sentry on His Beat.

The selection of Louis M. Cole as vice-chairman of the Republican State Central Committee, in charge of the southern division, is a choice that, I believe, will give eminent satisfaction to all Republicans sincerely interested in the success of the State and national tickets. He has won for himself an exceptional record in public and private undertakings and is an able administrator. As president of the Los Angeles Chamber of Commerce and in the varied field in which his talents have been engaged, he has proved himself entitled to public confidence. Moreover, he is not concerned with the private ambitions of those striving for control of the State committee. It is safe to assume that his work in the campaign will be entirely centered in organizing the Republican vote to elect Harding and Coolidge and the State legislative tickets. With Mr. Cole in the saddle there will be little room for private aspirations that run counter to the party's success. I am told that before he consented to permit his name to be presented as vice-chairman he made it plain that he would work unfettered or not at all.

Mrs. R. W. Richardson, I am told, will fill the office of secretary of this division of the Republican State Central Committee, vice Miss Mary Smith. Mrs. Richardson is also secretary of the Republican County Central Committee. She will probably take up her post today at the Stowell Hotel campaign headquarters.

Mrs. Corinne Roosevelt Robinson, sister of the late President Roosevelt, may include Los Angeles in her speaking tour, according to word I get from the San Francisco Republican campaign headquarters. She is now stumping the Middle West in the interest of Harding and Coolidge, and is doing some effective work among the women voters. "America First" is the slogan Mrs. Robinson is using in her campaign addresses.

The War Veterans' League is taking a straw vote among its members on the Presidential and California Senatorial candidates. The poll will be completed on October 2.

Samuel M. Shortridge, Republican candidate for United States Senator, tells me he will emphasize the Asiatic exclusion and tariff issues in the remaining speeches he will make in this campaign. He was well received when he spoke at the Trinity Auditorium meeting last Saturday night, and left Los Angeles confident of his election in November. The drift of sentiment in the south, I am convinced, is strongly with him. He has presented the issues ably and his organized workers tell me that the outlook throughout the State is entirely rosy.

Johnny Costello, secretary to Senator Phelan, loped back into town yesterday from the Imperial Valley with an optimistic report of the Senator's southern prospects. Costello left the Senator's party to keep tab on the local situation. He left Charley Brown, chairman of the local Democratic Campaign Committee, in charge. From Charley came a wire yesterday that the Senator's campaign is rolling along nicely through the Imperial country.

City Attorney Burnell, candidate for the Superior Court, has been drafted by the W.C.T.U. to speak Friday afternoon at the W.C.T.U. temple on "The City's Part in the Fight for Prohibition Enforcement." Burnell, an avowed foe of the demon rum, knows enough about the subject to satisfy the driest appetite, I'm told.

Edward J. Sullivan, who handled part of Samuel M. Shortridge's primary campaign in Los Angeles, writes me that he is going back to Marion shortly to give Senator Harding an optimistic story of the California situation. Mr. Sullivan is convinced that the Republican ticket will carry the State by an overwhelming vote. He thinks Gov. Cox's Pacific Coast tour was something of a flivver.

THE WATCHMAN.

Credit Men's Dinner.

The first fall monthly dinner of the Los Angeles Credit Men's Association will be held at 6 p.m. today at the Jonathan Club. The new president, J. A. Cattell, will lay before the association the plans for 1920 and 1921. F. M. Couch, is a director of the National Association of Credit Men, will report on the annual directors' meeting. Maynard McFie, president of the Chamber of Commerce, will speak on "Business Opportunities." Judge Jackson will discuss the initiative restricting Japanese land holdings, which is Amendment No. 1 on the November ballot.

Science Proves the Danger of Bleeding Gums

Medical science proves that unhealthy gums cause serious ailments. People suffering from Pyorrhea (a disease of the gums) often suffer from other ills, such as rheumatism, anaemia, nervous disorders, or weakened vital organs. These ills have been traced in many cases to the Pyorrhea germs which breed in pockets about the teeth.

Four out of five people over forty have Pyorrhea. It begins with tender and bleeding gums. Then the gums recede, the teeth decay, loosen and fall out, or must be extracted to rid the system of the infecting Pyorrhea germs.

Guard your health and your teeth. Keep Pyorrhea away. Visit your dentist often for tooth and gum inspection, and make daily use of Forhan's For the Gums.

Forhan's For the Gums will prevent Pyorrhea—or check its progress—if used in time and used consistently. Ordinary dentifrices cannot do this. Forhan's will keep the gums firm and healthy, the teeth white and clean.

35c and 60c tubes. All druggists.

LEGION HAS BUSY DAY.

Accepts California Labor Report.

Poppy Adopted as Flower as French Party Enters Into Convention.

Gen. Feyolle, Admiral Sir W. S. Grant and Gen. Wood Address Delegates.

[BY A. P. NIGHT WIRE.]

CLEVELAND, Sept. 28. — The second annual convention of the American Legion today underwent its nine hours a barrage of resolutions and committee reports.

The stand of the Legion regarding organized labor was not mentioned in the report of the committee on resolutions. However, a minority report recommended that the American Legion reiterate its position "that it has no participation in controversies between capital and labor. The American Legion is not opposed to organized labor when it conducts itself, as we believe it usually does, in conformity with law and order."

Heated discussion followed and the minority report was amended to eliminate the last sentence. Still the debate continued, some members holding the position that the American Legion need not make any comment on the subject. Others contended that people censured the Legion because they did not know its exact stand taken on this matter.

CALIFORNIA SUBSTITUTE.

However, a substitute for the minority report was presented by California and adopted, stating "that the convention indorsed the statement recently issued by the national commander, Franklin D'Olier, and accepts that statement as the Legion's interpretation of its position in relation to organized labor."

The attitude of the national committee has been that of "strict neutrality."

The stand of the Legion regarding labor was not brought up. The report of the committee on constitutional amendments reported the work finished by his committee, including recommendations regarding redistricting of the United States, with a vice-commander as an intermediate administrative unit in each district; that no national commander be eligible for re-election, and that past national commanders be made life members of the executive committee.

The last resolution submitted, and unanimously passed, was a message to President Wilson expressing "sincere sympathy for him in his present suffering, and reiterating to him our unalterable determination to support and uphold unswervingly the principles and Constitution of our country."

FRENCH ARRIVE.

By a happy coincidence, just as the poppy had been recommended and adopted as the memorial flower of the Legion, Gen. Marie Fayolle, the representative, and his party, arrived in convention hall. Five minutes of cheering interrupted the meeting. Gen. Fayolle said in part:

"I am acquainted with the high aims of your association, and with the great mission the American Legion has assumed. It intends to perpetuate the glorious remembrance of the dead, to help through all those who came out of the war for liberty, and to keep in mind the sacred love for your country which is the spring of all virtues.

"As long as France and America remain united, we, indeed, would be powerful to disturb the peace of the world!"

CALLS FOR GEN. WOOD.

Admiral Sir W. S. Grant of Great Britain then addressed the convention. As he retired there came cries of "Wood, Wood," for Gen. Leonard Wood, who was in the party. When

BATTLE TO HEAR HARDING.

Great Throng at Wheeling Nearly Overwhelms the Senator.

[BY A. P. NIGHT WIRE.]

WHEELING (W. Va.) Sept. 28.—To a tumultuous crowd which packed the Wheeling Auditorium, while thousands more battled in the streets for admission, Senator Harding laid down tonight a policy of government economy and strict business administration.

From the time of arrival here the Republican nominee was besieged by howling throngs and during the auditorium address his words again and again awakened avalanches of applause.

So dense and tumultuous was the crowd along the line from the Senatorial hotel to the auditorium that both his car and that which carried Mrs. Harding were lost for a time in traffic jams. Mrs. Harding reached the hall first and was given an ovation as she was pushed through crowded aisles up to the platform.

CROWD ON FEET.

When the nominee arrived the crowd rose and cheered for more than a minute.

Previously Senator Harding had made a short talk denouncing one-man government before a crowd who flocked the streets about the hotel. Earlier in the day he had spoken to five crowds around his private car as it came across West Virginia.

Senator Harding told his auditorium audience why he had preferred the front porch campaign.

"It wasn't because I didn't desire to come to you and preach the gospel of Americanism from the Republican standpoint," he said. "I have been doing that all my life; that's why I'm a nominee for President. But I choose to speak from the front porch over at Marion for the very reason that I have encountered in Wheeling today. I didn't like to disappoint anyone. When I came to your city I found the tide of Republicanism running high and there are 30,000 people in Wheeling who want to hear the gospel of Republicanism as I delight to preach it; but only about 5000 of us can crowd in here.

TALK TO ALL PEOPLE.

"One thing I could do in Marion was that I could talk to virtually all of the American people through the medium of the great American press.

"I think the American people have heard. I know they have heard up in Maine, and I think they have heard everywhere and have re-

opinion on whether the checks believed to be forgeries really are forgeries," he said.

"In case it is determined that the checks are forged, I shan't let grass grow under my feet until proper action is taken."

That the body was that of Denton was accepted by the investigators after half a dozen of witnesses had examined it and after relatives and others who knew Denton in life checked up little details in dental work, in clothing and in an old injury to the arm received by Denton several years ago.

Denton was killed some time after June 3, and not later than June 5, it developed from the statements of witnesses found by the detectives. At the same time a puzzling feature was added to this phase of the case by the discovery of a witness who told Chief Dep. Dist.-Atty. Doran that he saw Denton on the street some time between June 4 and 10, and that Denton had his arm in a sling. Until further testimony tending to disprove the present facts is produced, the officials are inclined to disregard this statement on the ground that the witness is probably mistaken in his dates.

The approximate date of the murder was fixed by two men, whose stories corroborate each other. One is Dwight Dale, a former associate of the dead man who said he saw Denton on June 3, alive and well, ready to leave for the East. The other is E. B. Latham, a business man who had an appointment with Denton for June 1. Denton telephoned him he had postponed his trip for two days, and said he would see him before going. Mr. Latham produced a date book kept at the office fixing the date. Statements of Dale and Latham explain the failure of Denton to leave for Phoenix June 2, but at the same time are taken to show that Denton never did leave the city alive.

Fixing the date of the murder is important as it allows the officers to construct their theory of the crime. The only thing now missing for this purpose is the exact knowledge of the cause of death. This, it is expected, will be supplied today by the report of Prof. Arthur R. Maas, Coroner's expert, who is making a chemical analysis of the body's viscera.

This report will be made to Acting Coroner Williams today, according to the latest information to the police. While the complete report has not yet been made to the proper officials, it was learned yesterday that announcements of poison having been found in the vital organs of Denton's body were not justified

IDENTIFY DENTON BODY; FIX DATE OF SLAYING.

Real Progress Made in Crypt Murder Investigation; Evidence Piles Up Against Suspects.

The police detectives and county authorities working on the Denton murder mystery made real progress in their investigations yesterday when they established to their complete satisfaction the identity of the body found in the grave in the basement of the home of J. C. Denton on South Catalina street and fixed two dates between which the murder was committed. The first was needed before the motive and other significant sides of the investigation could be accepted. The dates confining the slaying to a definite period are necessary before the corroborative evidence accumulated against certain suspects can be connected with them.

A new and promising angle of the case came to light last night when it was learned that Detective Sergeant Charles A. Jones, the original investigator of the Denton disappearance three months ago, has left for San Francisco in search of important information in and near that city. The nature of the evidence sought by Detective Jones would not be disclosed by the officials in charge of the investigation last night.

Independently of the San Francisco angle, speedy action looking toward arrests in the case was promised by Judge Avery last night. "I have engaged handwriting experts in behalf of the estate to get technical

Attorneys for State Printing Office Employee Make Request.

[BY A. P. NIGHT WIRE.]

SACRAMENTO, Sept. 28.—The State Civil Service Commission was asked by attorneys for Carleton Johnson, head of the proofroom of the State printing department, to drop the charges of insubordination made by State Printer Robert Telfer, whose resignation was tendered to Gov. Stephens last week.

Date for the hearing was reset by the commission for Tuesday morning, next, when it will be announced whether the case will proceed.

Theodore Chester, representing Johnson, told the commission an attempt would be made to secure a hearing for evidence to support charges by Johnson against Telfer that improper conduct among certain women employees of the bill room during the 1919 session of the Legislature was permitted.

BUSINESS BUILDING IS DESTROYED.

Phoenix Fire Does Damage Estimated to be Nearly $250,000.

[EXCLUSIVE DISPATCH.]

PHOENIX, Sept. 28.—Nearly a quarter of a million dollars in damage was done by a fire last night that destroyed the Emporium Building.

Of this sum, with only $35,000 insurance, $140,000 falls upon J. Backstein, owner of a dry goods store that occupied the ground floor.

The building, owned by J. W. Lesuer, was valued at $100,000, with $38,000 insurance. The second floor was occupied by offices and apartments.

The cause of the fire is assumed to have been a short circuit in wiring, in connection with a window display of inflammable goods. The blaze was beyond control when the fire department arrived. The Tempe department came five miles, but was too late to be of any aid.

Wine of France, Our White Muel, Cause Downfall.

[BY A. P. DAY WIRE.]

OMAHA, Sept. 28.—Harry J. Buckeye, who claims to be the son of a wealthy Canadian rancher, surrendered to the police here last night and said that he had been assistant cashier of the Connell State Bank of Connell, Wash., on which he had forged three checks. He claims to be a discharged soldier of the Rainbow Division, having served in every major action of the unit.

When asked why he had passed the checks he said, "it began with the 'red wine' of France and ended with the 'white mule' of the United States."

Believe Revenue Officer Slain by Moonshiners.

[BY A. P. NIGHT WIRE.]

ABERDEEN (Wash.) Sept. 28.—Nicholas Koleski, special officer investigating moonshine cases, was killed some days ago, presumably by moonshiners. Koleski's body was found Sunday in a creek in the woods about two miles south of Aberdeen, covered with planks and grass. The officer was blindfolded. A post-mortem today showed five bullet wounds in the head and body.

REPLY SENT TO TOKIO.

Seeks a Guarantee from Japan.

Wilson Would Incorporate Immigration Question in New Treaty.

Hopes to Influence Vote of California in Pending Referendum.

BY ARTHUR SEARS HENNING.

[EXCLUSIVE DISPATCH.]

WASHINGTON, Sept. 28.—The administration has communicated to Tokio the extent to which it is willing to go in endeavoring to reach a new settlement of the controversy between the United States and Japan over the immigration of Japanese and the holding of land by Japanese on the Pacific Coast.

It is reported that one of the fundamental considerations insisted upon by the administration in that Japanese shall give a new guarantee against the immigration of Japanese, either in the form of an amendment to the existing treaty or to the gentlemen's agreement under which since 1907 Japan has undertaken to prevent emigrations of Japanese laborers to America.

COLBY SILENT AS USUAL.

Secretary of State Colby declined today to affirm or deny this report or to discuss the negotiations with Japan in any respect. The desire of the administration is to maintain complete secrecy of these negotiations until an agreement has been reached, if that proves possible.

The communication of the administration has been taken under advisement by the Japanese government and no intimation of its position thereon has been received here. The matter is believed to have been the subject of conference between Foreign Minister Uchida and Field Marshal Prince Yamagata.

A good deal of surprise would be occasioned were Japan to consent to the incorporation of immigration restrictions in a formal treaty, as the gentleman's agreement was devised to save the face of Japan in this respect. The treaty provides that Japan shall have the right to entry into and residence in the United States and the gentlemen's agreement provides that no Japanese laborers shall be permitted to come here to claim the right.

JAPAN'S OBJECT.

What Japan is understood to be seeking priority at this time is an understanding with the Federal government which shall serve to calm the fears of Japanese domination entertained on the Pacific Coast sufficiently to deter the Californians from voting approval of the proposed new alien land law at the forthcoming election. If such an agreement should be reached this month Japan would seek to induce the administration to bring pressure to bear on the Californians to reject the proposed law in the referendum.

Such a similar move was made with success by Japan when California, in 1919, first proposed the pending amendment. The peace negotiations at Paris were then in progress and Tokio made such forceful representations to the President that he called a halt on the movement in the State Legislature. He caused Secre-

MacSWINEY FED, CHARGED.

Yorkshire "Post" Makes Statement; Two Are Killed in Belfast Riots.

[BY CABLE AND ASSOCIATED PRESS.]

BELFAST, Sept. 28.—Two civilians were shot dead and a number of persons were wounded during a clash between soldiers and a crowd on the Falls Road late today.

LONDON, Sept. 28.—In rebutting the arguments of Lord Mayor MacSwiney's friends that the extreme care given him and the precautions taken against blood poisoning make the duration of his fast less remarkable it is suggested by some of the newspapers that this explanation would not be difficult to accept in his case, but seems illogical when it is considered that there are eleven hunger strikers in Cork who have been abstaining from food for two days longer than MacSwiney.

The Yorkshire Post says: "It is not only asserted that Mayor MacSwiney is being fed, and this by direct orders of dignitaries of his church, but even the name of the sustaining tabloid from which it is alleged he draws sufficient nourishment to remain alive, is given."

MacSwiney passed a better night last night and was, in consequence, a little more refreshed this morning, said a bulletin issued by the Irish Self-Determination League. He was very weak and exhausted, however, and in some pain, the bulletin declared. This is the forty-seventh day of the Lord Mayor's hunger strike.

In his report to the home office, the physician at Brixton prison said: "He is slightly thinner, but otherwise there is no marked change from yesterday. The prisoner is unquestionably growing weaker daily."

PLAN NO REPRISALS.

Reprisals in Ireland are neither connived at nor supported by the government, it was declared tonight by Sir Pamar Greenwood, chief secretary for Ireland, in reply to the storm of criticism which has been raised in the British press over the recent declaration of Gen. Sir Nevill MacReady, commander of the military forces in Ireland, in an interview. He was quoted as saying that the reprisals were not actuated by any set policy of the government, but the situation might become such, if the guerrilla warfare of the Irish republican army continued, that reprisals would be necessary.

"YES, KID, IT'S TRUE," JACKSON

Idol of Little Baseball Fans is Broken When Joe Admits All.

[BY A. P. NIGHT WIRE.]

CHICAGO, Sept. 28.—When Joe Jackson left the Criminal Courts Building in custody of a Sheriff after telling his story to the grand jury, he found several hundred youngsters, ranging in age from 6 to 16, waiting for a glimpse of their former idol. One little urchin stepped up to the outfielder and, grabbing his coat sleeve, said:

"It ain't true, is it, Joe?"

"Yes, kid, I'm afraid it is," Jackson replied.

The boys opened a path for the ball player and stood in silence until he passed out of sight.

"Well, I'd never have thought it," sighed the lad who had stopped Jackson.

PRICE CUTS ON CLOTHES COME LATER.

Retailers Are Now Stocked With High-Priced Goods, Drygoods Official Says.

[EXCLUSIVE DISPATCH.]

NEW YORK, Sept. 28.—Lew Hahn, managing director of the National Retail Dry Goods Association, in an interview today calls attention to the price-cutting wave as it affects the retailer.

"The average store, he says, is well stocked up with goods, for which the previous high prices were paid. It will be impossible for the merchants to make the cuts in prices as indicated by the wholesalers, as thus they would not only lose respective profits, but would be cutting in on their capital as well.

However, he says, retail prices will follow the downward trend of the wholesale prices, so far as conditions will permit.

"With the purchase of new goods," Mr. Hahn continued, "reduced prices will become general in all the stores."

Mr. Hahn advises the retailers to discuss the situation with their customers through advertisements, explaining the exact situation and the reason for present prices.

TO WITHDRAW TROOPS FROM COAL FIELDS.

[BY A. P. NIGHT WIRE.]

CHARLESTON (W. Va.) Sept. 28.—Federal troops on guard duty in the strike zone of the Mingo coal fields will be withdrawn as soon as Sheriff Blankenship makes appointments of 100 deputy sheriffs which meet with the approval of the Mingo County Circuit Court, it was announced today by Gov. Cornwell.

NEW YORK, Sept. 28.—Renewal today of this year's contract between the International Longshoremen's Association and steamship owners now is assured by returns from the referendum vote taken among union members, T. P. O'Connor, president of the association, announced today.

The decision affects more than 100,000 men in Atlantic and Gulf ports.

WHITE SOX INDICTED.

Eight Took Part in Bribe Plan.

Cicotte and Jackson Tell How They Intentionally Let Cincinnati Win.

Implicate Other Players and Tell of the Amounts of Money Taken.

[BY A. P. NIGHT WIRE.]

CHICAGO, Sept. 28.—Indictments were voted against eight baseball stars today and confessions obtained from two of them, when Charles A. Comiskey, owner of the oft-time champion Chicago White Sox, smashed his peanut-chasing machine to clean up baseball. The confessions told how the Sox threw last year's world's championship to Cincinnati for money paid by gamblers.

Seven Sox regulars and one former player had true bills voted against them by the Cook county grand jury. The seven were immediately suspended by Mr. Comiskey. With his team only half a game behind the league-leading Cleveland Indians, the White Sox owner served notice on his seven stars that if they were found guilty he would drive them out of organized baseball for the rest of their lives.

MONEY UNDER PILLOWS.

Officials of the court, desirous of giving the national game the benefit of publicity in its purging, lifted the curtain on the grand jury proceedings sufficiently to show a great hitter, Joe Jackson, declaring that he deliberately just tapped the ball. A picture of one of baseball's most famous pitchers, Cicotte, in tears, and glimpses of alleged bribes of $5000 or $10,000 discovered under pillows or on beds, by famous athletes about to retire.

Around the courtroom at one time or another were some of baseball's greatest leaders, among them John J. McGraw, manager of the New York Giants, awaiting a call to testify tomorrow; and John Heydler, president of the National League, who testified today.

THE MEN INVOLVED.

The exact nature of the information Mr. Comiskey put before the grand jury was not disclosed. The men whom the jury indicted, as a result of testimony unmasked by their owner were:

Eddie Cicotte, star pitcher who waived immunity and confessed, according to court attaches, that he took a $10,000 bribe.

Arnold "Chick" Gandil, former first baseman.

"Shoeless Joe" Jackson, heavy-hitting left fielder.

Oscar "Happy" Felsch, center-fielder.

Charles "Swede" Risberg, shortstop.

Claude Williams, pitcher.

George "Buck" Weaver, third baseman.

Fred McMullin, utility player.

STORY OF CICOTTE.

Cicotte, according to court attaches, told the grand jury he received $10,000 from the gamblers, finding the money under the pillow when he returned to his hotel room on the night before the first game at Cincinnati.

"I refused to pitch a ball until I got it," they quoted him as saying.

Jackson, it was said, testified he was promised $20,000 by Gandil, but received only $5000. Claude Williams, according to the witnesses, got $10,000.

"Buck" Weaver, after learning of his indictment and suspension, denied that he had agreed to help throw any world's series games and that he had received any of the money.

"I batted .333 and made four errors out of thirty chances in the world's series," he said. "That should be a good enough alibi."

While the grand jurors voted their true bills Comiskey, the "old Roman" seated in the midst of his crumbling empire out at White Sox park, issued the telegram suspending those involved, paid off Weaver, Cicotte and Jackson on the spot, and announced that checks for pay due

CLEAN PLAYERS HAPPY BUNCH.

White Sox Not Implicated in Baseball Scandal Hold Dinner

[BY A. P. NIGHT WIRE.]

CHICAGO, Sept. 28.—White Sox players not implicated in the baseball scandal held a celebration at a dinner tonight.

"We've known something was wrong for a long time, but we felt we had to keep silent, because we were fighting for the pennant," said Eddie Collins. "Now it's all over and we are the happiest bunch in the world."

Eddie Murphy, Amos Strunk, "Nemo" Leibold and John Collins also were present. Urban Faber and Ray Schalk, unable to attend, telephoned during the dinner to express their happiness over the "clearing of the atmosphere."

RECORDS OF PLAYERS.

[BY A. P. NIGHT WIRE.]

CHICAGO, Sept. 28.—Following are the playing records of the eight players indicted:

Edward Cicotte, pitcher. Born in Detroit in 1884. Played his first professional baseball when 20 years of age with Sault Ste. Marie. Sent to the Southern League, bought by Detroit and sent back to the minors. Bought by Boston Americans and sold to Chicago in 1912. Married. Lives in Detroit.

Claude Williams, pitcher. Born in 1893 in Aurora. Broke into professional baseball in 1913 with Nashville Southern League team. Given tryout by Detroit and sent to Salt Lake. Purchased by Chicago in 1916. Married. Lives in Atlanta, Ga.

Charles A. Risberg, shortstop. Born in San Francisco in 1894. Played first professional baseball with Vernon Coast League club. Bought by the White Sox in 1916. Married. Home in San Francisco.

George A. Weaver, third baseman. Born at Shave, Pa. Twenty-nine years old. Started his baseball career at Northampton, Mass., in 1910. Played with York in Pennsylvania League. Purchased by Chicago in 1911; farmed to San Francisco and recalled in 1912. Married and lives in Chicago.

Fred McMullin, utility infielder.

ARIZONA G.O.P. GIVES PLATFORM

Council Indorses Republican National Ticket.

Commends Gov. Campbell and His Administration.

Labor Plank Asks Square Deal for All Workers.

[EXCLUSIVE DISPATCH.]

PHOENIX, Sept. 28.—All day the party councils have been working on platforms and party organization, in accordance with the terms of the primary laws. There was unusual secrecy concerning the platforms, both sides fearing that thunder might be stolen by the opposition.

The Republicans released their platform this evening.

DISTINGUISHED LIST.

The Bourbons' subcommittee on platform has an especially distinguished list, including Chairman Joseph Morgan, head of the State organization of the Knights of Columbus; Senator Marcus A. Smith, Secretary of State Mit Simms, their candidate for Governor; Atty.-Gen. Wiley A. Jones and L. D. Clark, editor of the Tucson Star.

INDORSE CAMPBELL.

The Republicans indorse the national ticket and platform, hailing the approach of restoration of constitutional government and the end of autocratic rule. There is strong indorsement of Gov. Campbell and his administration, especially commending the Governor for his stand against the policy of the State Land Department in leasing and disposing of the vast land heritage of Arizona for a song and calling for a clean-up of the land department and an ending of the policy of tieing up these lands in the hands of a chosen few.

Indorsement is also given Ralph M. Cameron and James R. Dunseath for Congress.

There is a call for return to the sound reclamation policy, inaugurated under the administration of President Roosevelt, with recommendation that Congress appropriate for completion of the work of reclamation of arid lands, with preference rights secured to service men and women.

FAITH IN HIGHWAYS.

Faith is declared in the continued construction of highways in Arizona with special reference to roads for national conventions.

Indorsement is given the civil service bill, now before the voters, giving preference to soldiers and sailors, as something that will prevent creation in the future of political machines.

LABOR PLANK.

The labor plank states: "We believe in the application of the square deal to all citizens and to all classes of citizens, and to that end advocate the adoption of all measures tending to bring labor and capital into closer relationship and harmony. We believe in the just rights of labor.

"We believe that the wage-earner is entitled to a commensurate wage, reasonable hours of service, healthful working conditions and a share in determining the conditions thereof which his personal co-operation shall be given in all productive enterprises."

Fever Takes Consular Clerk.

VERA CRUZ, Sept. 28.—Dr. Albert Hedrick, a clerk in the United States Consular Service, died last night from yellow fever.

MAHARG'S STORY OF FIXED GAMES.

[BY A. P. NIGHT WIRE.]

PHILADELPHIA, Sept. 28.—The first, second and final games of last year's world's series were "thrown" to Cincinnati by eight members of the Chicago Americans, according to revelations said to have been made by Billy Maharg, former boxer and well known in local sporting circles.

Maharg's story, as printed today in the Philadelphia North American, says that he and Bill Burns, former American League pitcher, were the first to be approached in the conspiracy.

"I received a wire from Burns from New York the middle of last September, inviting me to take a hunting trip with him down on his ranch in New Mexico," said Maharg. "We were to take Bill James, one of the White Sox pitchers, with us. James had nothing to do with the subsequent events, but, while we were there in a room talking, Cicotte came in and started to talk in a low voice to Burns.

"I heard enough to know that he said that a group of prominent players of the White Sox would be willing to 'throw' the coming world's series if a syndicate of gamblers would give them $100,000 on the morning of the first game.

SAW GAMBLERS.

"When Cicotte left, Burns turned to me and repeated Cicotte's conversation, part of which I had heard. Burns said: 'Do you know any gamblers who would be interested in this proposition?' I said I would go to Philadelphia and see what I could do. Burns said he would have to go to Montreal to close an oil deal and that he would wire me about the progress of the deal.

"I then went to Philadelphia and saw some gamblers. They told me it was too big a proposition for them to handle, and they recommended me to Arnold Rothstein, a well-known and wealthy New York gambler.

"In the meantime Burns and I had returned to New York and I went over again and joined him. We met Rothstein by appointment and put the proposition up to him. He declined to get into it. He said he did not think that such a frame-up could be possible.

"We left Rothstein and hung around New York for awhile. I returned to Philadelphia, thinking that everything was off until I received the following telegram from Bill Burns:

"'Arnold R. has gone through with everything. Got eight in. Leaving for Cincinnati at 4:30.' I wired the next day and joined Burns. He said that after I had left New York he ran into Abe Attell, the fighter, who had gone to Rothstein and fixed things up. Burns said he had seen Cicotte and that eight members of the team were in the deal.

"Attell was in Cincinnati and had a gang of about twenty-five New York gamblers with him. He said they were working for Rothstein.

ATTELL REFUSED TO PAY.

"I had my first suspicion on the morning of the first game, when Burns and I visited Attell. We asked for the $100,000 to turn over to the White Sox players to carry out our part of the deal.

"Attell refused to turn over the $100,000, saying that they needed the money to make bets. He made a counter-proposal that $20,000 would be handed the players at the end of each losing game. Burns went to the Sox players and they seemed satisfied with the new arrangement.

"Burns told me that he saw the players were restless and wanted the full amount. And he was afraid they would not keep up the agreement.

"The players, however, told Burns that, if they lost behind Cicotte and Williams, they wouldn't win for Kerr. So we went to Chicago and bet all of our personal winnings of the first two days on Cincinnati to win the third game. As a matter of fact, the Sox got even with us by winning this game.

"Burns and I lost every cent we had in our clothes. The upshot was that Attell and his gang cleaned up a fortune and the Sox players were double-crossed out of $90,000 that was coming to them."

ABE ATTELL DENIES PART IN SCANDAL.

[BY A. P. NIGHT WIRE.]

NEW YORK, Sept. 28.—Abe Attell, former featherweight pugilist, who has been named as a ringleader in the baseball gambling scandal, said here tonight that he had retained a lawyer to take care of his interests, and that in a day or two he would make a statement that would "shoot the lid sky-high."

"You can say," he said, "that the story placing the responsibility upon me for paying the $100,000 to the White Sox is a lie. It looks to me that Arnold Rothstein is behind the stories. I am surprised at this because I have been a good friend of Rothstein.

"He is simply trying to pass the buck to me. It won't go.

"You can see that some one is trying to make it appear that I was responsible for the deal at the Astor. Well, I can tell you that I was not responsible for it. Maharg's story of the fake telegrams and all the rest, as far as I am concerned, is all bunk."

JAP "SMOKE SCREEN" ALLEGED BY BARROWS.

POSSESSION OF CALIFORNIA LANDS BY ORIENTALS MEANS END, HE SAYS.

[BY A. P. NIGHT WIRE.]

BERKELEY, Sept. 28.—Possession of land in California by Japanese means the doom of the United States, President David P. Barrows of the University of California said in a statement today setting forth his stand on the Japanese question. Japan is raising a "smoke screen" in California to divert attention from what he termed "a bold move" in Asia. His statement follows, in part:

"California is intensely interested in keeping the American citizen on the land. No nation can hold together unless it controls the soil. Therefore, we cannot allow our agricultural lands to pass into the hands of aliens. We are trying to hold a large frontier in California, much larger than people in other sections of the country realize, unless they have visited the Pacific Coast.

"Under the 'smoke screen' which Japan is raising in pretense of domestic agitation in California, she is undoubtedly planning a bold move in either Siberia, Manchuria or Honolulu. She is trespassing upon the sacred rights of China, to all of which we are indifferent.

"We Californians are accused in the East of being sensationalists. We have little sympathy from others, except those who have been or have understand how true California is failing into the hands of the Japanese. However, California sees the menace and is united to oppose it.

"In this connection the University of California is trying to do its part in making life on the farm not only tolerable, but inviting. We can do this if we are attentive in instructing our students toward its merits. The University of California acts as an agent for the rest of the State in an attempt to raise its own standards to that of a great protectorate for its own labor."

WHITE SOX CONFESS FAKE.

Greatest Scandal in Baseball History Shakes American League.

(Continued from First Page.)

the others would be sent them at once. With his voice trembling, Mr. Comiskey, who has owned the White Sox since the inception of the American League, said this was the first time scandal had ever touched his "family" and that it distressed him too much to talk about it.

RUSH OF PLAYERS.

The rush of players to bare their part in the affair started today when Cicotte appeared and asked permission to testify. Cicotte wept, court attaches said, and exclaimed in anguish his sorrow for his two small children as he told how he did his utmost to lose father than win the 1919 world series, after he had "found" $10,000 beneath his bedroom pillow where it had been placed by professional gamblers.

He said he lobbed the ball to the plate so slowly "you could read the trademark on it," in the first game at Cincinnati, when he was taken out of the box after three and two-thirds innings had been played.

THE CONFESSION.

A court official who was present when Cicotte went on the stand described the scene when the star pitcher broke down and cried as he told the jury of his part in the series "fixing."

"My God, think of my children," he cried. Cicotte has two small children.

"I've lived a thousand years in the last year," the court official quoted him as saying.

"I never did anything I regretted so much in my life," the witness added, according to the State official. "I would give anything in the world if I could undo my acts in the last world series. I've played a crooked game and I have lost, and I am here to tell the whole truth."

The story Cicotte is said to have told the jury follows in every essential particular that told in Philadelphia by Maharg last night.

CICOTTE'S STORY.

"In the first game at Cincinnati I was knocked out of the box," Cicotte told the jury, according to the court official. "I wasn't putting a thing on the ball. You could have read the trade-mark on it when I lobbed the ball up to the plate.

"In the fourth game, played at Chicago, which I also lost, I deliberately intercepted a throw from the outfield to the plate which might have cut off a run. I muffed the ball on one occasion. At another time in the same game I purposely made a wild throw. All the runs scored against me were due to my over-deliberate errors. I did not try to win."

Jackson said that throughout the series he either struck out or else hit easy balls when hits would have meant runs.

When Jackson finished his testimony before the grand jury he was taken into custody by a deputy sheriff. A court official said that Jackson testified that he received his money in a Cincinnati hotel and that Risberg and McMullin were the principal "pay-off" men.

JACKSON'S STORY.

Jackson stated that he received his money from Claude Williams.

According to the court official, Jackson testified that, while each player implicated was approached individually, each knew about the others. He said that Cicotte also had testified to this effect.

Jackson also testified that Gandil, Risberg and McMullin were the only clique that existed and that Gandil was the leader of this.

He said that the players thought Gandil had double-crossed them, but afterwards found out it was Abe Attell, who had failed to pay the money he promised.

Last year's world's series records show that in the first inning of the first game he started by hitting Rath, first Cincinnati batter. Daubert followed with a single over second base that sent Rath to third, and he scored when Groh flied to Jackson. Rath beating Jackson's throw to the plate.

CHICAGO TIES.

Chicago tied in the next inning. Kopf putting Jackson on second with a wild throw. Felsch sacrificed him to third and Gandil hit safely in center, scoring Jackson.

The end of Cicotte's pitching and the runs that ultimately won the game were scored by Cincinnati in the fourth inning. All the damage was done with two out. With Kopf on first, Neale and Wingo singled; Rariden, the hard-hitting Cincinnati pitcher, drove a three-base hit to the center-field bleachers. Rath doubled and Daubert singled, the combination resulting in five runs. Wilkinson took Cicotte's place after Daubert's single and Groh fled to Felsch. The final score was 9 to 1.

GAME AT CHICAGO DELIBERATELY THROWN.

The fourth game played at Chicago was also deliberately thrown away, according to the court officials, who heard Cicotte's statement to the grand jury. The Reds won, 2 to 0, Ring, pitching for Cincinnati, holding the American League champions to three hits. Both Cincinnati runs were made in the fifth inning when two of Cincinnati's hits were bunched with a wild throw to first by Cicotte and a bad throw to the plate by Jackson, which the pitcher intercepted and muffed. The play of this inning was sent over the Associated Press wires as follows:

"Roush was out, Schalk to Gandil, the ball rolling half way to the pitcher's box. Duncan was safe when Cicotte threw his drive wide to first, the ball going to the stand and Duncan reaching second. Kopf singled to left and Duncan stopped at third, but scored when Jackson threw wild to the plate. Kopf reached second.

"The official scorer gives Cicotte the error for muffing Jackson's throw. Neale lent one over Jackson's head and Kopf scored. Neale reached second. It was a two-base hit. Wingo out, Ed Collins to Gandil, Neale going to third. Ring drove a vicious grounder that Ed Collins got and threw him out at first. Two runs, two hits, two errors."

The rest of the game was played sharply and so far as the records show, cleanly. Cicotte pitched the nine innings.

CICOTTE A WINNER IN THE SIXTH GAME.

Cicotte's next appearance in the series was in the sixth game when Cincinnati had four victories against one defeat, Richard Kerr, the diminutive left-handed pitcher having shut out the champions in the third game. The veteran hurler, who today confessed the big gambling deal, went through nine innings and held his opponents to seven hits. Chicago won, 4 to 1, hitting Sallee hard in the first five innings. Jackson and Felsch each got two hits and drove in all of Chicago's runs.

Billy Maharg, Philadelphia prizefighter, who last night in Philadelphia, issued a statement connecting Cicotte with the gambling deal and charging that Abe Attell, former fighter, headed the gambling clique, asserted that the Sox were double-crossed by Attell and never received $100,000 which had been promised them. It was late in the series before they found this out, Maharg asserted, as Attell kept postponing the day of settlement, saying he needed the money to bet.

WILLIAMS DEFEATED IN FINAL CONFLICT.

Besides the two defeats registered against Cicotte in the series, three others were chalked up against Claude Williams. The latter, a "side arm" left-hander, was wild in the second and fifth games, which went to the Reds, 4 to 3 and 5 to 0. In the eighth and last game of the series he was found for four solid hits in the first inning and that game and the title of world's champions went to Cincinnati, 10 to 5. Williams's lack of control was generally recorded as the cause of his defeats, the record of the second contest saying:

"While Cincinnati obtained only four hits, these came at opportune times when they had been preceded by bases on balls off Williams."

The fifth game was a shutout triumph for Hod Eller, the big "shine ball" expert of Cincinnati's pitching staff. Only three hits were made off him and he established a world series record by striking out the side in two successive innings.

Four of Cincinnati's five runs were grouped in the sixth inning. Eller doubled, Rath scored him with a single and moved to second on Daubert's "bunt, perfectly laid," as the report of the game said. Williams walked Groh. Roush drove a three-base hit to Felsch's territory, scoring two runners, and tallied himself after Duncan flied to Jackson.

Both Cicotte and Jackson were closeted with the grand jury for a considerable time today. Court officials reported that they told their stories in substantial detail. As they left the room they were taken in custody by detectives and taken away. Their detention was not in the nature of an arrest and it was announced that they would be released later.

Cicotte, who earlier in the day had vehemently denied any part in the alleged plot as described by Maharg at Philadelphia, admitted on the stand, officials of the court said, that the Philadelphian's story was substantially correct.

GANDIL IS ACCUSED BY OTHER PLAYERS.

The court officials also quoted Cicotte as saying that the players had believed that "Chick" Gandil, who, he said, was interested in the dealings with the gamblers, had "doubled-crossed" them and that Maharg's story was the first intimation they had that Attell had "held out" on the $100,000 which had been promised them.

The eight players named in the true bills had been with the White Sox for periods ranging from four to nine years. Cicotte was purchased from Boston in 1912 for the waiver price. Joe Jackson was bought from Cleveland in 1915 for a large sum in cash and some players. Felsch was purchased from Milwaukee of the American Association in 1914; McMullin from Los Angeles in 1916; Risberg from Vernon of the Pacific Coast League in 1916; Williams from Salt Lake City in 1916, and Weaver from York, Pa., in 1911. The purchase price of the eight, paid by Comiskey, represents a tidy fortune.

The investigation by the grand jury will continue until all phases of baseball gambling have been bared, it was said by officials. The investigation started two weeks ago following reports that a game played here August 31 by the Cubs and Philadelphia Nationals was "fixed" and the inquiry into last year's world series came up only as an incident to the other inquiry.

SEVERAL COUNTS ARE PROBABLE IN RETURN.

Assistant State's Attorney Hartley Replogle, in charge of the case, said tonight that indictments to be drawn up tomorrow on today's true bills may contain several counts. The true bills specified but one alleged offense, "conspiracy to commit an illegal act." The penalty upon conviction is one to five years in the penitentiary and a fine of not more than $10,000.

"This is just the beginning," Mr. Replogle said. "We will have more indictments within a few days and before we get through we will have purged organized baseball of everything crooked and dishonest.

"We are going after the gamblers now. There will be indictments within a few days against men in Philadelphia, Indianapolis, St. Louis, Des Moines, Pittsburg, Cincinnati and other cities. More baseball players also will be indicted. We've got the goods on these men and we are going the limit."

Harry Grabiner, secretary of the White Sox, announced that the club would play out the schedule to the end though it had to "employ Chinamen" to fill the vacancies in the team.

COMISKEY MAKES PUBLIC STATEMENT.

Mr. Comiskey tonight made this statement to the Associated Press:

"The consideration which the grand jury gave to this case should be greatly appreciated by the general public. Charles A. McDonald, chief justice and the foreman of the grand jury, Harry Brigham and his associates, who so diligently strived to have and make America's great game the clean sport which it is, are to be commended in no uncertain terms by all sport followers, in spite of what happened today. And, thank God, it did happen. Forty-four years of baseball endeavor have convinced me more than ever that it is a wonderful game and a game worth keeping clean.

"I would rather close my ball park than send nine men on the field with one of the men holding a dishonest thought toward clean baseball—the game which John McGraw and I went around the world with to show the people on the other side.

"We are far from through yet. We have the nucleus of another championship team with the remainder of the old world's championship team."

He named the veterans, Eddie and John Collins, Ray Schalk, Urban Faber, Dick Kerr, Eddie Murphy, "Nemo" Leibold and Amos Strunk, and declared them with addition of Hodge, Falk, Jourdan and McClellan "I guess we can go along and win the championship yet."

OWNER OF YANKEES WOULD DONATE CLUB.

[BY A. P. NIGHT WIRE.]

NEW YORK, Sept. 28.—A telegram offering to place the entire New York American baseball team at the disposal of Charles A. Comiskey, who today suspended seven of his players indicted in connection with alleged fixing of games, was sent tonight to the White Sox club owner by Jacob Ruppert and T. L. Huston, owners of the Yankee club.

The message follows:

"Your action in suspending players under suspicion, although it wrecks your entire organization and perhaps your cherished life work, not only challenges our admiration but excites our sympathy and demands our practical assistance. You are making a terrible sacrifice to preserve the integrity of the game. So grave and unforeseen an emergency requires unusual remedies.

"Therefore, in order that you may play out your schedule, and if necessary, the world series, our entire club is placed at your disposal. We are confident that Cleveland sportsmanship will not permit you to lose by default and will welcome the arrangement. We are equally certain that any technicalities in carrying it out can be readily overcome by action of the National Commission."

OFFER IMPOSSIBLE; COMISKEY PLEASED.

[BY A. P. NIGHT WIRE.]

CHICAGO, Sept. 28.—When told of the offer of the New York Americans to Comiskey to turn their club over to the Chicago White Sox, Harry Grabiner, secretary of the Sox, said:

"Of course, it is impossible, but the offer will bring tears to the old man's eyes."

"It's a splendid offer and one I appreciate from the bottom of my heart, but I'm afraid there is no way I can accept it," said Charles A. Comiskey when informed that Jacob Ruppert and T. L. Huston, owners of the New York Yankees, had offered to place their entire team at the disposal of the Chicago team to replace the men he suspended.

"The league rules definitely say that no trades or transfers can be made after August 31," he explained, "so I know that such an act would not be sanctioned by the league. But it was a wonderful thing for them to do."

President Ban Johnson of the American League could not be reached. When Ray Chapman, Cleveland shortstop, was killed Owen Bush of Detroit offered to transfer to Cleveland. Mr. Johnson said then it could not be done because of the league rule cited by Mr. Comiskey.

WHAT THE WHITE SOX PLAYERS RECEIVED.

According to reports of the testimony of Eddie Cicotte before the grand jury, the White Sox players received the following amounts for their part in "throwing" the series:

Eddie Cicotte, pitcher, $10,000.
Claude Williams, pitcher, $10,000.
Joe Jackson, outfielder, $5000.
"Buck" Weaver, third baseman, $5000.

William Sullivan, an investigator for the State's Attorney's office, tonight told how Eddie Cicotte happened to confess the plot to "throw" the series, which uncovered all the details of the scheme. Sullivan accompanied the club south on this spring's training trip, at Comiskey's invitation, trying to confirm Comiskey's suspicions that the series had been "thrown."

He failed to learn anything definite then, but last Monday night Cicotte came to him, saying:

"I've got a load on my chest."

Sullivan sent him to Comiskey and today the club owner heard his star pitcher's confession. Comiskey directed Cicotte to the club's attorney for advice and the latter, Alfred Austria, took the pitcher before the grand jury, where he unloosed the "load on his chest," with tears of remorse streaming down his cheeks.

Eddie Cicotte and Joe Jackson were not promised immunity from prosecution or extra consideration in return for their confessions today that they had "thrown" world series games, Austrian said tonight.

"Cicotte and Jackson made signed confessions," he said. "Cicotte first signed an immunity waiver which made it possible to indict him on his own evidence. They are liable to prosecution and will be given the same treatment as the other players."

Hartley Replogle, prosecutor of the case, said that "full legal prosecution would follow."

GLEASON CONFIDENT DESPITE SCANDAL.

"We're going to win the pennant and then the world's series in spite of this," Manager Gleason of the White Sox said tonight.

"This thing has come to a head and I'm glad of it," he said. "I've been working on this affair with Mr. Comiskey for a long time and it has kept me under a tremendous strain. I'm mighty happy that it's all cleared up.

"The men on my team now are real men and real ball players and we're going to win the pennant and then the world's series, in spite of this scandal."

GANDIL SOLD HOME HERE A WEEK AGO.

"Chick" Gandil, indicted today in Chicago in connection with the White Sox gambling charges, came here last winter with his wife and bought a home. Early in the spring he left for St. Anthony, Idaho, to manage a ball club, but returned soon, saying his health was better in California. He participated in five games with the Bakersfield team of the San Joaquin Valley Baseball League after returning from Idaho. About a week ago he sold his home and announced he was leaving for New Orleans. Nothing has been heard of him since.

MAHARG WOULD TELL ALL FOR $10,000.

[BY A. P. NIGHT WIRE.]

PHILADELPHIA, Sept. 28.—Billy Maharg, the former boxer, who last night made sensational disclosures regarding the "fixing" of world series games in 1919, tonight accepted the invitation of [illegible] Comiskey, president of the White Sox, to testify at [illegible] a telegram to Comiskey, says:

"I accept your offer to tell what I know about the crooked world series of 1919 and will go to Chicago and testify provided I get a certified check for $10,000," Harvey Woodruff, sports editor of the Chicago Tribune, to be turned over to me after I testify.

PLAN OF FRAZEE TO AID COMISKEY.

[BY A. P. NIGHT WIRE.]

BOSTON, Sept. 28.—H. H. Frazee, president of the American League club, said tonight he believed it would be the duty of each club in the league to give one of its players to the Chicago club in order to help in its rehabilitation, in case the Chicago players indicted by the grand jury are found guilty. Frazee announced that he would make such an offer on behalf of his own club immediately.

Address reply to
Chief of Office,
The Panama Canal,
Washington, D. C.

Mr. Leslie C. Smith,
Secretary, National Association
of Ice Industries,
Chicago, Illinois.

Dear Sir:

The receipt is acknowledged of your letter of the 14th instant, in which you state that information has reached your office that the Government is manufacturing and selling ice on the Isthmus of Panama at two cents per hundred pounds, which amount you believe to be incorrect, and request such data as may be available on the subject.

In reply, you are advised that the latest information which this office has on hand with reference to the sale of ice on the Isthmus is that the retail price for Canal employees was fixed at forty cents per hundred pounds, and price delivered alongside ship is $10.00 per ton.

This office is unable to advise as to the cost of manufacturing ice on the Isthmus, but the statement that it is manufactured and sold there at two cents per hundred pounds is undoubtedly incorrect, as the Panama Canal aims to sell such commodities at a price which will only net a reasonable profit.

Should you desire any further information upon this subject, kindly advise and we will be glad to furnish same if available.

Very respectfully,
(Signed) A. L. FLINT,
Chief of Office

BENJAMIN AGAIN MADE CHAIRMAN

Republican State Central Committee Meets.

South Gets Second, Third and Fourth Places.

Democrats Announce State Executive Committee.

[BY A. P. NIGHT WIRE.]

SAN FRANCISCO, Sept. 28.—Raymond Benjamin of San Francisco was re-elected chairman of the Republican State Central Committee for a two-year term at the first meeting today of the committee since its election at the State convention at Sacramento a week ago.

Other officials chosen were: first vice-chairman, Louis M. Cole, Los Angeles; second vice-chairman, Mrs. Louise Harvey Clarke, Riverside; third vice-chairman, Mrs. Elizabeth Phillips, Porterville; fourth vice-chairman, Mrs. J. B. Hume, Berkeley; secretary, Mrs. Elizabeth Hughes, Oroville; treasurer, Alfred Greenebaum, San Francisco; sergeant-at-arms, Fred E. Stewart, Oakland.

G. M. Francis of Napa was chosen as Presidential elector from the Third Congress District in place of J. F. Brooks of Richmond, disqualified by reason of being a director in a national bank.

DEMOCRATS MEET.

The executive committee of the Democratic State Central Committee was announced here today by F. Ray Groves of Los Angeles, secretary of the parent committee. The membership of the executive committee numbers fifty-seven and its chairman is Robert H. Dewitt of Yreka.

Others in the committee are T. A. Reardon, Louis H. Mooser, J. J. Wilking, J. B. Coulston, William M. Humphreys, John D. Costello, Frank J. Hennessy, Walter Hettman, Sydney H. Van Wyck, Jr., Theodore A. Bell, Thomas W. Hickey, San Francisco; Mrs. Charles L. Donohoe, Oakland; Alfred Harrell, C. A. Barlow, Bakersfield; Francis J. Heney, Santa Monica; E. L. Finley, Santa Rosa; George Vice, Sacramento; H. W. Brunk, Berkeley; Thomas Lee Woolwine, Mary E. Foy, Los Angeles; Mrs. Minnie Fitzgerald, Fresno; William T. Jeter, Santa Cruz; George Beck, Livermore; Paul Leake, Woodland; Morris B. Browne, Sonora; Virginia M. Spinks, Berkeley.

The remaining members of the committee are H. H. McPike, Carl Abbott, W. R. Bunker, Oakland; Thomas F. Mulcahy, Peter J. Haggerty, Hugo K. Asher, Miss Sara Hagan, Thomas J. Powers, Mrs. Nora F. Rasmussen, W. W. Bedford, Joseph T. Curley, Martin I. Tierney, San Francisco; Russell Uhler, Fresno; Charles Donlon, Oxnard; Dr. Z. T. Malabick, Mrs. Mattison B. Jones, Mrs. H. H. Koons, Dr. R. W. Hill, Mrs. W. C. Tyler, Los Angeles; Richard C. Gunning, San Diego; A. W. Bean, Hayward; E. A. Martin, Berkeley; H. H. Dunning, Marysville; Mrs. Jane Anthony, Rio Vista; Josephine M. Fernald, Palo Alto; James W. Sex, San Jose; John Livingston, Auburn; Dr. Mary E. Butin, Madera; L. F. Puter, Eureka; Mrs. M. A. McCarthy, San Mateo.

William G. Irving of Riverside has been named a Democratic Presidential elector to succeed Congressman William Kettner of San Diego, who was disqualified because of his official position. F. Ray Groves, secretary of the Democratic State Central Committee, announced here today.

Groves said that the newly-selected legislative committee of the Central Committee would meet here next Monday afternoon.

Bickerer at a Harding Meet is Released.

[BY A. P. NIGHT WIRE.]

BALTIMORE (Md.) Sept. 28.—Edward A. Ryan, who said he was a lawyer with offices in Worcester, Mass., and Washington, and who was arrested last night after interrupting Senator Harding during the latter's speech with questions about the League of Nations, was dismissed in Police Court today.

No one appeared to press the charge of disorderly conduct against him. G. L. Tait, Republican State chairman, wrote to Police Marshal Carter, declaring that none of those in charge of the meeting had ordered Ryan's arrest.

MARSH WILL MAKE SELF-DEFENSE PLEA.

[BY A. P. DAY WIRE.]

SAN LUIS OBISPO, Sept. 28.—J. R. Marsh, prominent resident of San Luis Obispo, went to trial today on a charge of having murdered Louis G. Terra, his stepson-in-law, July 25. It was indicated that Marsh would plead self-defense.

Marsh is accused of shooting and killing Terra near the back door of the Marsh home while Terra was endeavoring to hire an automobile from Mrs. Marsh.

WILSON SENDS REPLY TO TOKIO.

(Continued from First Page.)

tary of State Lansing to request the postponement of consideration of the legislation on the ground that it would greatly embarrass the President in accomplishing his objects in the peace negotiations. Whether Japan had threatened to bolt his leadership if the President permitted the State to enact the law never was disclosed, but the Lansing cablegram had the effect desired by Japan.

VISIT OF BRYAN.

Almost the first act of the Wilson administration in 1913 was to send Secretary of State Bryan to California to endeavor to dissuade the Legislature from enacting the present alien land law. He failed and the matter was the subject of a prolonged diplomatic correspondence, the end of which was marked by the failure of Japan to achieve her object and by Mr. Bryan's remark to the Japanese Ambassador that "there is no last word between friends."

When in 1916 the relations between the United States and Germany appeared to be nearing the breaking point the Japanese Ambassador went to the White House and lodged so pointed a protest against the Japanese exclusion bill passed by the house that Mr. Wilson caused the Democratic Congress to transform the measure into a law excluding nearly all Asiatics except the Japanese.

"SPECIAL INTEREST."

The Lansing-Ishii agreement in which the United States recognized the "special interest" of Japan in China and on the Asiatic mainland generally was another fruit of Japanese diplomacy in dealing with the Wilson administration. To obtain this semblance of American approval of Japanese designs on China, Japan promised to take a more effective part in the war with Germany.

IMMENSE THRONG GREETS HARDING

(Continued from First Page.)

solved we ought to do two things, first, to put our own house in order and then let the world know that we can manage our own affairs."

Declaring that Democratic extravagance and mismanagement had brought the nation to the brink of financial disaster, Senator Harding said that the Republican party proposed to inaugurate a policy of economy and efficiency that would put the whole Federal government on a sound business basis.

The nominee quoted Treasury Department figures to support his charge of unwarranted expenditures and asserted that one effect of the administration's proposal for a new issue of treasury certificates would be to further handicap the money market and increase the cost of living. He scored President Wilson for his veto of the budget bill passed by the last Republican Congress and promised that a budget system would be one of the first policies inaugurated by a new Republican administration.

"Unless we check the existing system of waste and extravagance," he continued, "we shall run headon into disaster. We have heard during the last few days from the Democratic administration at Washington that it needs money, more money, always more money. And during these same days we have heard from a Democratic candidate that if he is elected to the Presidency he will give to the people of this country a budget system such as the present President, with whom he says he is in accord, rejected last June."

INCREASE OF DEBT.

Senator Harding said the public debt had increased from $24,299,321,467, June 30, to $24,324,672,123, August 31, and that the deficit for the last year would have been nearer three billions than one billion, had not the Republican Congress cut down administration requests for appropriations.

As an illustration of financial inefficiency he quoted Brig.-Gen. H. M. Lord, Director of Finance of the War Department, as saying that the department went into the war without any fixed financial policy, with the result that a dozen bureaus were competing in purchases and driving prices skyward.

Referring to the proposal for a new treasury certificate issue, the Senator declared it was time that the people inquired into the administration's method of financing if the nation was to be saved from serious consequences.

"It is obvious," he continued, "that when the government of the United States offers 5% and 6 per cent for money, the effect is to drive higher and higher the interest rates on industrial and business loans and thereby to increase the cost of doing business and consequently the cost of living.

"These conditions are due either directly or indirectly to the gigantic failure of the Democratic administration to function as a business organization. It has drawn the very life blood from the channels of business to keep itself alive—a process which, if continued, will inevitably produce a collapse of our financial system."

BUDGET BILL.

The Republican budget bill, said the nominee, would have co-ordinated the expenditures of the various Federal departments and bureaus and would have made it necessary for the President to call his Cabinet members into conference, agree on a financial policy, and then adhere to that policy. President Wilson's veto of the bill in the closing hours of the session did not disclose its great constructive features, but was a small detail of partisan politics, and efforts to pass the measure failed because of a filibuster conducted by three Democratic Senators.

Taft's creation of an efficiency commission was lauded by the candidate, who said that had the Democratic administration carried forward the work begun by Taft, much embarassment in war finances and in reconstruction might have been avoided.

"Economy, economy, and still again, economy, must be the watchword of the hour," said Senator Harding. "To spend more than is received in the long run is as fatal to a government as to an individual. There are those who insist that our government is so strong financially that it cannot be wrecked. This is not true, but the way is open to us to give it that strength. It is for us who are called to service to follow that road and for my part I promise to point the way."

Thomas Haverty Company

A notable record of 27 years in the plumbing and heating business in Los Angeles, during which time their expansion has kept steady pace with the city's tremendous growth, briefly suggests the Thomas Haverty's Company's prominence in its field of operations.

The Thomas Haverty Company has recently completed its fine building at Eighth and Maple, which includes a well-stocked salesroom, an Engineering Department and a big capacity warehouse. In addition to its other lines, the Company does a big business in Automatic Fire Sprinklers.

A few of the important contracts on which the Thomas Haverty Company is finishing the installation of the plumbing and heating apparatus are—Pacific Mutual Life Insurance Co. Bldg., State Building at 6th and Olive, L. A. Railway Bldg. at 11th and Broadway, Harold L. Arnold Co., 7th and Figueroa.

In the selection of office furnishings for its new home, the standardized equipment of The Weber Showcase & Fixture Co., plus the well-recognized Weber Service, were the compelling factors which led to its adoption.

The same standardized equipment and Weber Service is available for your needs.

Beveridge of Indiana will begin his stumping tour of the West in the interests of Senator Harding, October 2 at Madison, Wis., it was announced at Republican National Committee headquarters today. His itinerary includes: October 4, Lincoln, Neb.; October 6, Denver; October 8, Salt Lake City; October 9, Ogden or Provo, Utah; October 11, San Francisco; October 13, Los Angeles, and October 14, San Diego.

QUERIES CANDIDATES ON PROHIBITION.

[BY A. P. NIGHT WIRE.]

NEW YORK, Sept. 28.—Senator Harding and Gov. Cox have been asked by Daniel A. Poling, president of the National Temperance Council, whether if elected, they will use their official power to prevent the weakening of the prohibition laws now in effect and their appointive power for their enforcement."

Poling telegraphed his questions to the candidates in the name of the temperance council and Christian Endeavor.

NEW YORK BOOZE HAS SOME KICK.

Drunkenness Arrests Reach Enormous Figures.

Many Offenders Are Charged With Acts of Violence.

Courts Can't Find Where Men Obtain Liquor.

[EXCLUSIVE DISPATCH.]

NEW YORK, Sept. 28.—Whatever benefits may eventually accrue from national prohibition, it was plain from figures made public by Chief Magistrate McAdoo that booze flows gayly on in increasing volume, while the number of arrests for drunkenness in New York City is mounting daily.

The most alarming phase of the situation, however, according to the chief magistrate, is that nearly every case of intoxication appears to be an arrest case, offenders being charged in many instances with acts of violence, such as damage to property and assaults on innocent citizens.

ARRESTS JUMP.

The outstanding feature of the statistics given out by McAdoo is that from 571 arraignments during the first three months following the application of the Eighteenth Amendment the number of arrests for intoxication has jumped to 1395 for the three following months. With the tabulation of figures for July, August and September still incomplete, there are indications, said the chief magistrate, that the number of arrests for drunkenness during this period will be even larger than that of April, May and June of this year.

That these figures approach the predry period can be seen from the data covering 1919. During the first three months of last year there were 1914 arrests. In the second three months there were 1363. A noticeable drop is seen in the third quarter of 1919 because of war-time prohibition going into effect on July 1. During the third and last quarter of 1919 there were 944 and 936 cases of intoxication, respectively, in the municipal courts.

The number fell still lower during the three-month period following January 16 of this year, when the Eighteenth Amendment became effective. In the time between January and March, inclusive, there were only 671 arrests for intoxication throughout the greater city. During the next three months the figures jumped to 1395, as stated above.

WITH WET YEARS.

How these figures compare with those of wet years may be seen from the following: In 1916 there were a total of 19,587 arrests for drunkenness; in 1916 there were 17,078; in 1917 there were 14,182, and in 1918 there were 7284.

"I gather from present developments," commented Chief Magistrate McAdoo, "that the people who drink alcoholic liquors were at first stunned by the prohibition laws, but have gradually adapted themselves to the situation and have found a way to get what they want. There is evidence that the drinker is getting what he wants and indulging himself to the full, with the result that he is brought into court on charges of assaulting people, breaking windows and smashing property generally. It may be due to the brand of the liquor imbibed.

"In very rare cases can the magistrate find out where the offender got his drinks. When asked, the offender usually replies: 'In a saloon,' 'from a friend,' or 'home brew,' showing a general disinclination to disclose the real source. The wives of many prisoners, however, offer the information that they got it at 'the corner saloon.'"

ROOSEVELT WANTS HARDING'S ATTITUDE.

SAYS CANDIDATE'S STAND ON LEAGUE IS NOT QUITE CLEAR TO HIM.

[BY A. P. NIGHT WIRE.]

CLARKSBURG (W. Va.) Sept. 28.—A demand that Senator Harding state plainly and unequivocally just what his attitude is on the League of Nations was made by Franklin D. Roosevelt, the Democratic Vice-Presidential nominee, in a series of speeches in West Virginia today.

Speaking in many of the towns through which the Republican Presidential nominee passed on his way to Wheeling, Mr. Roosevelt repeated his request, alleging that Senator Harding's previous utterances on the subject have been capable of many interpretations.

"Senator Harding, in his speech at Baltimore last night," Mr. Roosevelt said, "declared he is opposed to going into that League, referring to the League of Nations as it was fashioned at Versailles. The people have a right to know whether he means that specifically that League without reservations, or whether he means that League regardless of what reservations are offered, or whether, as Hiram Johnson pretends to believe, he proposes to scrap the present League altogether."

BRITISH ARMY OFFICER FIGHTING EXTRADITION.

MUST WAIT TILL NOVEMBER FOR DECISION; WANTED IN BOMBAY FOR THEFT.

[BY A. P. NIGHT WIRE.]

NEW ORLEANS, Sept. 28.—Lieut.-Col. Onas Glenn Collins, former British army officer, must wait until November 10 before learning whether he will have to be returned to Bombay, India, to stand trial on the charge of cheating a firm of native jewelers in connection with his alleged possession of a pearl necklace valued at 25,000 rupees.

The continuance was ordered in Federal court today when Collins appeared to oppose extradition by the British government. He was arrested here two years ago at the request of British authorities and since that time has been held at the house of detention, fighting extradition. He was wounded during the World War and later sent by a British firm on a business trip to India.

WASHINGTON, Sept. 28.—Edward Capps, the new American Minister to Greece, reported to the State Department today his arrival at Athens, September 26.

EXPORTS OF COUNTRY SHOWN IN STATEMENT.

NEARLY DOUBLE AMOUNT OF GASOLINE SENT OUT OVER YEAR AGO.

[BY A. P. DAY WIRE.]

WASHINGTON, Sept. 28.—Wheat exports increased in August over July, the Department of Commerce's monthly statement showing that 27,569,923 bushels were shipped out of the country last month, as compared with 23,239,541 in July. Flour exports, however, dropped last month, the August total being 1,106,707 barrels, against 2,403,832 barrels in July.

Cotton exported in August aggregated 146,563 bales, valued at $28,951,562 compared with 479,059 bales valued at $81,343,541 in August, 1919.

Exports of meat and dairy products during August aggregated $24,257,578, against $45,949,713 for the same month a year ago.

Exports of gasoline during August nearly doubled in quantity and more than doubled in value compared with the same month a year ago. During the month 58,661,151 gallons gasoline, valued at $16,093,269, were shipped out of the country, as against 29,587,503 gallons, with $7,321,482, in August, 1919.

For the eight months ended with August, 421,309,099 gallons of gasoline, worth $114,217,452, were exported, compared with 238,253,238 gallons, valued at $53,280,263, for the corresponding period of 1919.

PICKWICK RATE INCREASE.

[BY A. P. NIGHT WIRE.]

SAN FRANCISCO, Sept. 28.—A rate increase of 10 per cent was granted the Pickwick stages, operating between San Francisco and Los Angeles, by the State Railroad Commission here today. Increased cost of labor and the materials was given as the reason for the increase.

THE BRUNSWICK SHOP

We were convinced before, and now our judgment is confirmed by the ever increasing demand for

Brunswick Phonographs

that the **Brunswick** is a Super-Phonograph.

Foreseeing the continued and increasing appreciation of **The Brunswick Phonograph** we have decided to drop all other makes and feature the

Brunswick Phonographs

and **Brunswick Records**

exclusively.

A Famous Invention

that makes **The Brunswick** a super-phonograph is

THE ULTONA

an all-record producer—a turn of the wrist and it plays all makes of records. The Ultona is an exclusive **Brunswick** idea fully covered by patents. It is part of the Phonograph and is not an attachment.

The Rounded Tone Amplifier

is another **Brunswick** feature; built entirely of moulded wood, like a fine violin; its acoustic properties are scientifically perfect, giving tones exquisitely beautiful.

EN SERIES AT BROOKLYN.

...al Commission Reverses ...s Previous Decision.

...bert Dunn of Cleveland ...ds Time to Fix Park.

...er Town Therefore Gets First Three Ball Games.

[BY A. P. NIGHT WIRE.]

...AGO, Sept. 28.—The Na... Commission today reversed its ... yesterday and decided to ... world's series at Brooklyn ... 5, playing three games there. ...ange was made at the request ... Dunn, president of the ... club, who asked more ... to prepare the Cleveland ground ... event his team should win ... American League pennant. ... teams will travel on October ... open in the American League ... winning the pennant, either ... or Chicago, October 2, for ... game series. ... obtains the eighth game ... 4, and will also stage the ... game, if one is necessary, as ... National League yesterday won ... for the final game. If a ... game is played, however, it ... to on October 15 instead of ... 14, as day's intervening ... has been eliminated.

INDIANS NEAR GOAL.

[BY A. P. NIGHT WIRE.]

NEW YORK, Sept. 28.—Cleveland ... was assured of the Ameri... League pennant today by the ... of the Chicago players in ... of the alleged fixing of ... in the world series last year. ... Indians increased their lead ... the White Sox to a full game ... by defeating St. Louis and ... one game to play with St. ... final four with Detroit. ... most of their regulars ... the White Sox, who rested ... will be forced to put a ... team in the field Friday ... last series of three games with ... Cleveland must win one ... more than its rival to retain ... place. ... ision for the Cleveland ... to use Shortstop Sewell, ... of the late Ray Chapman ... of the country for the better part of three weeks, so still considers himself something of a stranger. For the past two years he has coached the Wisconsin State Normal School eleven with considerable success. Sam knows little of conditions in the southern conference, but if the Engineers want a champion eleven he is determined to give it to them, provided, of course, the material is there. And Sam has a determined jaw, not quite as square as Irishman Eddie Mahan of Natick, but convincing nevertheless.

GOOD STICKER.

Ray Call is still sticking around to help out with the coaching situation. Ray's sticking percentage was pretty high last year. Throop walloped all rivals in the conference except Pomona and Occidental, losing to these respectively, by the scores of 21 to 0 and 20 to 6.

With the exception of four men all of last year's varsity is back on the scene of action, said scene being none other than the green turf of Tournament Park, made famous as the arena of the annual East versus West struggle. Some one planted a nice crop of sawdust on the ball infield last spring, and a beautiful patch of blue grass has sprung up to make it in keeping with the rest of the field. It's wondrful what sunshine does in this part of the country.

Reverting to the subject of veterans Capt. Alfred Catlan dispensed the information that Abe Hollinger, the baby guard who made the All-Southern team last year, is the gink the Engineers will miss most this year. Rholon and Klein, with about 190 pounds apiece between them, are expected to keep the position at par.

CAN STEP SOME.

Capt. Catlan is a tackle, and a goldinged good one, the college sharps say. The captain sports a cute little mustache, this apparently being a mark of distinction that goes with the job. At any rate no one else out for the Tech eleven has been detected with one that can be dignified with the name.

In the backfield Tech will have several good men. Gerald Lavagnino is a booter of some power and Mr. Kemp can forward-pass with the best of 'em. Groat and Hickey on the ends are expected to go down in history for their deeds on the tanbark this year.

Whipping this bunch into shape for the U.S.C. game on October 9 is the man's-sized job that Coaches Tenison and Call have ahead of them. Much credit will be theirs if their team holds the powerful Trojan team to a low score.

WHITE SOX RANKS ARE THINNED OUT.

[BY A. P. NIGHT WIRE.]

CHICAGO, Sept. 28.—Followers of the White Sox figured at once on the probable line-up of the team in the three remaining games of the season starting in St. Louis Friday. Information filtering from the club management indicated the following possible line-up:

Faber, Kerr, Wilkinson and Hodge, pitchers.
Schalk and Lynn, catchers.
Jourdan, first base.
Ed Collins, second base.
McClellan, shortstop.
John Collins, third base.
Leibold, right field.
Strunk, center field.
Falk, left field.

On the bench as reserves would be Eddie Murphy, premier pinch hitter of the major leagues; Jonnard and George Lees, catchers; George Payne, pitcher, and several recruit pitchers and minor league fielders who are on trial with the team.

****

in the world's series if the Indians win the American League pennant was granted tonight by Charles H. Ebbetts, president of the Brooklyn National League champions.

Sewell joined the Cleveland team after Chapman's death and his contract was promulgated after the time limit of August 26, making him ineligible for the Inter-League series.

Mr. Ebbett's announcement was in reply to a telegram from President Dunn of Cleveland, in which he made a request to use Sewell. The Brooklyn president said he hoped Cleveland was successful in the American race, in view of the indictment of the Chicago American players.

AIR MAIL PILOT SETS NEW RECORD.

SERIOUS STUFF AT "CAL TECH."

Engineers Think They're in Line for Championship.

Have Designs on All Football Rivals in Conference.

Pluck a New Coach to Further Their Tanbark Deeds.

—BY PAUL LOWRY.

Football at old Throop, now dignified with the more aristocratic title of California Institute of Technology, promises to be a serious business this year. The Engineers have pinched themselves into thinking they are in line for the conference championship.

In pursuance of this happy thought some genius from the institute rushed forth into the wilds of Wisconsin this summer and plucked a brand new coach. This mortal answers to the name of Sam Tenison, a tall, gaunt person built along the general lines of Eddie Mahan of Harvard fame.

PLAYED A BIT.

Sam confesses to having played a bit of football at the Springfield Training School, but doesn't rank himself in the Mahan class. He admits, however, having played against both Harvard and Yale on various and sundry occasions and having been guilty of discreetly rubbing the noses of some of the Crimson and Blue guys in the dirt.

Tenison has only been in this part

WHAT COMISKEY TOLD PLAYERS.

[BY A. P. NIGHT WIRE.]

CHICAGO, Sept. 28.—Alfred S. Austrian, attorney for the club, sent the following telegram to Risberg, McMullin, Jackson, Williams, Felsch, Weaver and Cicotte:

"You and each of you are hereby notified of your indefinite suspension as a member of the Chicago American League baseball club.

"Your suspension is brought about by information which has just come to me directly, involving you and each of you in the baseball scandal (now being investigated by the present grand jury of Cook county,) resulting from the world's series of 1919.

"If you are innocent of any wrongdoing, you and each of you will be reinstated; if you are guilty, you will be retired from organized baseball for the rest of your lives, if I can accomplish it.

"Until there is a finality to this investigation it is due to the public that I take this action, even though it costs Chicago the pennant.

"CHARLES A. COMISKEY."

MINOR LEAGUERS TO PLAY SERIES.

[BY A. P. NIGHT WIRE.]

CHICAGO, Sept. 28.—The minor league baseball championship series will start at Baltimore next Tuesday between St. Paul, American Association champions, and Baltimore, International League pennant winners.

Tournament Park, Pasadena, Becomes Whirlpool of Pigskin Activity.

The young man hanging his right leg pensively in the air is Gerald Lavagnino, who does some of the half-backing for the California Institute of Technology team. Gerald has just delivered himself of a powerful boot, one of the kind that spirals in the air for a while and then nestles unto the turf anywhere from fifty to sixy yards away. Below we have Sam Tenison, the new Tech coach, directing his men in the roll-over practice.

AIR HONORS TO SADI LECOINTE.

Frenchman Captures Famous International Trophy.

American Aviators Have All Sorts of Trouble.

Yankee Aero Club Deplores Unauthorized Protests.

[BY CABLE AND ASSOCIATED PRESS.]

ETAMPES, Sept. 28.—Sadi Lecointe, the famous French aviator, today won the international airplane race for the James Gordon Bennett trophy. He covered the course of 300 kilometers, or 186.4 miles, in 1h. 4m. 17 1-5s. F. P. Raynham, the sole British representative, withdrew after covering the first lap.

DeRomanent, one of the French competitors, withdrew after the second lap. Hirsch, a second Frenchman, withdrew after making 200 kilometers in 48m., 52s.

DeRomanent, after spending twenty minutes in adjustments to his machine, re-entered the race and finished in 1h. 39m. 53 2-5s.

Mal. Scherades shortly afterward also was eliminated, withdrawing after flying 100 kilometers because of ignition trouble. Howard Rinehart, the other American, withdrew soon after starting because of difficulty with the steering mechanism. The Americans thus were out of the race.

NEW YORK, Sept. 28.—The contest committee of the Aero Club of America, in a statement today, repudiated as "unauthorized and deplorable" charges that unfair attempts were made to eliminate the American aircraft in the Gordon Bennett race at Etampes.

Claude H. Collins, president of the Aviators' Club of Pennsylvania, in making public yesterday cablegrams sent by him and C. A. Wright, president of the Aero Club of Texas, stating that another field be selected and rules modified, had asserted that "for some weeks it has been believed that foul means were being taken by foreign entrants to keep America from lifting the trophy."

"The only condition of which the contest committee found it necessary to take cognizance was the state in which the Ayers found the Etampes field. Having protested, we let the matter rest," today's statement said.

ALASKA AIRPLANES ARE STILL FLYING.

[BY A. P. NIGHT WIRE.]

EDMONTON (Alta.) Sept. 28.—Plane No. 4 of the United States Army's Alaska aerial expedition arrived here late yesterday from Jasper, Alta., on the return flight from Nome, Alaska, to New York. Lieut. Ross Kirkpatrick, piloting the plane, said he had not sighted the three other planes of the expedition since they hopped off from Atlin, B. C., several days ago. He plans to continue his flight to Saskatoon, Sask., Thursday.

STINGS BRODIE FOR THE COUNT.

Colima Puts His Man Away in the Second Round.

Loser Unjustly Wails Was Up at Toll of Ten.

Garcia Hangs It on Gossemer in Semi-final-up.

A lightning right clip to the chin, engineered by Bert Collins on a chap named Herb Brodie at Jack Doyle's Hall emporium last night in the second round, put Herbie on his back. The prostrate pugilist turned over and scrambled to a position where he rested on one knee. Ringman Harry Lee counted ten (he may have doled off the count rather fast, but he sure did block last,) and when he shouted ten, Brodie was still on his knee. Lee motioned Colima, winner and as he did so Brodie jumped to an upright position with a look of blank astonishment on his face.

HERB PROTESTS.

He protested in vain—that he had gotten up before the fatal count and was eager on in his prowess by objecting shouts from many of the vast crowd present, but his wail availed him nothing.

Brodie won the first round. In the middle of the session he hooked a right to Bert's jaw that partly staggered Collins. Not long after this blow, Brodie landed another in the same spot and Collins seemed worried. It was Brodie's round.

FIGHTS FAST.

In the second round, however, Collins came back fast and impressively. His second several short right uppercuts that Brodie's head snapped suddenly like a flash, he darted a right flash to the chin and down went Brodie.

Frankie Garcia was a good decision over Eddie Gossman in the semi-final-up. The boys appeared to be afraid of each other and were cautious of leading. Frankie had the school—and fourth session on clever countering and the other two were about splitters.

Al Gruney beat Frankie Haynie, but spoiled his work by much holding on. Just before the end of the fourth round he heavily threw Rogers to the floor and was lucky he wasn't disqualified.

The other bouts were Frankie Haynie over Johnny Meyers; Johnny Woodruff over Young Pasko, and Teddy Butler over Joe Mendoza. George Drew and Jack Oliver fought a draw. It was surely a bird of a scrap and had the spectators on their feet almost throughout the entire four rounds.

CUB FOOTBALL TEAM LICKED BY GOODYEAR.

Aided by the peerless work of Heinie Roth at halfback, the Goodyear football team thanked the southern branch of the University of California team by a score of 21 to 0 yesterday. Roth, Tinsdry and Benton contributed the three touchdowns for Goodyear.

GARDENA WINS.

The Gardena football team defeated San Pedro yesterday on the latter's grounds by a score of 12 to 6. Both teams played good football.

FROM OXY TO POMONA.

A rude jolt to the tanbark prospects of Occidental was administered yesterday when Carlton Needham, who had been counted on for a berth on the Tiger team, silently packed his belongings and departed for Pomona College.

Coach Stanton is not bewailing the loss of Needham so much as the fact that the latter has been assimilating signals and formations of the Tiger eleven for the past two weeks. With Needham's departure to Occidental's bitterest rival Stanton is called upon to change the whole Tiger signal scheme just at a time when the men were beginning to absorb the dope like sponges.

Needham transferred to Occidental from Chaffey Junior College at the start of the fall term this year, and, according to the terms of the conference rules, would have been eligible to play for the Tigers.

The trouble seems to have arisen from the fact that Needham's father wanted his son to attend Pomona, and threatened to let the young man scramble for himself if he failed to follow out the parental wishes. Needham was working in the college Commons, but found this rather irksome along with football practice each night, he told Manager Bill Work of Oxy.

The Tigers and the gridiron representatives of Hollywood High School scrimmaged yesterday afternoon on Patterson Field, several old-time alumni of the Orange and Black institution dropping in to view the proceedings. Among these were Owen Bird, Speedy Rush and Pierce Thomas.

The scrimmage was hot and furious, each side holding the ball as long as it was able to make downs. The play, as was to be expected this early in the season, was loose on both sides.

Stearns-Knight Prices Guaranteed

Advices from the Stearns Factory permit a guarantee of Stearns-Knight prices against a decline before January 1st, 1921.

The factory further advises there is every possibility of a sharp advance the first of the year, due to rising material and labor costs.

Stearns prices always have been based on quality-material and high-class labor costs, plus a reasonable profit. Under no consideration will Stearns standards be lowered to meet a price.

You can buy your Stearns car now with a positive guarantee of no decline in price. Orders for delivery after January 1st will be accepted subject to an increase.

All Horses Are Equal at the Post!

Like yearlings, there is little to choose between the Willys-Knight and a half dozen other high grade cars at the post—it is after they leave it that differences of opinion cease.

Long after the ordinary poppet-valve motor has dropped out of the running for mechanical attention, the famous sleeve-valve motor in the Willys-Knight is still running, running better, running sweeter, running smoother, excelling when other motors are exhausted, accumulating power in the act of expending it, compounding efficiency like interest on a bank balance, improving with the lubricant of use!

SEALS POUNCE ON THE TIGERS.

Visitors Rap Houck Hard in First and Seventh.

Scott for Northerners Goes to Pieces in Sixth.

Relief Heavers Also Touched Up Lively.

BY ED O'MALLEY.

Vernon lost the first game of the final series with the Seals yesterday afternoon at Washington Park, 6 to 3.

The immediate cause of the defeat lies in the fact that Byron Houck was nowhere near himself.

The cinema heaver was the victim of several Texas leaguer hits in the first frame that flowered into runs. Then he settled down and his spitter worked to perfection until the seventh, when the visitors lit on him for three singles and came right back in the eighth for two more.

WHEEZE OFF.

This spelled Houck's undoing and he was relieved by Wheezer Dell in the ninth. Wheeze was way off and in a jiffy had the bags cluttered. Smallwood was then called to the rescue and he soon got his.

Scott was on the firing line for the northerners and got by creditably until the sixth frame, when the Tigers jarred him hard, shooting three runs over the plate and taking the lead. McQuaid displaced Scott in the seventh and he in turn gave way to Cole, who succeeded in holding the fort to the end.

LACK DASH.

The Bengals played listlessly and seemed to lack their usual dash and spirit. They scored their three runs in the sixth inning, as follows: Mitchell was safe at first on Caveney's fumble of his grounder. High singled to right. Fisher hit to Hasbrook, who threw high to Caveney, Mitchell scoring. Chadbourne sacrificed, Scott to Walsh.

Edington smashed one at Caveney, who fumbled, High scoring and Fisher going to third. On a squeeze play Smith hit toward Hasbrook, sending Fisher over the rubber and beating Hasbrook to first. Edington was caught off second, Agnew to Caveney, and De Vormer struck out.

GET A BRACE.

San Francisco started off in the first canto with a brace of tallies on Shick's single, Caveney's and Agnew's Texas leaguers to left center and Fitzgerald's single.

The visitors tied the score in the seventh on singles by Hasbrook, Kamm and Schick and in the eighth made one more on Kennedy's pass, Fitzgerald's single, Walsh being hit by a pitched ball, and Hasbrook's single to right, which scored Kennedy. Fitzgerald, however, was nailed at the plate, Camp to De-Vormer.

The Seals put the game away in lavender in the ninth, when Dell went in to pitch. After Kamm had flied to Chadbourne, Cole singled to center and then Wheeze lost control, passing Schick and Kennedy, filling the bases. Smallwood relieved Wheezer, but Caveney hit the first ball pitched to right, shooting Cole and Schick home. The score:

Club Owners Are Going to Uphold McCarthy in Row

[BY A. P. NIGHT WIRE.]

SAN FRANCISCO, Sept. 28.—A definite alignment of club owners in the Pacific Coast Baseball League to oppose any attempt to force William H. McCarthy of San Francisco from the presidency of the league because of his five-year suspension of Player Rumler of the Salt Lake club following gambling charges, became apparent here today.

Dr. Charles H. Strub, president of the San Francisco club, was credited in the San Francisco Call today with saying that his club will be withdrawn from the league if the movement to reinstate Rumler is successful. J. Cal Ewing, owner of the Oakland club, also announced that he would stand by McCarthy.

A meeting of the directors will be held here Thursday to take final action on the Rumler case. McCarthy was compelled by the league constitution to call the meeting after five of the clubs had signed for the gathering, the Salt Lake club heading the list.

McCarthy announced yesterday that he would resign the presidency of the league if Rumler was reinstated.

JACK ROBINSON IS BEATEN BY SOLDIER.

[BY A. P. NIGHT WIRE.]

BAKERSFIELD, Sept. 28.—Soldier Day of Oakdale last night won the decision over Salinas Jack Robinson in the main event of the Midway Athletic Club's program at Taft. Both weighed in at 150 pounds.

Jess Reed of Los Angeles won a slugging match from Al O'Dowd of Chicago.

Ike Smith of Santa Monica got a draw with Billy Burch of Taft and Joe Miller of Vernon defeated Speedy Stewart of Oakland.

INDIANS ARE NEARER FLAG.

Wallop St. Louis, Increasing Their Margin.

Bagby is Hit Freely, but is Always Steady.

George Sisler Sets Record for Safe Hits.

[BY A. P. NIGHT WIRE.]

ST. LOUIS, Sept. 28.—Cleveland got a step nearer the American League pennant today, defeating St. Louis, 9 to 5, and increasing the lead over Chicago, the runner up, to a full game.

It was the third consecutive defeat administered to St. Louis by the contenders who launched their attack against Bayne in the second inning and finally drove him from the box in the seventh.

Bagby put his club in front in the second inning with a double to right after two were out, driving in two runs, and Cleveland maintained the lead thereafter.

Evans, Speaker, Gardner and Bagby led the assault, the Cleveland leader scoring three runs and driving in two.

It was the thirtieth victory. Bagby has turned in this year and although hit freely, he managed to keep them scattered with the exception of two innings.

Local fans presented George Sisler with a silver service as a mark of appreciation for his work and the popular Brown responded in the sixth with a homer to the pavilion in right field for his 249th hit of the campaign, establishing a new American League record to supplant that of Ty Cobb, who made 248 safeties in 1911. In the eighth inning Sisler made it 250 with a long triple.

Cleveland concludes its series here tomorrow.

HONEYWELL SEEMS TO BE THE LEADER.

[BY A. P. NIGHT WIRE.]

NEW YORK, Sept. 28.—Unofficial reports received late today by the Aero Club of America indicated that H. E. Honeywell of St. Louis was leading in the national balloon elimination race, which started from Birmingham, Ala., last Saturday. It was said the winner of the contest would be announced after a meeting of the club's Executive Committee tomorrow.

Honeywell landed at Thamesville, Ont., and covered an approximate distance of 700 miles. His closest competitors were R. E. Thompson, pilot of army balloon No. 1, who reached Ridgetown, Ont., 690 miles, and Ralph Upson, driver of Goodyear No. 2, who landed at Amherst, O., about 620 miles.

BILL YOUNT BACK FROM HIS TRAVELS.

[SPECIAL CORRESPONDENCE.]

REDLANDS, Sept. 28.—William Yount, crack hurdler of the University of Redlands, returned last night from Antwerp, where he went with the Olympic team. Bill says that he couldn't "cut it," that he went fine up to the fifth hurdle, but that the soft track made him stretch from then on and he lost his speed.

"We did not get the best of treatment and accommodations were certainly the bunk, but we all had a good time," he said. "I believe though the team as a whole would have done a lot better had it been looked after better."

Bill took part in some exhibition meets after the big Olympic races. He says that it was first announced that he had placed in the high hurdles finals, but that later his name was withdrawn.

ANGELS GUSH UP FROM THE REAR.

[BY A. P. NIGHT WIRE.]

SAN FRANCISCO, Sept. 28.—Los Angeles came from behind today, overcame a five-run lead and defeated Oakland, 7 to 5. The Oaks started out by hammering O. Crandall hard, knocking him out of the box in the third inning. His successor, Thomas, clamped the lid down hard and allowed only two hits. The Angels got four runs in the seventh inning on two hits, a sacrifice and four errors. Knight drove in all of Oakland's runs. His home run in the third scored two men ahead of him. The score:

SALEM (Or.) Sept. 28. — La Panza, owned by W. Tryon of Sacramento, Cal., easily won all three heats in the 2:25 trot, main event on the racing program at Lone Oak track today.

In the 2:25 pace, Jessie Kidwell, owned by H. H. Helman of Salinas, Cal., took the first two heats, but lost the third.

Stratford Clothes

Compare—say we

TRY on a Stratford suit before the mirror. See if you don't look better in it than in any suit you have ever worn.

Then look at the suit itself—*inside and out!* Compare the inner construction with that of the suit you are wearing or with any other suit. See if you know of *any* make of clothes that can show such an "inside" as Stratford. See if you know of any make that can show such exquisite quality of detail throughout.

Make this test—this examination and comparison—and you will know what make of clothes gives you the most for your money.

PARKER IN NEW YORK.

AUTHOR SIGNS WITH LASKY'S FOR SERIES OF PLAYS.

By Grace Kingsley.

One by one those famous English authors recently signed up in the Lasky fold are going to New York to take a fresh strangle-hold on art via the pictures. The latest one to arrive there is Sir Gilbert Parker, author of a score of novels, most of which have their locale in Canada.

It is reported that Sir Gilbert is now wearing the British equivalent for the smile that won't come off, due to his pleasure in the way George Melford produced "Behold My Wife," adapted from Parker's novel "The Translation of a Savage," a preview of which the author saw on his arrival in New York.

In fact, so very pleased was Sir Gilbert that he at once signed up a contract with Famous Players-Lasky to write a series of originals for that organization, with the proviso, in fact, that he would write for no other picture concern.

But much as the noted author likes New York, he is a real lover of the West, and October 2 will leave for Hollywood, where he will collaborate with a Lasky director and scenario writer on a big special production for Paramount. On his trip West Parker will be accompanied by Penrhyn Stanlaws, famous artist and illustrator, who has finished his study of motion-picture methods at the Long Island studio of the company.

Probably the next famous author on the Lasky pay roll who will come to New York is Sir James Barrie, who is expected in December; and who will come West before returning to England.

Just to show they meant business when they told Mr. Lasky they wanted to write stories for him, announcement is made of the fact that three of the famous authors signed by the producer have already turned in their first scripts to the London studio of the organization.

Edward Knobloch, is one of these, his story being named "Appearance," which will be directed by Donald Crisp, who lately went to London.

E. Phillips Oppenheim has also sent in his first script, called "The Mystery Road," which will be directed by Paul Powell. And Henry Arthur Jones, probably England's most representative playwright, has completed his initial story for the concern. This is called "The Lifted Veil," which Charles Maigne will direct.

Other interesting announcements from the Lasky studio are to the effect that "The Lifted Veil," following its production in pictures, will be produced as a spoken drama, that David Powell will sail October 9 for England to act as leading man and first member of the permanent stock company that is being established at the London studio of Famous Players-Lasky; and that Eve Unsell is returning from England to become a staff writer under Tom Geraghty at the Long Island studios.

Elsie Ferguson is expected to arrive at the Lasky studios within a few weeks.

What Did She Mean?

A whole bevy of lovely uncladded ladies adorned the J. Gordon Edwards set at the Fox studios yesterday, in a scene in which Betty Blythe and Fritz Leiber were playing the leading roles. Coming off the set, a prim visitor accosted Miss Blythe—

"My dear, wasn't it shocking!"

"Why," answered Miss Blythe whimsically, "I saw nothing to speak of!"

Youngest Bathing Beauty.

The very youngest bathing girl on record was signed up yesterday at the Fox studios. Her name is Beulah Miggins; she is nearly 2 years old, and is the daughter of Mike Miggins, assistant to J. Gordon Edwards.

Miss Beulah is to be featured in Sunshine Comedies as the Sunshine Baby and is to receive a very nice salary. And just so she'll be pleased when she reads this, I'm glad to relate that Miss Miggins is a very shapely young lady with lovely blue eyes and golden-brown curls.

Moreover, she states she will have no double when she does her stunts.

Oh, yes, and in order that she may run true to form as a star I may as well state right here that she is to have her own car and denies the rumor that she is engaged to be married.

That Fairyland Set.

To one who daily has the good luck to look upon beautiful picture sets, this form of entertainment might be expected finally to be somewhat lacking in what the sporting desk would call "kick."

But nobody could possibly gaze

Helene Sullivan, Temporarily leading woman in "The Very Idea" at the Morosco.

upon that wonderful set at the Lasky studio in which Cecil De Mille is staging scenes of "Forbidden Fruit," without getting a delightful sensation as the result of viewing perhaps the most novel set ever built for pictures.

This set shows a scene supposed to represent Fairyland and is made almost entirely of glass. There is a large glass floor and a glass stairway, topped with a glass landing. The sides of the room are also glass, and fifty fountains, big and little, play into glass basins.

The effect, when all is lighted, is quite indescribably beautiful. The set cost $35,000 and yet will be shown on the screen only about three minutes.

Agnes Ayers as Cinderella, Forrest Stanley as Prince Charming, and Kathlyn Williams as the fairy godmother, together with Shannon Day and Julia Faye, also in leading roles, are clothed in regular old fairy-book fashion, lovely to look upon, but difficult to live up to, they declare.

"Just take the matter of sitting down, now," said Miss Ayers yesterday, as she tried to adjust her wide hooped skirts in order to rest a moment after a gruelling two hours of standing still in one place. "I know those people must have had magic powers in order to enable them to sit down without ruining their clothes, not to mention their anatomies. Yes, sir, I believe in fairies after this."

But just to show that the old witch had given Forrest Stanley the evil eye, that handsome young actor yesterday fell through the glass stairway and nearly ruined his fine clothes.

Chaplin Bulletin.

While it is known that Charlie Chaplin means to go to London before coming back to California, and that it is likely he may be gone several months, it is not known for certain whether he has yet left New York. Even so keen a sleuth as Louella Parsons of the New York Telegraph, who always has her divining rod out for such things, is able only to relate that the slippery Charlie is rumored to have sailed for London on the Olympic a few days ago. His friends here profess entire ignorance of his whereabouts.

If It Excites You to Know It:

Pell Trenton is playing the lead in Carmel Myers's Universal picture, "The Orchid."

William D. Taylor has finished the cutting of "The Witching Hour," his latest Realart production.

Stuart Holmes is going to take a hunting trip in the Canadian Rockies following his work in the Metro production, "Passion Fruit." Holmes is out for bear.

Rudolfo Valentino has joined the bearded men's club, via "The Four Horsemen."

Buster Keaton, who has just completed "The Backyard," his fourth two-reel comedy for Joseph M. Schenck to be released through Metro, is to have a short vacation.

Edeson Supports May Allison.

Robert Edeson, gifted star of the speaking stage, has been engaged by Metro to play the leading male role in the forthcoming production of "Are Wives to Blame?" in which May Allison will be starred. Edeson has just completed an engagement in the Morosco production of "Mamma's Affair."

Harry Williams with Fox.

Harry Williams, noted song writer, who lately branched off into the sister art of picture making, has just completed a comedy for Fox and is to start on another almost immediately. But in between times, despite the absence of alcoholic inspiration, Mr. Williams breaks forth into song.

He has just written one which is to be published by Leo Feist, and which has as its subject a man named Joey, who used to be a soak and nobody his whereabouts knew, but now he never leaves home because his wife makes the finest home brew, or words to that effect. The song is to be given a start by being used in a New York production.

Shirley Mason at Home.

Shirley Mason just can't be hampered with hotel life any more. So the Fox star and husband, Bernie Durning, have taken a handsome big house in Beverly Hills, which, beside the usual accommodations, is fitted up with sleeping porches, an aviary, and a swimming pool, as well as with a stable where the star will keep the saddle horse she means to purchase.

Oh, yes, to be sure, Sister Viola Dana is going to move over there with Miss Mason. Those two youngsters wouldn't think of living apart.

Louise Lovely, Too.

And not to be outdone on the house business, Louise Lovely, also a Fox star, and her husband, have purchased a new home on Cahuenga Boulevard, which Miss Lovely is going to explore thoroughly as soon as she finishes her present picture.

Just now she is working night and day, under direction of James Hogan and she says upon honor there are all sorts of cute little sun parlors an things right in her own house that she doesn't know a thing about.

Myrtle Stedman States.

Following a certain unhappy experience lately, Myrtle Stedman, who has been playing the feminine lead in the Goldwyn production of "The Concert," has told friends confidentially that she would never again play in support of a woman star.

"They give you no chance," the blonde actress is reported as saying, and while in a manner they may be nice to you, you haven't an opportunity in the world of really doing any good acting."

So there!

Theda Bara's Affair.

Theda Bara by now must have a perfectly lovely bag of engagement rings. At one time she was supposed to be engaged to a certain business man from New York, but it is reported that when said gentleman at last obtained his final decree of divorce from his former wife and returned to the fair Theda, another man had claimed her attention.

And now it is the director, Charles Brabin, who, by the way, produced "When New York Sleeps," who is rumored to have given Miss Bara a ring. Oh, yes, and after all Miss Bara didn't marry that Pittsburg man at all.

Speaking of Mr. Brabin, there's an interesting story afloat to the effect that both he and Miss Bara, being what is known technically to those who believe in such things as psychics, each very often gets hep to what the other is doing by thought transference, or something like that.

Anyhow, while Miss Bara was in London Mr. Brabin one day got an awful feeling—you know how it is—that Miss Bara was talking to a man with a little brown mustache. I don't know whether the mustache caused him any additional uneasiness or not, but in any case he just had to cable over to find out all about it.

And Miss Bara cabled right back that, yes, she had been talking to a man with a little brown mustache at the precise hour Mr. Brabin had had his psychic hunch.

"But," she added, "he was Sister Lora's husband."

Crawford to go East.

Jess Crawford has been engaged to assume the post of organist at the principal picture theater operated by Balaban and Katz, prominent managers, in Chicago. Mr. Crawford was until recently organist at Grauman's but resigned at the same time that Arthur Kay tendered his resignation as director at that house.

LEAVES FOR EAST.

ELEANOR WOODRUFF CALLED TO NEW YORK.

By Edwin Schallert.

Helene Sullivan has temporarily become leading woman at the Morosco Theater.

A wire yesterday suddenly summoned Eleanor Woodruff to New York, and left the company without a leading woman.

Miss Sullivan was at once asked to fill the vacant place for the remainder of the play's run. She had previously been playing the second principal part and had become so familiar with the lines of the piece that only a few hours' notice was necessary to find her fully prepared to assume Miss Woodruff's role, which she did last night.

As previously announced, Miss Woodruff is to appear in a new play in the East.

Emma Haig Coming.

Emma Haig, the dancer, who is an Orpheum favorite, is to return next week with a new act, "Playtime." Miss Haig is not only well and favorably known here as a dancer, but she has a big social following, and a number of entertainments are already planning for her while she is in the city.

Miss Haig this time is accompanied by Richard W. Keene. Miss Haig has always been noted for the sumptuousness of her wardrobe.

James Kirkwood Star.

Allan Dwan, member of the Associated Producers, has just completed arrangements whereby he intends to star James Kirkwood as soon as Mr. Kirkwood finishes his engagement with Marshall Neilan in two pictures. This announcement was made yesterday by Mr. Dwan.

Mr. Kirkwood first sprang into prominence as a player of individuality, personality and unusual ability in Mr. Dwan's picture, "Luck of the Irish." Since then he has been given leading roles in Goldwyn, Ince, Hodkar and Neilan productions. He has just finished a powerful bit of characterization in "The Forbidden Thing," Mr. Dwan's first production for Associated Producers.

Earlier in his screen career he appeared with Mary Pickford, Norma Talmadge and others, and then he directed Jack Pickford in one of that young star's most successful productions.

Arbuckle Starring Film.

"The Life of the Party," the five-reel comedy starring Fatty Arbuckle is to be released in December, according to latest advices from New York. This is Arbuckle's first starring feature with Famous Players-Lasky, as "The Round-up" was a special production.

Prologue is a Hit.

The prologue to Charles Ray's "Forty-five Minutes from Broadway," which is being used at the Kinema Theater, will probably be generally employed in the staging of the screen feature. This prologue shows the rear platform of a commuters' train on the way from New Rochelle to New York City. During the action the melodies of George M. Cohan are introduced.

By the way, Mr. Ray's initial First National picture is shortly to be followed by his feature, "Nineteen and Phyllis," recently completed. Mr. Ray is preparing to start work on his production of "The Old Swimming Hole," adapted from a Riley poem.

New Musical Director.

Dr. Carols De Mandil, a first prize-winner of the Paris Conservatory has been selected as musical conductor for the new Mission Theater, which will occupy the old location of the Victory on Broadway. Dr. De Mandil was secured by Robert E. Wells, managing director of the Mission from the T. and D. Theater in Oakland. He is a Spaniard by birth, and enjoyed a successful career in concert in Europe.

"Peggy Behave" Continues.

Entering the second week, Owen Davis's farce comedy, "Peggy Behave," presented by the Wilkes Stock Company at the Majestic Theater, played to a capacity house last night. It is quite evident from the enthusiasm displayed by the audience that "Peggy Behave" is one of the chief hits so far produced at the house.

Miss Evelyn Varden in the role of Peggy, Edward Everett Horton, the long-suffering husband, and the entire company swing into the spirit of the play with a zeal.

IN FOURTH WEEK.

The fourth and final week of "The Devil's Passkey" opened yesterday at the Superba Theater, and long lines of waiting patrons provided another tribute to the popularity of Von Stroheim's second photoplay.

In a fearless manner the director has opened the door of Parisian life and painted with a broad stroke the frailties and virtues of men and women, dissecting the motives of human conduct. The glamor of the gay Paris is presented, including the modiste shops and the cafes.

Clyde Fillmore, Una Trevelyn, Maude George, Sam De Grasse and Mae Busch form a very able cast.

CONFUSION IN AUTO INDUSTRY.

Price Readjustment Causes Much Uncertainty.

Twelve Factories Announce No Reduction.

Figures Show Ford Cars Had Advanced 44 Per Cent.

[EXCLUSIVE DISPATCH]

DETROIT, Sept. 28.—Readjustment of automobile prices Tuesday churned its way through twenty-four hours of more confusion and uncertainty than the factories and the trade generally have ever known. At the close of the business day the situation was by no means clear and will not be until the end of the week or later.

Recapitulation of price announcements made since last Wednesday puts the line-up in this shape:

Makes on which prices are reduced—eight.

Makes on which prices are to hold their present level—twelve.

Makes on which prices are raised—two.

FACTORY ANNOUNCEMENTS.

Factory announcements made Tuesday reduced the prices of Willys-Knight and Overland cars from $100 to $200 on various models; reduced Hudson and Essex from $300 to $450, and Studebaker from $125 to $200.

Pierce-Arrow of Buffalo announced a price raise amounting to $500 on some models.

A schedule of price increases and comparisons issued Tuesday by a Detroit manufacturer threw considerable light on the action of the Ford Motor Company last week in making the first reduction. This schedule shows that between Aug. 12, 1918, and Aug. 12, 1920, the price of the Ford car had been increased $300 or 44 per cent, 4 per cent more than any other make.

Chief among the makes the prices of which are to remain at the present level are the entire General Motors group including Cadillac, Buick, Chevrolet, Oakland, Oldsmobile and Scripps-Booth. Dealers and distributors have been advised by their factories that no change in price is contemplated and that the factories will protect the dealers on that basis until July 1, 1921.

PACKARD STATIONARY.

The Packard Motor Company through Vice-President Hills, in charge of distribution, announced that no reduction was expected, and stated that prices would be guaranteed against any reduction before July 1 of next year.

"The company," says Hills's statement, "urges that distributors incorporate in their retail contracts a clause providing for the protection of retail purchasers."

Other factories that have announced that prices will remain stationary are Dodge, Dort, Reo, Saxon, Apperson and Root and Vandervoort. (E. and V. Knight.)

TO GET TITLE TODAY.

Union League Club will Formally Close Y.W.C.A. Building Buy.

The Union League Club, which for the last month has been negotiating for the purchase of the Y.W.C.A. Building, will today secure title to the property, according to Judge Weller, who is president of the organization.

"In addition to the payment of $175,000 for the property the club will spend $75,000 for remodeling and furnishing the building," stated Judge Weller, last night. "At present we have a membership of 1000 and in the near future a campaign will be inaugurated to raise the number to 2500, which is the limit we have fixed."

Judge Weller, who is a candidate to succeed himself on the bench of District Two of the Court of Appeal, embracing the thirteen counties of Southern California, will leave tomorrow for Kern county in the interest of his candidacy. On his return, the latter part of the week, it is expected that contracts for furnishing the new building will be awarded.

GAVE LANDLORD KEY.

Husband Denied Responsibility for Rent, Says Wife; is Divorced.

Nellie C. Wright, who was granted a divorce from Charles O. Wright in Judge Crail's court Monday, testified that she came home one night and found that her husband had given the key of their apartments to the landlord, saying he would not be responsible for the rent.

The trouble seemed to be that the couple made their home with Mr. Wright's sister, who was older than Mrs. Wright and, as she declared, of a dominant character. Mrs. Wright suggested they have a home of their own. Mr. Wright responded that it "was h— living with her anyhow."

COUNCIL ORDERS NEW HOME ZONE ORDINANCE.

As the result of protests made by property owners, the Council Monday instructed the City Attorney to prepare an ordinance creating residence zone No. 9 in the district at Cahuenga and Franklin avenues, Hollywood. While the owners of homes in this district, in their statements to the Council, said they desired all business establishments prohibited from the neighborhood, they particularly asked that the zone ordinance be passed to prevent the establishment of the proposed Hollywood Hospital.

DISPOSE OF ANOTHER FRAUD-PASS CASE.

William H. Stewart, a commercial traveler, admitted in U. S. District Judge Trippet's court yesterday that he had saved about $40 by traveling on a pass he has secured from Ned Williams, head porter at the Lankershim Hotel, to make the trip from Los Angeles to Phoenix and Tucson, Ariz. As Williams had some time ago pleaded guilty to illegal use of the pass, the court fined him $50. This disposes of all the defendants in the bogus pass case, with two exceptions. The pass used by Williams was made out in the name of A. O. Jones, claim agent of the Mobil, and Ohio Railway.

STATE CENSUS FIGURES DOWN.

Increases Not So Great as in Preceding Period.

Illinois, New Mexico, Montana, Louisiana Named.

Cook County, With Chicago, Has Big Growth.

[BY A. P. DAY WIRE.]

WASHINGTON, Sept. 28.—Four States, the 1920 populations of which were announced today by the Census Bureau, showed gradual declines in their respective relative increases over preceding decades.

Illinois has a population of 6,485,098, an increase of 846,507, or 15 per cent over 1910. The State is expected to retain its rank as the third most populous State, although its 1920 population shows the lowest relative increase in the State's history.

Montana with a population of 547,593 showed an increase of 171,540 or 45.6 per cent over 1910. This was the State's largest numerical increase, but its percentage increase was the lowest, falling short of its previous lowest relative increase of 1910 by 8.9. The State ranked fortieth in 1910, but has passed New Hampshire in the 1920 rank.

VERMONT IS PASSED.

New Mexico's 1920 population was announced as 360,347, an increase of 32,946, or 10.1 per cent over 1910. The figures show that State to have made the lowest numerical increase since 1850, when the growth was 27,691, and the second lowest relative increase in its history. New Mexico ranked as forty-fourth State in 1910, but passed Vermont in this census.

Louisiana, with a population of 1,797,798, increased 141,410 or 8.5 per cent over 1910. The State showed both its smallest numerical and relative increases since 1870. Its 1920 rank has not been determined.

COUNTY-CITY FIGURES.

Cook county, Illinois, containing Chicago, 3,053,017, increase 647,784, or 26.9 per cent.

Gatesburg, Ill., (revised.) 23,834, increase 1745, or 7.9 per cent, previously announced 23,785.

Hattiesburg, Miss., 12,270, increase 1537, or 13.1 per cent.

Rochester, N. Y., (revised) 295,750, previously announced 295,850.

Toledo, O., (revised) 243,164, previously announced 243,109.

Success Brings its Imitators

The success of the Yellow Cab Company has prompted other cab concerns to deceive the public by painting their cabs yellow.

Whenever you order a cab, "Call a Yellow, Pico 2," look for the taxi-meter, see that the driver is in uniform and get a receipt for your fare. This is your assurance that you will be treated courteously, ride in the best taxicab ever built, not be robbed or overcharged and that any article left in the cab will be returned to you.

You are at the mercy of the driver of any other cab painted yellow, to be charged whatever he pleases and treated in the same manner.

Do not be deceived by our imitators who have no rates posted in their cabs, carry no taxi-meters and whose drivers are not in uniform. For economy, service and civility, "Call a Yellow, Pico 2."

LEAVENWORTH'S SOVIET SYSTEM.

War Department Authorized It, Evidence States.

Mutinies Numerous and Escapes Daily Affairs.

Discipline Flouted by Criminals in Authority.

[EXCLUSIVE DISPATCH.]

CHICAGO, Sept. 28.—Details of America's first soviet system of government, authorized and operated under a secret order of President Wilson's War Department, have just been disclosed.

The whole story of the flouting of arms, discipline and army officers in the prison at Fort Leavenworth by a group of convicted criminals is told in a report filed in the Federal court at Topeka. The report proves that the oft-denied soviet did flourish under government authority in a United States prison. It consists of sworn testimony of prisoners and civilian witnesses, as well as army officers, taken by Department of Justice and other government investigators under an inquiry order entered in Kansas City by Federal Judge John C. Pollock.

The two volumes of typewritten evidence described by one investigator as the most infamous chapter in the history of the War Department show the following:

PRISONERS' COMMITTEE.

That the prisoners' soviet, termed the General Prisoners' Conference Committee, was formed on orders of the Adjutant-General of the Army and operated under an elaborate constitution approved by the commandant and executive officers of the barracks, on June 10, 1919.

That the soviet authorization order was made in January, 1919, at the instance of Frederick R. Keppel, Third Assistant Secretary of War, immediately following a conference between Secretary Baker and Col. Sedgwick Rice, barracks commandant, at which mutinous conditions at the barracks were discussed.

That one mutiny was led by a combination of conscientious objectors and desperate criminals immediately after the release from prison of 113 conscientious objectors on recommendation of Secretary Baker.

That conscientious objectors were quickly removed from all power in the soviet and that real, old-fashioned criminals of the prison shortly became heads of committees in the barracks, compelled removal of numerous guards and instituted a reign of terror through soviet-appointed sluggers.

That thieving, forgery, counterfeiting and liquor manufacturing under soviet protection went on under the eyes of the powerless army officers.

That through the connivance of soviet members passes for prisoners were forged and a general campaign of escape from the barracks was instituted whereby often six to a dozen daily took French leave.

That several mutinies occurred in the prison during the soviet reign, the last one resulting from the refusal to demand that the prison gates be thrown open for all classes of prisoners in the barracks.

That this final challenge of the soviet resulted in the commandant issuing a call for troops, with which the soviet was overturned and the old discipline was restored by means of forty-fives and riot guns.

Whether action will be taken looking to the punishment of these prison criminals who worked under the cloak of the model soviet system is not yet determined. Dist.-Atty. Fred Robertson, to whom Judge Pollock looked for the enforcement of his investigation order, talks guardedly of the situation.

Chicago Landlord Makes the First Reduction of Ten Per Cent.

[BY A. P. DAY WIRE.]

CHICAGO, Sept. 28.—J. A. Greenberg, owner of several apartment buildings, today announced a 10 per cent rent reduction, effective October 1, and stated that a similar reduction will be made next May.

"We are following in the footsteps of the manufacturers who have inaugurated a decline in prices," said Mr. Greenberg.

A large middle western manufacturer of men's collars today announced a 12½ per cent price reduction.

WHO PUT THE SALT IN THE DRINKING WATER?

ANTIOCH CLAIMS USING SACRAMENTO RIVER FOR IRRIGATION DID IT.

[BY A. P. NIGHT WIRE.]

OAKLAND, Sept. 28.—Using the Sacramento River for irrigation has put the salt in Antioch's drinking water, G. S. Nickerson, hydraulic engineer, testified for the plaintiff today in Antioch's $600,000,000 suit against 310 Sacramento Valley farmers in Superior Court here.

The defense countered with the assertion that the waters have been salty for years and offered the reports of the State Board of Health for 1916, 1917 and 1918, which declared that the water was unfit for domestic use without purification.

Nickerson, under cross-examination said that in 1919, rice men diverted nearly two-thirds of the river with the result that the salt content reached a proportion of 900 parts in 100,000 units at the town of Pittsburg, four miles below Antioch. In the fall when the rice men turned the water back into the river, the salt content dropped to 110 parts. The diversion this year has increased the saline content to 1100 parts to 100,000 units, he said.

SIXTH BANKING-HOUSE TO BE TAKEN OVER.

BANK COMMISSIONER TAKES CHARGE OF BOSTON FIDELITY TRUST COMPANY.

[BY A. P. NIGHT WIRE.]

BOSTON, Sept. 28.—Bank Commissioner Joseph C. Allen today took over the affairs of the Fidelity Trust Company. His action marked the closing of the sixth banking institution in this city within two months.

The others were the Hanover Trust Company, of which Charles Ponzi, the financial wizard, was a director and largest individual depositor; the Prudential and Cosmopolitan Trust companies, and two small private banks.

The capital of the Fidelity is $3,000,000 and, according to the latest available statement from the company, had a surplus of $700,000. Its deposits totaled about $13,000,000. James G. Ferguson, its president, is affiliated with several other financial and industrial institutions, as is Edwin T. McKnight, the vice-president.

The latter is president of the State Senate. The Fidelity yesterday invoked the law requiring ninety days' notice for withdrawal of savings deposits. The reasons for the closing of the bank, Commissioner Allen said, were "the steady withdrawal of deposits, and slow and doubtful loans."

FIRE DESTROYS SEED WAREHOUSE IN GILROY

SHIP OWNERS APPEAL TO WILSON FOR HELP.

URGE TRANSFER OF COAST GUARD TO NAVY DEPARTMENT BEFORE WINTER.

[BY A. P. NIGHT WIRE.]

SAN FRANCISCO, Sept. 28.—Leading shiping interests of the Pacific Coast joined tonight in telegraphing an appeal to President Wilson to order the transfer of the Coast Guard to the Navy Department and avoid a needless jeopardizing of life and property.

Declaring that a grave emergency exists with the coming of the winSteamship Association, representing twenty-four companies, beseeched the President not to defer action pending the passage of legislation for the transfer.

"There is not a single cruising cutter between Cape Flattery and the Mexican border at present," the President was told.

"The United States Coast Guard is unable to render adequate assistance to the American Merchant Marine, which has increased from its pre-war status of 2,000,000 to over 10,000,000 tons. The Coast increased have steadily decreased Guard faillities instead of being during this period."

The message was signed by the association for the following companies: Admiral Line, Associated Oil Company, China Mail, Columbia-Pacific, Robert Dollar, E. C. Evans and Sons, General Steamship Corporation, W. R. Grace & Co., Gulf Mail Steamship, Hind, Rolph & Co., Los Angeles-Pacific Navigation, Luckenbach Steamship Company, Matson Navigation, McCormick and McPherson, Oceanic Steamship Company, Pacific Mail, Standard Oil, Struthers and Dixon, Inc., Sudden and Christenson, Swayne and Hoyt, Inc., Thorndyke-Trenholme Company, Inc., Union Oil, Frank Waterhouse & Co, Williams, Dimond & Co.

A BRIEF DESCRIPTION OF THE HOUSE

This exceptionally attractive Italian plastered house is located in the South Wilshire district, and contains ten large airy rooms. Both house and double garage are roofed with genuine Spanish Hollow Tile, the enduring quality of which is undisputed. The roomy porch in front and porte-cochere are supported by solid cement plastered pillars. Beautiful grounds with velvety lawns, choice shrubbery and trees, climbers, and a rose garden displaying rare varieties, surround this charming home. Through the stately porte-cochere the double garage is approached by a solid cement driveway.

The floors are of one-inch solid polished oak, and the French windows and doors (with cut glass knobs) are set with plate glass throughout. Entering the large Reception Hall a splendid formal staircase greets the view. The finish of this room, as well as of the Living Room is in solid Juana Costa mahogany, and the decorations and fixtures in perfect harmony. In the **Living Room** is an Art Fireplace, eight feet long, of Bacheller tile, and solid mahogany mantel. Built-in bookcases of mahogany, with cedar shelves, imported Japanese Grass cloth Tiffany wall decorations and wonderful prism-glass electric fixtures contribute to the beauty of this elaborate room, from which one may enter a pergola-patio covered with climbing Wisteria.

The **Dining Room** is of quartered sawed oak, has a fine built-in buffet, bulged bay-effect windows, elaborate fixtures and beautiful decorations. The **Breakfast Room** is finished in old ivory, and through French doors opens onto the patio. The **Kitchen** is a model in all its appointments and finished in white. The **Servants' Quarters**, with bath, are very complete, while the **Laundry** lacks nothing to make it up to date.

Particular attention is directed to the 9-feet-high **Basement** which embraces a large storeroom, and is equipped with a gas furnace, extra large Ruud Heater, and is accessible from the outside.

Upstairs are four master Bedrooms, all tastefully decorated, a Sleeping Porch, Sun Balcony and a modern Tiled Bath Room.

This exceptional house is in perfect condition, is fitted with the very best of hardware, and the architect's plans and specifications become the property of the purchaser.

PARTIAL LIST OF CONTENTS SOLD SEPARATELY

The limited space of an advertisement precludes a detailed list of the furnishings of this charming home, which are to be sold independently of the sale of the house. To give an idea of what will be offered we enumerate the following:

In the **Living Room** are Oriental rugs, paintings, Cloisonne vase, mahogany Milton Baby Grand Piano, mahogany Edison Sheraton-Phonograph, two massive pieces Mulberry Velvet Overstuffed, antique solid mahogany carved Library Table from the White House, overstuffed Rocker, Austrian Bentwood Table, pair of antique Jacobean High-back Chairs hand-carved and numbered, mahogany Costumer, mahogany Hall Clock, large oval Mirror, carved wood Lamp in gold, etc.

In the **Dining Room** a large antique oak Dining Table and Chairs in Stickley, Tea Wagon and Serving Table, Anglo-Indian rug, glassware, etc., in the **Breakfast Room** is a fine Reed Breakfast Set, and in the **Kitchen** a Quick Meal Range and all necessary utensils. The Porch furniture is in hickory, and there are Garden Tools and new hose.

The furnishings in the **Bedrooms** upstairs consist of Brussels, Axminster and Wilton rugs, one antique set solid mahogany, an antique set 4-post Period style in ivory and other ivory furniture, bedding and extra good mattresses, everything perfect as from the store.

WHITE HOUSE SENDS LETTER.

Campaign Document is Mailed to Los Angeles.

ne is in Answer to One from E. M. Schwartz.

n's View on League of Nations Presented.

[BY A. P. DAY WIRE.]

WASHINGTON, Sept. 28.—The public document in the present political campaign to be issued by the White House was made public today. It dealt with the League of Nations and was in the form of a letter to E. M. Schwartz of Los Angeles, written by Secretary Tumulty at President Wilson's direction.

The White House letter was in reply to one to the President in which Mr. Schwartz had declared the forces supporting the Republican ticket were contending that if Article X of the League covenant was ratified the United States "would be bound to support England in holding Ireland under subjection." The letter to Mr. Schwartz follows:

PRESIDENT'S LETTER.

"In reply to your letter of the 20th of September, I beg to say that the identical questions contained in your letter, with reference to Article X and the right of self-determination, found in the covenant of the League of Nations, were placed before the President while he was on his western trip last year, and fully answered by him. The President directs me to call your attention to the following questions and answers given by him to the press at that time, which I think satisfactorily answer your inquiries. The questions and answers are as follows:

"'Question: Under the covenant does the nation obligate itself to assist any member of the League in putting down a rebellion of its subjects or conquered peoples?'

"'Answer: It does not.'

"'Q.: Under the covenant can this nation independently recognize a government whose peoples seek to achieve or have achieved their independence from a member of the League?'

ACTION UNLIMITED.

"'A.: The independent action of the government of the United States in a matter of this kind is in no way limited or affected by the covenant of the League of Nations.'

"'Q.: Under the covenant are those subject nations or peoples only that are mentioned in the peace treaty entitled to the right of self-determination, or does the League possess the right to accord a similar privilege to other subject nations or peoples?'

"'A.: It was not possible for the Peace Conference to act with regard to the self-determination of any territories except those which had belonged to the defeated empires, but in the covenant of the League of Nations it has set up for the first time in Article XI a forum to which all claims of self-determination which are likely to disturb the peace of the world or the good understanding between nations upon which the peace of the world depends can be brought.'

"'Q.: Why was the case of Ireland not heard at the Peace Conference? And what is your opinion on the subject of self-determination of Ireland?'

"'A.: The case of Ireland was not heard at the Peace Conference because the Peace Conference had no jurisdiction over any question of that sort which did not affect territories which belonged to the defeated empires. My position on the subject of self-determination for Ireland is expressed in Article XI of the covenant, in which I may say I was particularly interested, because it seemed to me not for the peace and freedom of the world that a forum should be created to which all peoples could bring any matter which was likely to affect the peace and freedom of the world.'"

CONTROL OF COMPANY DENIED BY CROCKER.

SAYS PATRIOTISM MOVED HIM TO PUT MONEY INTO MAGNESITE CONCERN.

[BY A. P. DAY WIRE.]

SPOKANE (Wash.) Sept. 28.—Denial that he has control of the Northwest Magnesite Company of Valley, Wash., or is seeking to wrest such control from R. S. Talbot of this city, is made in an answer filed in Superior Court here by William H. Crocker, president of the Crocker National Bank of San Francisco, to a suit brought by Talbot for an accounting.

Crocker declares in his answer that he was moved by patriotic consideration when he put his money into the magnesite concern during the war, in view of Austria's control of the world's supply of magnesite and the imperative demand of American steel manufacturers for a supply of the mineral.

Talbot asks in his suit that the Sperry Flour Company be required to repay a $112,000 loan to the magnesite company, and that the sale of Talbot's stock to Crocker be set aside.

LOST OREGON COUPLE CAUGHT IN SNOW, SAFE

[BY A. P. DAY WIRE.]

BEND, Sept. 28.—Mr. and Mrs. Joseph Tuck of Redmond, for whom searching parties had been hunting for three days, made their way out of Grizzly Basin, at the foot of Mt. Jefferson, where they were hemmed in by deep snow, and are safe at home, none the worse for their experience, John Tuck, father of the campers, reported today.

Mr. and Mrs. Tuck made their way out by a round-about trail after searchers had been turned back by recently fallen snow on the summit.

FUNERAL OF ACTRESS DRAWS GREAT CROWD.

OLIVE THOMAS IS BURIED FROM ST. THOMAS' CHURCH, NEW YORK.

[BY A. P. DAY WIRE.]

NEW YORK, Sept. 28.—Funeral services for Olive Thomas, motion-picture star, who died in Paris, September 10, drew such a crowd today that mounted police had to open a path for the cortege. Thousands of theatrical folk and movie devotees tried to crowd into St. Thomas' Episcopal Church, while many others blocked Fifth avenue outside.

Screen stars serving as pallbearers, who followed a squad of police from church to hearse, around which the crowd was thickest, were shoved aside when hundreds sought a glimpse of their movie favorites. Many women fainted in the crush.

More than a dozen automobiles were required to convey floral offerings from the church. The body was taken to Woodlawn Cemetery.

BREAK CHINESE TRADE BOYCOTT.

Complete Resumption of Business With Japs Sure.

New Government Adopts a More Liberal Policy.

Change Will Have Beneficial Effect in Nippon.

BY ROBERT B. ARMSTRONG.

[EXCLUSIVE DISPATCH.]

WASHINGTON, Sept. 27.—Authentic information just received in Washington indicates that the barriers against Japanese trade in China are breaking down with the change of government there.

As a consequence, the exporting trade, together with manufacturing and general business, which went to low ebb with the Chinese boycott, has resumed new life, and the Japanese, scenting prosperity again, are thinking on more aggressive lines toward the United States.

Complete resumption of trade and commercial intercourse with China is certain, in the opinion of trade experts here, to restore Japan to a high degree of prosperity and thus accelerate national jingoism to a dangerous point. Already there are intimations that once the Chinese trade is fully restored the Japanese will be in a position to deal more aggressively with irritating questions between that nation and the United States.

CAUSE OF PANIC.

The most important economic development in the Orient in years is this breaking down of the Chinese trade boycott against Japan. This boycott, which was established by the students and guilds of China as a protest against the granting by the Treaty of Versailles of a mandate over the Shantung Peninsula to Japan, has resulted in cutting off 70 per cent annually of the export trade of Japan.

It was due to this extraordinary discrimination to a large extent that Japan succumbed last spring to a financial panic.

The breaking of the boycott comes as an incident to the downfall of the Anfu government in China. This was the government which fostered the boycott on account of old political antagonism to the Japanese policy of territorial expansion. The Anfu regime felt that this policy jeopardized Chinese integrity.

The new government in China is more liberal. Its chiefs are with them. Further, the new administration looks with favor upon the financial consortium which some of the reactionary elements of the old set opposed. The change is expected to bring new vitality to China as a result of this alteration of attitude toward the consortium.

INDUSTRIAL REVIVAL.

For Japan to commence recouping her large export trade with China will assist her materially in reviving industrially, and presumably other nations which deal with Japan will be benefited by the change, as more advantage is to be expected from dealings with a prosperous people than with one embarrassed by industrial depression.

A more liberal administration in China would militate in favor of foreign investments. Many projects which have remained dormant for some time owing to disturbed conditions in China should now be renewed.

The fallen party was a military party and the new regime in China inclines to peace.

The President of China has issued an order directing the complete dissolution of the political organization at Peking known as the Anfu Club, which was defeated by the Chihli forces in the recent disturbance around Peking.

The Anfus were headed by Gen. Tuan Chi Jui, a former Premier and Minister of War. The Chihlis were headed by Gen. Tsao Kun, Governor of Chihli province, with the assistance of Gen. Wu Pei Fu and Gen. Chang Tso Lin, in the campaign that swept the Anfu troops away from the Peking section of China. Tsao Kun and Chang Tso Lin, who is military inspector at Manchuria and military governor of the province of Feng Tien, are now in Peking, where they are in frequent conference with the President.

WOULD ELIMINATE BAY CITY FERRIES.

REAR-ADMIRAL JAYNE PROPOSES PLAN TO USE GOAT ISLAND FOR CUT-OFF.

[BY A. P. NIGHT WIRE.]

SAN FRANCISCO, Sept. 28.—A proposal for the elimination of ferryboats between the San Francisco and Oakland passenger terminals on San Francisco Bay, and the substitution of a cut-off to Goat Island from the Oakland side and a tube to San Francisco from Goat Island, was submitted by Rear-Admiral Joseph L. Jayne, commanding the Twelfth Naval District, to a meeting of railroad and civic executives here today. Admiral Jayne proposed that the present suburban pier of the San Francisco-Oakland terminal railways (Key Route) be extended to Goat Island, thus forming a cut-off from Oakland to the island for the accommodation of both the Terminal system and the Southern Pacific.

The plan called further for a union terminal on the island which would accommodate overland as well as suburban traffic. The tube would run from a point on the east side of the island to a point near the San Francisco ferry station.

Mayor John L. Davie of Oakland was named chairman of a committee on organization. He announced he would call a meeting soon to devise ways and means to finance the plan. More than 100 attended the meeting, all the railroads, commercial organizations and municipal governments about the bay being represented.

Admiral Jayne said he had the permission of the Secretary of the Navy to sound public opinion on the project, although the government was not committed to any course.

SUGAR PRICE DROPS AGAIN IN BAY CITY.

[BY A. P. DAY WIRE.]

SAN FRANCISCO, Sept. 28.—Sugar at the refineries was brought to the New York price of $14 a hundredweight here today, marking a decline of $1 in two days. The retail price for the new allotments should be 17 cents a pound here.

The falling off of raw sugar quotations was given as the reason for the decline. The Hawaiian raw quotation now is $10.75 a hundredweight. Further declines may be looked for, the refineries announced.

Society Brand Clothes
FOR YOUNG MEN AND MEN WHO STAY YOUNG

To the young man who will wear his first long trousers this Fall

Don't be worried because your mother will want to come to the store with you.

Mothers are funny that way.

Just explain to her that you want this suit to be a Society Brand Suit because no Society Brand Suit looks like a *first* suit of long trousers.

These clothes are well designed for young men; and to let your first suit be a Society Brand Suit means that you are *started right* in getting clothes.

It's a good thing to get started right in buying clothes—getting clothes that have the right shape and keep it. There are lots of men who would like to be well dressed and who are not because they got started buying the wrong kind of clothes in the wrong way.

Get started right. Buy a Society Brand Suit this time and next time and so on and you will always enjoy the comfort of knowing your clothes are stylish, well tailored and good looking.

POLICE AFTER CAVE MAN NOW.

Accused Husband Sought for Police Court Hearing.

Wife and Mother-in-Law, Who Complained, Not There.

Abduction Case Up; Divorce Pending, Says Lawyer.

Dr. Charles H. Peppers, a physician with offices in the Brockman building, who was charged with battery as a result of the asserted abduction of his wife, Mrs. Amelia Peppers, on August 10, yesterday became the object of a search by police officers armed with a warrant for his arrest.

Dr. Peppers, who was released on his own recognizance after arraignment August 11, was ordered to appear in Judge Chesebro's court yesterday, but not only was the defendant absent when the case was called, but so were his attorneys and the plaintiffs, his wife and mother-in-law and their attorneys.

It was learned later that through her attorneys, Mrs. Peppers had decided to dismiss the charge against her husband. A motion had been made to this effect, Mattison B. Jones, one of her attorneys, said later, but Judge Chesebro stated that he knew nothing of it. In the divorce suit that is pending, Attorney Wilson, speaking for Mrs. Peppers, declared that new evidence will be adduced, which Mrs. Peppers thought would obviate the necessity of the prosecution in the Police Court.

In the charge against Dr. Peppers he is accused of having forcibly abducted his wife when she was in the company of her mother and of carrying her in his automobile to Ventura, where Mrs. Peppers said her screams led a police officer to compel him to release her.

Dr. Peppers brought a charge of material interference when arraigned in Judge Chesebro's court, stating that the whole trouble was "too much mother-in-law." He also declared that there was nothing to the "save-man stuff" charges of his wife. He insisted she had gone with him to Ventura willingly and not under force.

USE OF FAMILY HOME AND MONEY FOR WIFE.

Mrs. Louise D. Holland will be allowed $300 a month alimony and the use of the family home, pending the trial of the divorce suit of C. F. Holland, an attorney. Mr. Holland charges his wife with desertion. Mr. Holland filed a cross-complaint. This is the second divorce suit of the couple, the former action having been brought by Mrs. Holland and a decree denied both parties.

WILL TEST SPOONING CAPACITY.

Judge to See if Roadster's Big Enough to Allow Heads to be Put in Laps.

The roadster automobile in which Charles E. Jansen, realty dealer, and Mrs. Augusta Ainsworth are said by Mrs. Maud M. Jansen to have spooned at the beach, will be an exhibit in Judge Jackson's court this afternoon. Mr. Jansen was ordered to have it at the Courthouse at 2 p.m. for inspection.

Testifying about this so-called spooning trip, a detective said that Mr. Jansen and Mrs. Ainsworth kissed and hugged each other? Then Mr. Jansen put his head in Mrs. Ainsworth's lap and the action was reversed by her. The court wants to see whether this maneuver could be accomplished within the confines of a roadster.

Mr. Jansen made a general denial of the declarations of Mrs. Jansen. What happened at Mrs. Ainsworth's house, where he was surprised by Mrs. Jansen and a party of detectives, was detailed by the wife's witnesses.

Mr. Jansen did not deny he was present, but said that Mr. Ainsworth was there also. Mr. Ainsworth corroborated this statement on the stand.

Mrs. Ainsworth took the stand in her own defense, denying the beach and other episodes related by Mrs. Jansen and her witnesses.

Murray Slated to be Acting Police Chief.

Unless Mayor Snyder finds by tomorrow evening a man whom he desires as Chief of Police and who is willing to take the job, Capt. Murray, commanding the general division, will temporarily assume charge of the department, as acting Chief, until the successor to George K. Home is selected. Capt. Murray has many times definitely stated that he will resign from the department rather than permanently accept the position of Chief.

The Mayor was silent yesterday on the status of former Captain of Detectives Paul Flammer and others whose names have been mentioned for the job.

Pending the appointment of a new chief, the Mayor is keeping in touch with all branches of the department, especially the traffic and gambling situations and the Denton murder case. He is conferring with officers and is actively, in fact, the head of the police department.

The Mayor said that he again asked Police Commissioner Wilson to take the job and that Mr. Wilson only barked at him in reply.

STRIKERS LOSE CITY LICENSES.

Penalty for Violence Fixed by Utilities Board.

Two Driver Permits Revoked and One Suspended.

Twin Assaults on Stage Men Are Back of Action.

Two licenses have been revoked and one license suspended by the Board of Public Utilities in cases of striking automobile stage drivers, against whom complaints were recently made by the Motor Carriers' Association.

Those who have been deprived of their licenses are R. B. Sherman and Earl Park, strikers who were charged with having brutally beaten Harry Green, a driver who had not fully recovered from a serious surgical operation at the time the attack was made. The striker whose license was suspended is W. J. Ford, who was charged with having taken up a position on the running board of a machine driven by one of his associates, from which vantage point he struck at a stage driver repeatedly as they sped along a country road. Finally the driver was forced to run the stage into a ditch, where it sprung an axle and tipped over with several women and children aboard.

It was developed at the hearing to the complete satisfaction of the Board of Public Utilities that Sherman and Park waited for an opportunity to assault Green and then "doubled up" on him, one standing him up while the other knocked him down. It was charged that Green was repeatedly knocked down until he fell unconscious.

Drivers now in the employ of the company operating automobile stages between this city and Bakersfield testified that the strikers and their friends have been surrounding stages at Bakersfield and cursing the drivers and spitting upon them. None of the witnesses was able to identify the disturbers, however, and the Motor Carriers' Association agreed to a dismissal of all complaints other than those against Sherman, Park and Ford.

The cases in which licenses were revoked or suspended were under consideration by the board for more than a week, and it developed at Monday's meeting that after the complaints against the strikers were filed, an unusual amount of violence was indulged in by strikers at Bakersfield for several days.

MOURN HANDLEY DEATH

Democratic State Central Committee Members Pass Resolution.

Members of the Democratic State Central Committee, at a meeting held in San Francisco on the 25th inst., passed the following resolution of respect upon the death of Lorin A. Handley of Los Angeles, who a few days before was killed in an automobile accident in the northern part of the State:

Whereas Almighty God in his wisdom has taken from us Lorin A. Handley, an honored and beloved member of this committee, to that bourn from which "no traveler returns" and

Whereas, for many years past Lorin A. Handley has faithfully, conscientiously and well served the Democratic party and has been a recognized leader in political and civic affairs, having for their purpose righteousness, uprightness and the best interests of the people of the State of California, and the nation, and

Whereas, his sudden and untimely demise will leave a great void in the councils of our chosen party and in society at large, therefore

Be it resolved that the Democratic State Central Committee express its profound sorrow at the loss of our beloved associate, able counsellor and true and loyal friend, and

Be it further resolved that a copy of these resolutions be spread upon the minutes of this meeting, sent to the respective members of his family and given to the press.

SCARES BURGLAR AWAY.

Woman Shoots Through Door, But Loses Valuable Fur Coat.

Awakened by the sound of someone prowling about her home late Monday night, Mrs. Edna Hallenbeck, of 4626 Third avenue, after turning over several peices of furniture and firing a bullet through a door after a burglar, succeeded in frightening the intruder away, but lost a fur coat valued at $200, she told the police yesterday. Mrs. Hallenbeck states she believes that a person whom she formerly knew entered her home with a motive other than robbery. She says two previous attempts have been made.

ARSENIC DOSE KILLS.

Mother of Two Sets of Twins Takes Spoonful; Ill Health Blamed.

Believed to have been despondent because of worry and ill health, Mrs. Anna Johnson of 4306 Glassell avenue, yesterday morning left four babes motherless when she died at the Receiving Hospital as the result of taking a spoonful of arsenic several hours before.

Patrolman R. Heintz, who responded to the call of the woman's husband, N. O. Johnson, after the latter had been awakened by his wife's groans, rushed the stricken woman to the Receiving Hospital, where Police Surgeon Ruddock and nurses battled to save her life.

Temporary care for the four youngsters, who are two sets of twins, was arranged for by kindly neighbors. The youngest of the twins are but a few weeks old.

The body of Mrs. Johnson was removed to the White undertaking parlors.

SQUELCH :: GAY :: HORSE :: YARN.

Kin Deny That Girl Rode Into Mansion.

Miss Esther Hammond.

MISS ESTHER HAMMOND, daughter of Mrsfi Esther Fiske Hammond of Bonnymede, Eucalptus Lane, Montecito, rode into the dining-room of the palatial family home on a dare—an dalso on a horse—the other day, said gossip at the Ambassador Hotel, Santa Barbara, yesterday. But Miss Hammond and members of her family gave check yesterday to the whimsical rumor by denials that the equestrian feat was ever performed.

The gossips also say that Miss Hammond's reputed excursion on horseback met with stern disapproval in the home circle. Since the ride itself is declared by the family to be a figment of fancy, however, concurrent details of the hotel rumors were not discussed by the young lady's relatives.

Miss Hammond has been called the Eleanor Sears of Montecito. She has already entered her dogs for the show at the Ambassador October 7, 8 and 9 and has a number of blooded horses which she has always entered in the Santa Barbara equestrian shows.

She is also known for some eccentricities of costume on occasion, as when she wore a sweater and riding trousers at fashionable dances at the Hotel Belvedere.

WARNS BOARD OF FRESHETS IN VAN NUYS.

City Engineer Says County Should Help Annual Job of Cleaning Up Silt.

City Engineer Griffin will this morning send a report to the Board of Public Works urging that conferances be held with the Board of Supervisors relative to the control of flood waters in the Van Nuys section of the city.

"This year," said Maj. Griffin, "the department has expended $11,443.76 in cleaning up after the floods of last winter, and this condition and expense will continue until the Pacoima Canyon dam is built. After every rain the streets of Van Nuys are filled with dirt and silt, and, while the section is a part of Los Angeles and we must pay the storm damage, the responsibility for control of the flood waters up in the canyon outside of the city rests with the county."

Maj. Griffin points out in his report to the board that, while a dam of sufficient size to control the flood waters will cost $2,000,000, that there is available for the work in the county flood control department only a small portion of this sum. One suggestion that has been made is that an assessment district be created in the adjoining territory to raise money with which to build the dam.

President O'Brien of the board and Maj. Griffin recently inspected the entire territory, and both expressed themselves as convinced that action toward building the dam should be taken at once.

VAGRANCY CHARGES ARE HELD INVALID.

Charges of being idle, dissolute and an associate of known thieves, brought against Harry Yants by Detectives Brown, O'Brien and Yarrow, who arrested him, were dismissed by Police Judge Chesebro yesterday afternoon as unconstitutional. The detectives stated that Yants was never known to have done a day's work and was found guilty with Jockey Seldon and C. A. Reiph of disturbing the peace several weeks ago.

HALF RATES SOUGHT BY IRRIGATORS.

San Fernando Valley Folks Ask City for Cheap Water During Winter Season.

Mark Grimes headed a delegation of San Fernando Valley growers which appeared yesterday afternoon before the Board of Public Service Commissioners and asked that half rates for winter irrigation be granted.

"The farmers of the valley," said Mr. Grimes, "have had three comparatively dry seasons, and we find that we must irrigate all the year if the land is to be properly cultivated. The farmers need the encouragement you can give them by granting them this half rate at a time when you have plenty of water to sell. The situation is serious."

President Robertson and the members of the board stated that immediate consideration will be given to the request. The irrigation rate for water is 1 cent an inch an hour. The members of the commission called attention to the fact that this rate was not increased when the City Council recently granted the commission permission to raise the prices charged for city water. Reduction in rates has been given during the past two winters on account of the low rainfall.

WILL SHOVEL UP WALK.

Councilman Will Make Inspection of Work Being Complained Of.

Councilman Wheeler, armed with a pick and shovel, will personally inspect the sidewalks, curbing and gutters on Avenue 50 between Terrace 50 and Baltimore street, as a result of complaints by property owners that the work was improperly done. A second hearing on the protests was given yesterday by the Council, but action was deferred until Councilman Wheeler, who is chairman of the Public Works Committee, can personally dig up some of the work and report back to the Council.

COUNTY JAIL MONEY'S GONE.

Grand Jury Will See Where Prisoners' Cash Went?

Seven Hundred Missing for Month and One Day.

Safe Kept Close to Guards Constantly on Duty.

The county grand jury will be asked this morning, it was said last night, to investigate the mysterious disappearance of $700 from the safe in the County Jail where prisoner's funds are kept. This money has been missing for about six weeks, it became known yesterday, and during that time the Sheriff's forces have been making an investigation, but not arrests have been made. The District Attorney's office has been asked to investigate and the matter will be presented to the county inquisitorial body today, it was stated last night.

When and how the money disappeared is a mystery to everyone connected with the jail. The safe was unharmed, and evidently was opened by someone familiar with the combination or by someone who understood the working of the particular type of combination used.

The money was missed on August 20 by Joe Betts, custodian of the funds, and he immediately reported the matter to Al Manning, superintendent of the criminal department of the Sheriff's office. Mr. Betts stated the money was in the safe Saturday night, August 28, when he left the County Jail, but when he counted his funds the following Monday the $700 was missing.

The safe is kept in a corner of an inner room of the jail within twenty-five feet of where guards are supposed to be seated constantly. Clerks of the jail are also always near the safe, and during the day Mr. Betts is close to where the money is kept.

That the safe is faulty and can be opened easily by anyone who will attempt the job with care is the statement of a locksmith who recently was called to repair the lock. The combination is worn, the bolts are old and worn, and in general it was given as the opinion of the locksmith that the safe is not thief-proof.

None of the attaches of the District Attorney's office, who were questioned, would hazard a guess as to the guilty party. It was intimated, however, that suspicion points strongly to one man and that he may be called before the grand jury today. It is declared that Mr. Betts and his assistants know absolutely nothing about the disappearance of the money, except that it is gone.

Mr. Manning stated last night that he did not know that the county grand jury was to investigate the robbery, saying he had nothing to report on the robbery of his own knowledge.

Corpse Found on Signal Hill Isn't Gandy's.

That Orlando Gandy, who is said to have been "mysteriously missing" from Huntington Park the past couple of months and who resided in Long Beach previous to that time under the name of Oscar Gandy, is not the man who was murdered on Signal Hill two weeks ago was the positive statement yesterday of Detective Oliver C. Mitchell, of the Long Beach police department, after he had investigated the circumstances surrounding the disappearance of the Huntington Park man. The police learned also that the purported "Rev." Gandy was not a minister at all, but merely a follower of the Pentecostal faith.

Cousins of Mr. Gandy residing in Long Beach stated positively, after viewing the remains, that the murder victim was not Oscar Gandy, or Orlando, as he was sometimes known, scion of a wealthy Texas family.

At Huntington Park, where Orlando Gandy resided for a time, it was discovered by Detective Mitchell that Gandy had carefully packed all his belongings in a garage in the rear of the house he had rented and informed the landlady that he expected to be gone for some time. This dispels the report that he "mysteriously disappeared." It is believed by his relatives here that he probably went back to visit his parents in Texas.

"The descriptions of the two men differ widely," said Detective Mitchell today. "The most convincing evidence tending to explode the theory that the murder victim was Gandy, is the teeth. Gandy possessed beautiful teeth. The corpse in the gum grove had exceptionally poor teeth."

Clinton Gandy, a cousin of Oscar Gandy, stated that he had viewed the remains of the murder victim and believes the body was that of a Greek, who apparently had been murdered by a secret Greek society.

JAIL FOR SPEEDING.

Cook Who Drank and Drove Fast Draws Stiff Sentence.

Guilty of driving an automobile at fifty miles per hour along Figueroa street at 1 a.m. the 26th inst. while intoxicated, F. L. Taylor, a cook in a Main-street restaurant, was sentenced by Judge Crawford in the University Police Court yesterday to spend 100 days in jail.

Taylor pleaded guilty. According to the evidence, he was carrying an automatic revolver when arrested by Patrolman Meimes.

DATE FOR GRAYDON MURDER TRIAL SET.

Judge Willis yesterday set November 15 as the date for the trial of Mrs. Maybelle Roe, Oscar A. Bowers, Edward F. Doane and Mrs. Julia Doane, all accused of the murder of McCullough Graydon at Venice.

BARES TEXT OF PROTEST ON GERMAN.

Mayor Makes Public Letter Opposing Use of Teutonic Language at Concert.

The text of the protest of Mayor Snyder against the proposed use of the German language at a benefit concert to be given for the women and children of Germany and Austria, was made public yesterday afternoon, in the form of a letter to S. C. Hagen, one of the managers of the concert. The letter is as follows:

"My attention has been directed by officers of the American Legion to a benefit concert to be held under your jurisdiction and management on the afternoon of October 17, the said concert to be given in the German language.

"You will recall the meeting held in my office the latter part of May of this year, attended by you and members of the American Legion, at which was discussed the impropriety and disloyalty of holding an entertainment in the German language at that time.

"Your benefit is no doubt for a worthy and humanitarian cause, but I feel that the attempt to conduct the concert in your native tongue would be contrary to the best interests of the city, and would no doubt occasion strife and trouble which can easily be avoided.

"Despite the fact that officials of the American Legion have called to my attention a covert threat made by one of the speakers of your society, in which citizens of German descent were asked not to forget the 'Fury of the Teutons,' and to remember what occurred one day last spring, when I approved of the American Legion protest against holding a performance in German, you will notice that I am expressing no bias or hostility towards you as an organization, but am speaking for the general welfare and patriotic standing of this community.

"As the Mayor of this city, I wish to protest to you the holding of this concert in the German language. I will appreciate an immediate expression from you in the matter."

BOOSTS FOR NEW AUTOS.

One of Chief Home's Last Words of Advice is More Equipment.

As one of his final recommendations before quitting the police department as Chief tomorrow, George K. Home yesterday urged the Police Commission to ask the Council to appropriate $55,875 for additional equipment.

The Chief declares that if the department is to be efficient the city should purchase forty-three new automobiles, including thirty-three Fords, and in addition one patrol wagon and two ambulances. The commission will receive a detailed report from Chief Home before taking action on the recommendation.

FOR INSTITUTE OF TECHNOLOGY.

Education Board Plans Start in This Direction.

Vocational Training Needs Pointed Out at Meeting.

Industries in City Short of Competent Workers.

An institute of technology conducted by the City Board of Education, as part of the public school system of Los Angeles, may be a part of the program for next year, it was announced last night after a meeting between the Board of Education and a committee of citizens who urged it to introduce more vocational training in the schools. The board was told that the future of the country depends entirely upon the education of the youth along vocational lines. It was pointed out that practically every industry in the city is short of competent help and that the best way to overcome this condition in the future is for the public schools to take up the work of training the boys and girls.

The meeting last night was arranged by the Citizens' Advisory Council, of which Irving H. Rice is chairman. Representatives from practically every industry of the city were present and addressed the board. The principal talks were about trades, though there was an address showing that the city needs more competent salesmen and saleswomen. O. A. Vickery, representing the Realty Board, urged a class that would teach the real estate business.

The greatest need at this time, it was brought out, is for printers and interior decorators. Seneca Beach, president of the Master Printers' Association, made a long and interesting talk in which he outlined the need for more and better printers. Mr. Rice also told of the need for more printers. The need for trained boys and girls in the sciences was explained by C. W. Gray of the Hollywood High School. The electrical trades valley want more apprentices who have been partly trained for the work and the public schools should give the training, it was declared.

The textile industry needs more help. Some work is being done in this line now by the Board of Education and Fr. L. McCourt told the members that the industry appreciates the help but there is still great need for more workers who can combine brain with their work, he said.

At the close of the meeting Charles J. McCormick, president of the Board of Education, announced that the matter has been discussed by the board at length heretofore, that the members are all convinced that vocational training is a good thing and that the board will take under advisement the matter of starting an institute.

Mrs. J. O. Colwell.

ASKS JUDGE TO SILENCE ODD GOSSIP.

Woman of Same Name as One Cited for Contempt Pleads for Exoneration.

Mrs. J. O. Colwell, president of the Exposition Park Civic Association, a member of the Movement for Better Judges organization and other civic bodies, voluntarily appeared in Judge Wood's court yesterday, accompanied by her attorneys, Sorenson and Beecher, yesterday, to clear her name of the imputation that she had sought by telephone to interfere in the trial of a suit.

Last Friday Judge Wood issued a citation for the arrest of a Mrs. R. G. Colwell, who by telephone had used contemptuous language during the trial of the suit of J. L. Spillman against John S. Steely. She told the court her address was 2224 Twenty-second street. Bailiff Cowan was immediately sent out and reported there was no such address. Judge Wood expressed a desire for information leading to the arrest of Mrs. R. G. Colwell, who stated she was a member of the Movement for Better Judges organization.

Mrs. J. O. Colwell resides at 1956 Exposition Boulevard. She stated in court yesterday she is the only woman of that name on the roll of the Movement for Better Judges organization. She never heard of the Spillman-Steely case and never before yesterday had she been in Judge Wood's court.

Because of the publicity attending the issuance of the citation, she said she had been subjected to comment by persons who thought she might have telephoned to Judge Wood. It subjected her to embarrassment, she said, and Attorney Sorenson desired that she be exonerated. Judge Wood accepted Mrs. J. O. Colwell's statement, being satisfied that some other woman was implicated and probably had knowledge of Mrs. J. O. Colwell being a member of the Movement for Better Judges organization.

"I would like to find this Mrs. R. G. Colwell," he said.

SUMMONED BY DEATH WITHOUT A WARNING.

MRS. EMMA L. SMITH, LONG A RESIDENT HERE, DIES OF HEART FAILURE.

Mrs. Emma Louise Smith, who had resided in Los Angeles for the past twenty-five years, died at the home of her daughter, Mrs. Ralph W. Trueblood, on Cypress avenue last night. Death was quite sudden and according to Dr. Frances Anton was the result of heart failure.

Mrs. Smith died in the arms of her daughter a few moments after collapsing as the result of a sharp pain in the region of the heart. She had spent the day in the garden and appeared to be in unusually good health a few moments before her collapse.

About ten years ago Albert Henry Smith, her husband, died as the result of injuries received in a street-car accident. Mr. and Mrs. Smith were born in Guernsey, Channel Islands, and came to California thirty-six years ago. She leaves besides her youngest daughter, Mrs. Trueblood, wife of the city editor of The Times, another daughter, Mrs. H. W. White, wife of Rev. Harry W. White, district superintendent of the Fresno District of the Methodist Church, and three sons, Bert C. Smith, who is with the compulsory department of the Board of Education; Wilfred E. Smith, secretary of the Motor Transportation Company, and Cecil H. Smith, agent for the Moreland Motor Company, who is in Portland, Or.

Funeral services will be delayed until Friday at 2 p.m. to permit Cecil Smith to arrive here from Portland. Rev. N. L. Rowell, pastor of the Mesa Congregational Church, of which Mrs. Smith was a member, will conduct the services, which will be private. Interment will be at Inglewood.

GUARDED IN COURT.

Indicted Man Who Tried Suicide Given Insanity Hearing.

Carl W. Kreidler, indicted by a Federal grand jury for sending objectionable matter through the mails, was brought into Judge Monroe's court yesterday on the charge of insanity. Two armed deputy sheriffs closely guarded him in the court on account of threats he is said to have made, and because of previous attempts to commit suicide.

The attorneys reached an agreement whereby Mr. Kreidler will be sent to Patton and subsequently to Germany where he has friends. It is understood he has consented to return to Germany.

On the 15th inst. Mr. Kreidler tried to escape from the prison ward at the County Hospital and was shot by a guard. He is slightly crippled as a result of the wound. He later went on a hunger strike and on the 25th inst. he attempted to hang himself.

DENIES STEALING AUTO.

Accused of stealing an automobile valued at $300 on May 20 from Mrs. E. J. Hayes of 1054 South Normandie avenue, E. F. Pottenger of Long Beach yesterday pleaded not guilty in Judge Willis's court. His trial was set for December 1.

"One o'Clock Saturdays" — Bullock's Los Angeles — Bullock's Closes Saturday at One o'Clock Every Saturday Throughout the Year — Bullock's Los Angeles — "One o'Clock Saturdays"

In This Age of Machine-Made Apparel How Satisfying Are These

400 Hand-Made Blouses at $4.95!

—And the fact that these Blouses are of fine, soft batiste is but another evidence of Bullock ability to provide Values Unusual at Prices that Are Right!

—In these days of clubs and of business; when ledgers flaunt their ruled lines in scarlet and in purple; when typewriters click and "committees" call, few, indeed, are the women who have time to "sit on a cushion and sew a fine seam"—much less to do hemstitching and tucking and pleating and the drawing of threads by hand!

—Yet a garment with that "intimate softness," that perfection of detail which only fine hand sewing can give it, has never lost its appeal to the feminine woman, no matter how many and how varied may be her "broader" and "bigger" interests. A dainty, hand-made Blouse, such as these that Bullock's will offer at $4.95 on Wednesday, will touch some chord of memory that is the sweet heritage of the ages—the sweeter, doubtless, because her own fingers have lost much of their sewing fluency!

—Some of the hand-made Bullock Blouses are "ladder" stitched in little squares in front; some have wee hemstitched frills to finish roll-back cuffs, which, turned back over suit-coat sleeves, redeem them of all severity and add, too, a bit of witching grace; some have pleated jabots; some have little, flat collars, finished with real, hand-made filet lace. Many, indeed, are the models, and each Blouse is its own delightfully individual excuse for being.

—And Bullock's has 400 of them, for Wednesday's selling—at $4.95.

—At $49.50 are high-value, fur-trimmed and plain suits of duvet de laine, of velour and of tricotine. Coats, for the most part, are long and straight and have very beautiful silk linings—plain and figured.

—Colors are Navy and Nanking Blues, Zanzibar Brown, Oxford, Crayon Checks as well as Black.

—The Furs with which these Suits are trimmed are Squirrel, Australian Opossum, Mole and Nutria.

—At $59.50 are beautiful Suits of Duvet de Laine, of Silvertone and of Mannish Mixtures. They are pin-tucked, silk embroidered, braided.

—Their long, straight coats have narrow, string belts of self material, set-on and slash pockets, most painstakingly tailored.

—Their broad collars of Nutria or Squirrel or Mole or Australian Opossum may be worn close, choker fashion.

—Linings are beautiful, soft silks in self color or figured in colors that are sure to be in harmony with the suits themselves.

—$49.50! $59.50! Such moderate prices for such Suits are hardly believable, yet here are the Suits—Bullock-Value Suits that emphasize anew the Bullock power to produce! Wednesday—Third Floor.

Corsets

—With the coming of each new season the designers of clothes for women demand that Corsets shall be modeled differently—modeled so that they will become perfect foundations for the changing silhouettes which are the expressions of their ideals.

—Bullock's has, now, the Corsets of the Hour—Corsets which are perfect foundations for the new Gowns, Frocks, Suits and Wraps, and without which these garments lose something of their beauty of contour.

—One finds Corsets of beautiful weaves, of appealing adornment—Corsets to satisfy a most critical clientele.

Cawston Ostrich Farm Gold Medal Series, No. 7.

Another Gold Medal At Seattle

Alaska-Yukon-Pacific Exposition 1909 Gold Medal

It was appropriate that Seattle should hold a great exposition in 1909 to exploit the vast resources of Alaska and herself as a natural channel through which a huge trade was destined to flow to and from that fertile field.

This Fair was a surprise, both in excellence of its exhibits and number of visitors. Area covered—750 acres. The exposition cost $10,000,000. Attendance 3,740,000.

The Pacific Coast vied with the East to show its own wonderful strides in commercial and artistic development. Among many notable exhibits was the marvelous display of ostrich creations by the Cawston Ostrich Farm. Another Gold Medal to add to its splendid collection was the result.

Cawston Ostrich occupies the same paramount position today that it has for the past twenty-five years.

BY VIRGINIA WOODS.

For Judge and Mrs. Ballou.

A merry round of courtesies for Judge and Mrs. Sidney Ballou of Washington, D. C., has provided a charming way for them to greet many of their friends while in Los Angeles visiting her sister, Mrs. Harry Coburn Turner.

Mrs. Turner gave a tea in their honor yesterday, her guests being old friends of the couple.

What is expected to be a smart affair is the dinner party at which Mr. and Mrs. Rufus Spalding of Grand avenue, Pasadena, are to entertain the visitors Saturday evening. Dr. and Mrs. Bertnard Smith are to entertain Sunday afternoon at tea and that evening with a buffet supper party at their country home in Azusa, and on Friday Miss Alice Elliott is to give a luncheon for Mrs. Ballou.

Last evening Miss Louise Burke gave a dinner for the visitors and tonight Mr. and Mrs. Richard Jewett Schweppe are dinner hosts in their honor. Tomorrow Miss Katherine Stricklor will have a company for luncheon in honor of Mrs. Ballou.

Judge and Mrs. Ballou stopped here en route home from Honolulu where they spent the summer. They will leave next Wednesday.

For Miss Crutcher.

Miss Roberta Crutcher was a dainty little honor guest at a lovely tea for "buds" given yesterday afternoon by Misses Geraldine and Elizabeth Herron at the home of their mother, Mrs. F. Irwin Herron of Orchard avenue. Pink roses and sapphire delphinium in profusion made an ideal setting for the bevy of seventy young girls who were there.

Assisting at the tea urns were Misses Elizabeth Taylor, Lucia Turner, Carolyn Allen, Nancy Mc Clung, Josephine Cook, Louise Innis, Virginia Bishop, Agnes Barnard, Elizabeth McArthur and Henrietta Bohon.

For Ensign Wellborn.

Ensign Charles Wellborn, Jr., is to be cause for entertainment by his parents, Judge and Mrs. Charles Wellborn this week-end if the Pacific Fleet arrives and he gets a leave of absence. Since his graduation at Annapolis, Ensign Wellborn has been stationed on the battleship New Mexico.

Mrs. Meloy.

Mrs. B. H. Meloy is giving up her home on Vendome avenue and will place her young daughter, Miss Ruth Meloy in St. Catherine's school, while she goes East for a visit of several weeks.

For Mrs. Posey.

Mrs. John Posey is cause for many festivities. Yesterday her sister, Mrs. Rolland Seeley gave a luncheon in her honor and the day before Mrs. Harold Braly entertained a company of sixteen at luncheon for her. She will be here some time with her mother, Mrs. Frank Coulter before Mr. Posey joins her and they go to Portland to live.

Mr. and Mrs. Armstrong.

Mr. and Mrs. Earl V. Armstrong and their children, who passed the summer with Mrs. Armstrong's mother, Mrs. James Nelson Burnes in Montecito, have returned to their home in Pasadena.

Mrs. Black.

Mrs. Gertrude Black is to give a supper party at her Beverly Hills home on Sunday evening and will have a company of eighteen.

Gone East.

Mr. and Mrs. William Henry Brophy have gone to New York to be absent six weeks. They occupy the home of Mrs. Frank Hall Moon at 2225 West Adams street.

Mr. and Mrs. Preuss.

After a visit with Judge and Mrs. Wheaton Gray at their country home at Visalia and a two weeks' stay at Sequoia, in the National Forest, Mr. and Mrs. Kenneth Preuss are back in town.

Children's Party.

Mrs. Marion Terry was hostess at a gay children's party in honor of the fifth birthday anniversary of her daughter, Margaret Gaffy Terry. There were thirty-five children present. The table, with an elaborately embossed birthday cake with five lighted pink candles on it, was set out in the patio, which was decorated with pink dahlias. Pink dahlias were also on the table. There were lots of pretty favors.

Mrs. Bixby.

Mrs. Jotham Bixby, Jr., and her sister, Mrs. Paul Satterlee arrived here yesterday from Montecito to assist Mrs. Hancock Banning and the Assistance League with arrangements for the tea dansant and exhibition of Leon Bakst canvases on Saturday and Monday mornings and afternoons at the Hotel Alexandria ballroom.

In Crown City.

Southern California society is interested in the coming marriage of Miss Katherine Jardine of Pasadena and Andrew J. Post, Jr., of New York, which is to take place at All Saint's Church, Pasadena, November 27. Miss Jardine, one of the Crown City's most popular girls is the daughter of Mr. and Mrs. John Jardine.

From Texas.

Tom Finty, Jr., editor in chief of the Dallas (Tex.) News, who has been touring the Pacific Coast, including Portland, Seattle and San Francisco, is now a visitor in Los Angeles and is receiving much attention from a large circle of former Texas friends.

Mrs. Templeton.

Mrs. William Templeton of Seal Beach left yesterday for Kansas City, Mo., where she will visit relatives for a month. From there she will go to Chicago, New York and Washington where she plans to spend the winter visiting friends and shopping. Just before she left she was honor guest at a dinner and theater party given by Mr. and Mrs. Otto L. Little of 3111 Van Buren Place, Los Angeles.

Personals.

Mr. and Mrs. Bradner Wells Lee are home from Santa Clara where they went to attend the Bar Association. Mrs. Lee also visited in San Francisco.

Mr. and Mrs. Charles T. Sutton and two children, Geraldine and baby Ridgway, are back from a two weeks' stay in Catalina.

Dr. Ralph William is home from his summer vacation spent in touring Northern California.

An interesting Pittsburg family at the Alexandria Hotel is Mr. and Mrs. C. F. Nieman and their daughters, Misses Virginia and Gwendolen Nieman and son C. F. Uiemna, Jr.

Mrs. Little H. De Witt and daughters, Miss Lillian De Witt are now at their new home at 4533 South Wilton Place.

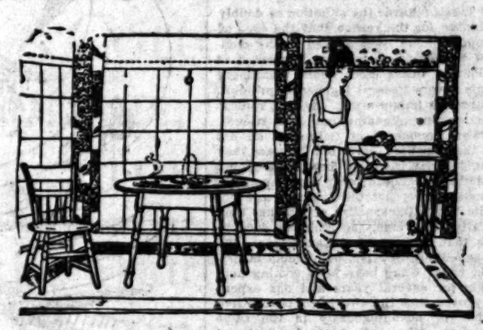
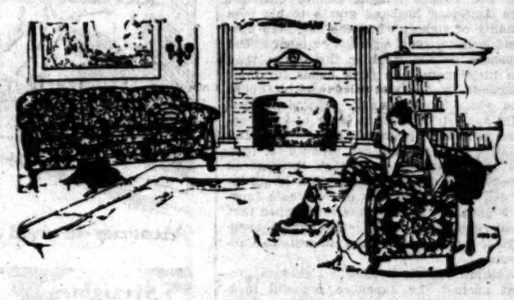
Welcome Home

—What a world of meaning is conjured by the simple phrase "Welcome home!"
—Home holds out a welcome that is always warm. "Going home" means rest, contentment, hospitality, good cheer, pleasant company.
—And because the furnishing of better homes is our life work, those who come here encounter a home-like welcome.
—Your interests are ours if you are furnishing or adding to the furnishings of a home so we try to make you feel welcome here. We are not effusive about it or over zealous in our efforts to be helpful—we simply place our every resource at your command and you go away feeling that you will be glad to come back again soon.



New Breakfast Room Furniture

—There is a cosy intimacy about the breakfast room that is inviting and encourages the full expression of artistic impulse. That you may not be hampered for choice in color and design we have provided an unusual assortment, both in the finished pieces and in those to be decorated.
—As most of the decorating is done in our own studio, it is exclusive and possesses the charm of individuality. Work of this kind can also be done to your order at very reasonable prices. —Seventh Floor.



Special Value in Overstuffed Furniture

—Wouldn't you like something extra fine in upholstered furniture at an ordinary price?
—That is just what you get in these splendid manufacturers' samples we are offering at a third off.
—These pieces were made up for exhibition purposes of excellent materials and the workmanship is of a superior order. The manufacturer turned them over to us at a liberal discount which we gladly pass along to you. They are covered ready to use in mohair, brocade, tapestry and velour.

Quality in Reed Furniture Is Ably Expressed By The Wickercraft

—Made in Pasadena by skilled artisans, this dependable furniture is procured by us direct from the factory and sold to you under our low overhead pricing plan at no more than many of the inferior grades cost.
—Our direct factory connection is also an advantage to you in that we can thus fill orders for extra pieces promptly.

New Dining Furniture

—You will find a most interesting assortment of dining furniture here. Several new complete matched suites have just arrived and together with the others they provide an assortment that offers a very wide choice in style as well as price.
—The most modern Period designs are represented in mahogany, walnut and oak both with round and oblong tables. Especially noteworthy are the quaint old Spanish styles in oak and the Italian Renaissance motifs in walnut.
—A number of separate tables and pieces remaining from suites are offered at special prices.

This establishment closes at noon every Saturday in the year.
Better service, better values and a pleasant place to shop.

ITCHING PIMPLES ON FACE, NECK

Back and Chest. Large and Hard. Cuticura Heals.

"I had pimples around my face, neck, back and chest. The pimples were large and hard, and were scattered over my face and neck. They would itch sometimes so that I would feel like scratching my face and body. On account of them I could not enjoy myself.

"I resolved to use Cuticura Soap and Ointment, and the first treatment seemed to improve my complexion. When I had used two cakes of Soap and one box of Ointment I was healed." (Signed) R. Lorenzen, 2831 Woodland Ave., Cleveland, Ohio, Jan. 11, 1920.

CAN HAPPEN.

The packers say that they do not see how meat prices can come down. Maybe they can't, but we can see how they will have to.

MARKET SUPPLIED.

Another thing on which supply has caught up with demand is coupe boards. It is quite possible now to borrow one that isn't working and a lot of people hesitate about betting real money on its decisions.

AN OYSTER BAY.

At Baltimore Senator Harding spoke in the building where Wilson was first nominated for the Presidency. The world has been Wilson's oyster since that time. What shall it be for Harding? Baltimore is a great town for opening oysters.

ONE TONGUE.

The Grand Army ritual which called for one country and one flag has been amended to also declare for one language. Many tongues are spoken in America, but really there is but one that properly goes with the flag and that is the one in which our patriotism should find its full and complete expression.

NO MOONSHINE.

Even cereal beverages are prohibited in Alabama. State regulation forbids the sale of anything that "looks, tastes or smells like beer." Grasshoppers are not allowed in the State because of their hops, and even maltose cats are under the ban because of the suggestion of malt. Down in Mobile they are straining the Gulf of Mexico to get rid of the foam. Alabama is being made safe for democracy.

FOR THE LEAGUE.

Senator Harding in his Baltimore speech said that if elected President the first thing he would do would be to try and find a plan for a League of Nations behind which all America could stand. That seems fair enough. Even the "bitter-enders" would be in on that, for they are a part of America. They can stand behind a League—perhaps a long way behind. Maybe they'll get tired of standing and lie down.

IN BRIGHT ARRAY.

Both the Democrats and Republicans are worrying as to how the women will array themselves on election day. We should worry. They will array themselves in purple and fine linen. Some will be arrayed in silk or satin; others in georgette or charmeuse. There may be a few in gingham and calico. Most of them are likely to be arrayed in furs. Whatever way the women are arrayed on election day it is going to cost somebody a lot of money.

A MAN OF IRON.

Now that tractor service is reaching out to all the farms of America it is realized that two men can do the work for which it formerly took eight men and twelve horses. We have machines that make horses rare and unnecessary. Presently we will be solving farm labor problems almost wholly by machinery. Why not have an automatic hired man made out of chilled steel? Give him a drink of gasoline in the morning and he would be able to do everything on the place except kiss the farmer's daughter.

MAKE MEN FREE.

Eighteen chambers of commerce and civic bodies of California representing such communities as San Francisco, Oakland, Bakersfield and others, where union labor has long dominated, have formally and officially come out for the creed of the open shop. As this creed is absolutely fair and just to all men, even members of the union cannot logically oppose it. The cornerstone is the right of every man to dispose of his own labor and this right is denied by none save the walking delegate of some labor union.

SWEET STUFF.

The annual per capita consumption of candy in America has reached nearly 15 pounds. The bill amounts to a billion and a quarter dollars. When the nation's drink bill reached a billion dollars the prohibitionists wept and tore their hair. Why don't they shudder at the quantity of alcohol in a billion dollars' worth of candy? The soda fountain business of the country now reaches almost $300,000,000. The people are paying about $2,000,000,000 a year for candy and soft drinks. But for the prohibition amendment naughty men would be spending some of this for booze. Now they are taking glucose and marble dust and getting strong, fat and healthy. Isn't it fine?

SLOWING UP.

It is estimated that over three billion dollars of building and construction work has been halted by strikes, car shortage, labor demands and increased prices of material. It was a bad combination to contend with and many projects have been permanently lost because of the delay. With winter coming on building operations in the North and East will naturally slacken up. Housing problems are not so imperative as they were. Families have found homes of some kind and construction needs in many towns have been shortened. A great deal of building that had been planned for this fall will not be undertaken. This, of course, does not relate to Los Angeles. Here the fall and winter program can go on without much interruption. But the rest of the country will have its seasonal slump.

THE MYSTERY OF DENTON.

In the Denton case Los Angeles has a tragedy in real life as weird, gruesome and mysterious as the legends of the Latin quarter of Paris that Poe wove into his fascinating romances of hidden crime, or those that Sherlock Holmes ever sought to untangle.

A mining man of reputed wealth has been missing for three months. Search of a palatial residence owned by him in the Wilshire district disclosed the badly decomposed body of a man buried under a pile of earth in a hermetically sealed room in the basement. Jewelry found on the cadaver has been identified as that formerly worn by Denton. The body was wrapped in a blanket and trussed with rope, knotted in those baffling loops of which sailors alone are reputed to know the secret. Decomposition had removed all traces of individual identity; but there were no bruises nor lesions to indicate a violent death.

A woman now in Denver sublet the house two months ago, asserting that she had leased it from Denton before he disappeared. Another woman pawned a diamond ring, identified as the property of Denton, for $200. She asserts the ring was given her to pawn by the woman who leased the house. Clothing belonging to Denton was sold to second-hand dealers by a plumber who had worked in the basement since Denton disappeared. The plumber says he was instructed by the Denver woman to sell the clothing, as Denton said he would be away for a long time and would have no further use for it. The stories of the three persons who are known to have been in the house since Denton disappeared do not agree. Each contradicts the other two.

The mystery is deepened by the coincidence of the finding two weeks ago of the dead body of an unidentified man, trussed in ropes with the same baffling knots, in a clump of underbrush near Long Beach. A thread of romance is entwined by references to a mysterious Spanish beauty with whom Denton is said to have been in love, but whose identity has not been discovered. A villainous-looking individual, wearing a patch over one eye and his arm in a sling, is reported to have visited Denton at his home shortly before he disappeared. Denton spent much of his life in the mining camps of the mountains and deserts and was often referred to by his acquaintances as "Mysterious Denton."

Baffling in the extreme are the conflicting clews. Positive evidence has not been discovered to establish the identity of the body found in the basement as that of Denton; so the police are without absolute proof that Denton is dead. A laborer has been found who admits wheeling dirt into the basement, taken from around some rose bushes in the garden. He says he was employed by the Denver woman who sublet the house.

For the first twenty-four hours the case seemed to be simply that of a man of reputed wealth who had been murdered for his money. But the further the investigations extend the darker the mystery becomes. Concealing the body in a hermetically sealed room in the basement recalls vividly Poe's story of "The Black Cat." In Poe's tale a man is haunted by a cat which is his wife's pet. In an attack of nerves he strikes at the cat with a hatchet. His wife intervenes, the cat escapes and he buries the blade of the hatchet in her skull. Seeking to escape punishment for his crime he carries the body to the basement and walls it in. The police search the house and are about to leave when, in a fit of bravado, he strikes with his cane the wall, back of which the body is concealed. A wild cry responds. He had unknowingly walled in the cat with the body of his wife.

Those who have made a study of criminology will link that narrative of Poe with the walling in of the body in the basement of the Denton residence. The annals of mysterious crimes contain many analagous cases of an application in real life of the plot of the great tragedies of romance. Many criminologists protest against the publication of romantic tragedies by reason of their suggestiveness.

At present there are as many theories as there are clews; but they are blind passages that lead nowhere. Ods cannot even discuss these theories in detail; because each carries with it an implication of a criminal act by one of those whose names are already associated with the case. Until complaints have actually been issued the menace of libel hangs over the press.

One theory presupposes that Denton died of natural causes and his body was afterwards carried to the basement and hidden there. Another suggests that Denton is alive and a fugitive; but, in the face of the very incomplete evidence, this seems an attempt to heap calumny on the dead. A third theory introduces the ubiquitous and frayed love triangle. It is possible that detectives have discovered a genuine clew, but are concealing it to avoid alarming the suspects before sufficient evidence of guilt has been established to justify arrests.

The one pair of lips that would perhaps willingly reveal the secret of this mysterious tragedy are now cold in death; but at least two brains must be haunted by a guilty knowledge of what actually occurred and, in such cases, the mangled weight of fear and remorse generally impels the guilty ones to betray themselves. All great detectives have held to the fatality theory in relation to abhorrent crimes. They believe that a mysterious force of outraged nature causes every murderer to leave some trace behind; that a clew is there which makes it possible to unravel the mystery, providing sufficient diligence is used by the officers of the law. Years may elapse, oceans may intervene; but there comes a moment when the bloody secret can be laid bare.

An outraged conscience is itself a terrible accuser. Hundreds of criminals have been pursued by an insomnia that drove them either to suicide, lunacy or confession. The human conscience is, after all, a greater deterrent to crime than all man-made laws and punishments. Beside the penalties it inflicts, death itself is often a welcome relief. There is not a single instance in all history in which happiness has been attained through taking human life.

Louine and Trotzky are desirous of scrapping the Versailles League of Nations and starting afresh. That is the idea of most of the bitter-enders in America, but a lot of people would be suspicious of a world peace of Bolshevik design. In the Red creed it is a virtue to make agreements for the purpose of breaking them at future advantage. A soviet Russia can give no pledges which can be accepted by civilized nations.

VICE OF THE INITIATIVE.

Never perhaps have the dangers of direct legislation and its impotency for constructive service been more strikingly exemplified than in the antialien land law initiative which will appear on the ballot in the State election. This amendment was prepared by anti-Japanese fanatics. It goes to the extreme limit possible for a State under the Federal Constitution to expel all Japanese from California. It is an attempt to legislate on a question that has heretofore been regarded as national; for it is an attempt to prohibit Japanese immigration to the State and to drive out the Japanese now here by depriving them of the right to engage in the agricultural industry, except as day laborers hired by persons who are not of the Japanese race.

Japan is protesting vigorously to the Federal government. But the Federal government itself is powerless to interfere, at least until the question has been decided at the general election. California is placed in the position of asserting that it has the moral right to do whatever it has the legal right to go, without regard to the fact that the abuse of a right becomes a wrong. It is an unfortunate recurrence to the doctrine of State rights which once plunged the nation into a bloody civil war.

The Times regards the situation as doubly unfortunate for the reason that the eyes of the country have been opened to the menace of the Japanese industrial invasion of the Pacific Coast and public sentiment strongly favors Federal legislation prohibiting Japanese immigration. By this radical action we are offending our best friends. The white residents of California do not want the Japanese here, not because they are an inferior race, but because they are unassimilable. White races amalgamate in the melting pot; but the Japanese are not a white race. Irrespective of whether they are better or worse, the stubborn fact remains that they are not Caucasians. We have something like 100,000 of them in California now. They have been coming here steadily for several years and our experience proves that the two races cannot live together or advantageously in the same community. They affect the agricultural communities just as devil grass affects a lawn. Wherever they get a foothold they grow and multiply, and the white residents move away. The isolated experiments at intermarriage have turned out badly, so badly that California fathers and mothers would rather see their girls in their comas than married to Japanese husbands. Nearly every such marriage ends in a tragedy, in suicide or murder, often in both.

California cannot exist as a State half Caucasian and half Japanese. If the Japanese are to continue to come in the white population will surely go out. There is a conflict of morals, standards of living and racial aspirations that cannot be compromised. If there were no women of either race here the men might get along amicably together. But the Japanese standard of womanhood is so far below the American that the two cannot mingle, cannot compete. The American husband grants to his wife equality of rights; while the Japanese husband permits only equality of labor. The Japanese women work in the fields; they are little more than farm hands for their husbands by day and mistresses at night. The white farmer cannot compete successfully against the woman labor of his Japanese neighbor. By working his women and children the Japanese can produce for less. He spends about as much on them as an American does on his dogs. This is not intended as an indictment of the whole Japanese people. There are castes in Japan that treat their women differently; but the members of those castes do not emigrate to California.

Californians are raising a righteous protest against the Japanese peaceful invasion. The Times favors stricter laws against the leasing of agricultural land by the Japanese. But that is only a step in the larger movement to stop Japanese immigration. If the Japanese have the right to come here it may be argued that they have a right to equal opportunities in industry. That brings us back to the basic proposition that the immigration laws are too lenient, that the Japanese should not be permitted to land at American ports, referring to the laboring classes only. But immigration is a subject reserved for Federal legislation. The State of California is without power to pass anti-immigration laws.

To secure the necessary relief we must appeal to Congress. Fighting the Federal government will get us nowhere. If the proposed alien land law legislation were introduced as legislative measures at Sacramento a conference between the State and Federal authorities might work out a harmonious solution. But initiative legislation permits no compromise. The amendments must be submitted just as the anti-Japanese zealots presented them. California has a population of about 3,500,000. It is not surprising that 55,000 registered voters should be found willing to sign the anti-Japanese land law petition; and because it received that number of signatures, irrespective of form or substance, it must go on the general ballot in November. Even the Federal government cannot interfere. That is the vicious feature of direct legislation; 55,000 persons in California can force the Federal government into a quarrel with a friendly country, can threaten to plunge more than 100,000,000 people into a foreign war.

Proponents of direct legislation will respond that the way to prevent such a condition is for a majority of the electors to vote the initiative down. That argument discloses still more clearly the vicious nature of the initiative. If the amendment were to be rejected the majority of the people of the United States outside of California would receive the impression that the people of the State do not object to the presence of the Japanese, that only a few fanatics were opposed to them. When we carried our case to Congress we should be met with the response that the vote on the initiative proved that a majority of our citizens want the Japanese here.

Neither horn of the dilemma offers a solution. Whatever the result of the election California's interests will be seriously prejudiced. Imagine that each of the other forty-seven States were to include direct legislation in their Constitutions and make use of it as it has been used in California. Our Federal government would promptly become involved, through no action of its own, in interminable disputes with other countries. The turmoil and confusion would become intolerable.

California has suffered from interior turmoil caused by other initiatives. Half a dozen groups, including radicals, fanatics, single-taxers, etc., have their propositions on the November ballot. The danger of these freak initiatives is enhanced by the fact that, once adopted, they cannot be repealed or modified by the Legislature. Only a vote of the whole people at a State election can amend them. Other States will do well to take warning from California's plight in the present instance and have nothing to do with direct legislation in any of its forms. Perhaps it is not too much to hope that the electors of California themselves will unite to throw this foreign-born menace out of the State Constitution.

AND THEN SHE FAINTED.

A Hot Springs girl who works downtown got home last night at 6 o'clock. She took off the dress she had worn on the street and pressed it to wear the next day; helped her mother get supper; washed up the dishes; finished making a shirtwaist she had cut out the night before; darned some stockings, and at about 11 o'clock snatched up a paper to glance through before going to bed. She happened to see an article called "Hints to a Working Girl" and this is what she read: "When you go home at night take a tepid bath and massage your face carefully. Manicure your nails. Put on a loose white dress or a dainty-colored lawn and then entertain visitors on the porch or visit some park or, better still, take a boat ride." That was too much. The girl gave a scream and her family found her unconscious on the floor.—[Arkansaw Thomas Cat.

RIPPLING RHYMES.

CLIMATE.

For balmy airs I've always wished
And now I have my heart's desire;
The finest climate ever dished
Surrounds me as I crank my lyre.
The summer brings no sizzling heat,
But from the sea cool breezes blow;
The winter has no snow or sleet
To fill rheumatic legs with woe.
But when I lay me down to sleep I dream of Kansas every night; of Kansas, where wild blizzards sweep and summer heat is just a fright.
Some day, no doubt, I will depart for Eden, where all things are fine, where scalding teardrops never start and grief and woe take in their sign.
There with the saints I hope to roam along the crystal river's shore, exulting in that final home where sorrow soaks us nevermore.
But still my thoughts will wander thence at times, when choruses are stilled; I'll lean against the jasper fence and with strange longings I'll be filled.
Strange longings for the old elm trees beneath whose boughs I used to stray; strange longings for the Kansas breeze that blew our county seat away.
New splendors rise at every turn, new glories every hour I find; yet my old heart must ever yearn for those dear scenes I left behind.

OUR SUNNY FRIEND

THE FLAW.

Her face is fair, her brow is high,
There is a beauty in her eye,
There is a glory in her hair,
Her voice is sweet beyond compare;
To her an ode I'd gladly write,
A sonnet or a hymn indite,
But fate has played a cruel jest
Upon the one I love the best.
There is not any rhyme for Bertha.

Ah, were her name but Grace or May
I'd grind them out the livelong day.
Until her fame would rival her
Of whom Rob Burns was harbinger,
Browning or Byron, Keats or Poe,
Sir Walter Scott or E. P. Roe.
Had her fool parents chosen Jen,
Or Isabel for cognomen
I'd write until my hands turned blue,
But as it is, what can I do?
There is not any rhyme for Bertha.

The Shifting Sands of Time.

George Hobbs took Mary Hawkins to the circus one time the summer that she happened to be his best girl. They walked from the Hawking home to the show grounds, drank a glass of pink lemonade apiece, ate a bag of popcorn apiece and a bag of peanuts apiece during the show and ate a dish of ice cream apiece at the Palace confectionery on the way home.

All told, the outing, which George will remember as long as he lives, cost him one dollar and fifty cents.

Later the two drifted apart and George married another girl and Mary another man. Still later George lost his wife by death and Mary her husband via the divorce courts.

George met Mary by chance one day recently and suggested a show to which she assented.

He sent her a box of flowers before the show that cost him five dollars, the seats cost him three dollars each and the dinner afterward cost seven dollars and forty cents, including tips. The taxi cost him four dollars more.

All told, the outing, which he will remember for perhaps a week, cost him about twenty-five dollars.

THREL FALL.

INSURING SUCCESS.

A story comes from India to the effect that a clergyman who kept a school for native boys introduced cricket to them in order to foster a manly spirit, and they were keen on it. After a lot of difficulties he managed to get a fair team into shape and it was decided to challenge a neighboring school.

A match was finally arranged and the clergyman impressed on the youngsters that they must do their best to win. To encourage them he gave them fifteen rupees for new bats or other tackle and left it to themselves to spend the money on what might be considered useful.

When the great day came the team turned out for the match. On the face of every one of them shone the light of a quiet confidence in their success, but they carried all their old tackle.

"Why!" exclaimed the clergyman, "what have you done with the fifteen rupees I gave you? Where are your new bats?"

"Well, sir," replied the captain, "you said we were to win the match, so we spent it all on the umpire."—[Edinburgh Scotsman.

Gov. Cox is the Great Promoter.

Cox is Wilson and Wilson is Cox, don't forget that.

It will be noted that the bicycle rider is not worrying about the high cost of gasoline.

We are finally, as a nation, getting down to work—the telephone numbers are all busy.

"President Wilson House Visiting," so runs a current headline. But it is not the colonel.

There ought to be a law forbidding a woman voter from staying in the voting booth as long as she does in the telephone booth.

If the Wilson Democrats could only get the Presidential candidate to say a word for the administration! But Cox is too busy.

"Pussyfoot" Johnson has returned to England to fight for prohibition. Now that man does dote on punishment! No wonder, he is from Ohio.

It will soon be so that a man won't be compelled to pay the price of a flock of sheep for a good suit of clothes. The time can't come too soon.

Col. George Harvey refers to the Democratic candidate for President as "Cozy." Not half bad, considering his record and campaign addresses.

What is the regular job of Fatty Diaz when he is not scheming to get to the front in Mexico? He is the William Jennings Bryan of that unhappy republic.

While there are so many people trying to care for their cash there will be no general interest in the efforts of the banks to look after the strain on their credits.

The Presidential primary is a wonderful institution. As between a nationally known corn doctor and an unknown genius the people will take the corn doctor because they know him.

Less than five months more of doubt, distrust, disaster, despair, delirium and deluded democracy, before the right-thinking and the right-acting citizens of this country will lead the nation once more into the promised land.

Gov. Cox says he is in favor of equal and exact justice to all men. If that sort of a program were carried out there would be quite a number of us in the county or city jail. In fact, the Governor might not now be the candidate.

About the only reason of which we can now think for the election of Gov. Cox is that he was able to build a fire with his own hands, stew a pack of potatoes under the coals and broil a mess of lamb chops. Ask any kid can do that.

The Democrats of Illinois have renominated J. Ham Lewis for Governor. It was a consolation prize, nobody else would stand for it. With J. Ham in the fight we may look for a daylight exhibition of the aurora borealis during the closing weeks of the campaign.

And we have about made up our mind that Fannie Hurst's matrimonial scheme of marriage would get about as many votes in a crowd of married women as the King of England would receive for President of the Irish republic. The scheme is not human, therefore it will not work.

The eastern organs of President Wilson are asking that he be given fair play. It is a reasonable appeal, but it should be directed to the Democrats. It is not the President's political opponents, but those of his own party, who have been hauling and contemptuously and arrogantly flinging forth on a course of anti-Wilsonism that is fairly brutal.

The organization of the Harding Democratic League, composed of Democrats who will support Senator Harding because of their dissatisfaction with the policies and actions of the Wilson administration is announced in New York. It has an executive committee of 100 representing all parts of the United States. Rhinelander Waldo, the president, is a lifelong Democrat and has been Police and Fire Commissioner of New York.

AN ECHO OF HIS VOICE.

Throughout each deep blue night
The sea sings to the shore;
The stars take up the soft refrain
Swelling it o'er and o'er,

The moon repeats the wondrous lay
And to the listening earth
Recounts in mellowing, wavy light
The story of its birth.

The unwearied sun from day to day
Life's original fount proclaims
Each swelling bud, each flower that blows
Reflects the Master's divine name.

What though no real voice or song
In reason's ear these all prolong
Each singing in its separate way
An echo of the Creator's lay.

ARTIST'S KICKS SPEED DIVORCE.

Wife Wielded Boot, Declares Husband; Gets Decree.

Denies Her Statements That He Belittled Americans.

Court Awards Her Children, Half of Alimony Asked.

The marriage bonds which held Ernest S. Fair and Kate C. Fair together for seven years were severed yesterday by Superior Judge Crail, who granted the husband an absolute decree of divorce on the ground of physical cruelty. Mrs. Fair's suit for divorce was dismissed, but she was awarded custody of their two children and was given $75 a month alimony, half of what she asked. Three masculine attorneys represented Mrs. Fair, while the husband's counsel was Mrs. Najan Outright.

Mr. Fair is a real estate operator. Mrs. Fair is an artist. They were married after being acquainted three months. Mrs. Fair recently sued for divorce on the ground of mental cruelty and incompatibility. She charged that her husband was prejudiced and repeatedly spoke disparagingly of Americans and their manners. She also declared he was cruel. After hearing the story of the wife and numerous witnesses produced by her, Judge Crail decreed that her husband was prejudiced and repeatedly spoke disparagingly of Americans and their manners. She also declared he was cruel. After hearing the story of the wife and numerous witnesses produced by her, Judge Crail decreed to grant her a decree, and ruled that the husband's alibi be rejected.

Mr. Fair denied he had been niggardly in money matters and that he had made remarks derogatory to Americans. He said he is a naturalized citizen of this country. Among the witnesses who testified in behalf of Mrs. Fair was Prof. Kelso, head of the Naturalization School, who said Mr. Fair has lived in Los Angeles fourteen years and was naturalized three years ago.

Mr. Fair and other witnesses testified that his wife on frequent occasions kicked him so severely that medical attention was necessary, and that on other occasions she hurled dishes and culinary equipment at him.

HAS NO PAIN NOW

What Lydia E. Pinkham's Vegetable Compound Did for Mrs. Warner.

Onalaska, Wis.—"Every month I had such pains in my back and lower part of stomach I could not lie in bed. I suffered so it seemed as though I would die and I was not regular either. I suffered for a year and was unfit to do my housework, could only wash dishes once in a while. I read an advertisement of what Lydia E. Pinkham's Vegetable Compound had done for other women and decided to try it. It surely did wonders for me. I have no pains now and I can do my housework without any trouble at all. I will always praise your medicine as I do not believe there is a doctor that can do as much good in female weakness and you may use these facts as a testimonial."—Mrs. Lauren E. Ward, R. 1, Box 69, Onalaska, Wis.

The reason women write such letters to Lydia E. Pinkham Medicine Co. and tell their friends how they are helped is that Lydia E. Pinkham's Vegetable Compound has brought health and happiness into their lives. Freed from their illness they want to pass the good news along to other suffering women that they also may be relieved.

Louise Huff's Beauty Talk

Miss Huff, the dainty and charming actress of Vitagraph fame, is famous for her beautiful complexion and as an author of many articles on the subject of beauty, she has been persuaded to tell the readers of this paper how they may quickly acquire a clear, rosy-white complexion like her own. She says: "To get the best results your face should be thoroughly cleansed. Dr. Derwillo, which can be obtained at the toilet counter of any up-to-date drug or department store." This instantly beautifies the complexion and its use makes the results permanent. Over five hundred thousand girls and women are using Derwillo in preference to face powder and other beautifiers which are just as enthusiastic over it as Miss Huff. Be sure to read her large ad in the complexion soon to appear in this paper. In the meantime get Derwillo, as she recommended, and try it at once. You will be delighted with it and have a complexion for which every-one will compliment you.—[Advertisement.

BEHOLD MY WIFE!

HENEY FLAYS JOHNSON FOR LEAGUE RAPS

"Basest Political Motives" Inspire Fight, He Says; Gets Cheers for President.

Francis J. Heney, speaking last night in Trinity Auditorium, in defense of the League of Nations, bitterly assailed Senator Johnson, his one-time political bed-fellow, charging him with insincerity in attacking the League and declaring that, despite the California solon's opposition, the great majority of the American people favor the covenant. Johnson's assaults on the League, the speaker asserted, were based upon "the lowest form of human nature" and came "from the basest political motives."

"I once deemed it a privilege to follow this man," said Heney. "I looked upon him as an idol. I know him as if I had made him, as, indeed, many people have been so uncharitable as to say I made him politically."

Mrs. Shelley H. Tolhurst, who presided and introduced the speaker, warmly defended the League of Nations. "The world today is confronted by the results of the greatest war tragedy in history not because, as Senator Johnson says, there is a League, but because there was no League," declared Mrs. Tolhurst. "The women voters have come to understand that all other issues are trivial beside this one."

Mention of former President Roosevelt as one of the first advocates of a League of Nations evoked cheering, as did the speaker's defense of President Wilson.

"The great California Senator—I mean that in the past tense—has told you that this is Wilson's League, that he declined to receive advice from anybody" said Mr. Heney. "When he said that he spoke insincerely. He was not speaking from the heart, but in the interest of his own ambition. He was speaking insincerely when he told you that under the League covenant England, France and Italy would profit at the expense of the United States. That is not so."

Announcement was made that U. S. District Judge Bledsoe will speak in the interest of the League of Nations in Forum Hall, Mercantile Place, on Friday.

WANT WATER BONDS ON.

Public Service Commissioners Insist New Issue is Necessary.

Strongly urging the Council to place on the ballot at the election on November 2 a proposed $3,000,000 bond issue for extensions and betterments to the municipal water system, the Board of Public Service Commissioners yesterday adopted resolutions which will be received by the Council this morning, and a copy of which will also be sent to the Chamber of Commerce.

"The situation is serious," said Chief Engineer Mulholland at yesterday's meeting of the board. "We have work under way which must stop unless the bonds are voted. The city is growing at a tremendous rate and we must build reservoirs and extend and enlarge water lines if the people of the city are to receive water. The people appreciate the value of our water system, and have never failed to respond to requests for money to enlarge their system to meet demands."

The Council must act today or tomorrow on all proposed bond issues, if they are to appear on the November ballot, as the time limit expires on Friday. To date the Council has not authorized any bond issues for the November election.

ROOSTERS WIN OUT.

Council Committee Votes to Forget Protests; Let Fowls Crow.

Councilmen Mallard, Sanborn and Farmer yesterday threw up their hands in despair and publicly admitted that the problem of regulating the crowing of Los Angeles roosters is beyond them.

The Councilmen are members of the Health and Sanitation Committee, to which have been referred scores of protests against crowing roosters. For months the matter of passing an ordinance against the fowls has been hanging fire. Can the Council legally rule against roosters? Can it fix the hours when roosters shall crow and shall remain silent?

Yesterday the Councilmen mustered up courage and defied the rooster-protesters by voting to recommend to pigeonhole the entire matter and to permit the roosters to crow whenever and wherever they please.

BLIND, SEEKS DEATH.

Woman Sufferer Turns on Gas but is Found in Time.

Preferring death to a life of blindness, Mrs. E. A. Sherrod, 35 years of age, 1749 Fifth avenue, Venice, attempted to end her life early last night by inhaling gas.

She was discovered by her husband a short time after she had lost consciousness and heroic use of a pulmotor brought back the spark of life that had all but gone. Although she is still in a critical condition, physicians express hope for her recovery.

Mrs. Sherrod has been a sufferer from eye trouble for a long time and recently total blindness has resulted.

KNIFE FOR SURGEON.

Widely Known Practitioner will Undergo Operation on Spine.

Dr. John C. Ferbert, one of the most prominent and best-known surgeons in Southern California, who has been confined to his bed for nearly three months by a spinal affliction, will undergo an operation at the California Hospital today, in the hope of regaining his health. His friends of the medical fraternity stated last night that the operation was decided upon as a last resort.

Dr. Ferbert has resided here many years and enjoys, perhaps, the widest acquaintance of any physician and surgeon in the city. He went overseas with Dr. Rea Smith's hospital unit during the war.

W. H. MORSE, of Seattle, Wash., who says he can now turn out as much work as he could thirty years ago, in spite of his age. Gives Tanlac credit for his splendid health.

"I am in my eighty-fifth year, but since taking Tanlac I am as hale and hearty as I ever was and can do as much work as I could thirty years ago," declared W. H. Morse of 52 Blaine street, Seattle, Wash. Although in his eighty-fifth year, Mr. Morse is still daily to be found engaged in hard work down at the Ames Shipyard and is remarkably well preserved for his years.

"Last spring I had an attack of the flu that left me in a very badly rundown condition and so weak that I could hardly get around. For a long while I had a very bad cold that I couldn't shake off and my bronchial tubes were so choked up that I was coughing all the time. I had no appetite and, in fact, ate so little that I was steadily losing weight. I couldn't sleep at nights and became very much worried about my condition, because I couldn't find anything to straighten me up and restore my lost strength.

"I saw by the papers what fine work Tanlac was doing for other folks, so I got some for myself. It did me good right from the start, for in a very short while my cough left me, and I was eating fine and sure did enjoy every mouthful. I slept better at nights and was soon feeling much better in every way. I have gained seven pounds in weight and am so much stronger that I can turn out about as much work as most any other man, in spite of my years. Tanlac certainly must be a great medicine to put me on my feet like it has, and I'm glad of the chance to tell everybody about it."

Tanlac is sold in Los Angeles, Pasadena and San Diego by the Owl Drug Stores.—[Advertisement.

DEATH CLAIMS PROMINENT MAN

Scion of Wealthy Family Dies at Pasadena.

Rumored Changes in Hotel Management Denied.

Dr. Hodgdon Now Physician of Crown City Schools.

[LOCAL CORRESPONDENCE.]

PASADENA, Sept. 28.—Augustine L. Campbell-Johnston, scion of the family which owned the great San Rafael rancho, which once included parts of San Rafael, Annandale and Garvanza and which erected the Church of the Angels, Garvanza, died suddenly here today. Death occurred at Mr. Campbell-Johnston's home, 461 South Fair Oaks avenue, and was due to heart failure.

Mr. Campbell-Johnston recently purchased a beautiful new home on San Rafael Heights, overlooking the Campbell-Johnston rancho and the country church, which was erected by him and his mother, brothers and sister in memory of their father, Mr. Campbell-Johnston, Sr., who bought the San Rafael rancho in 1882, shortly after bringing his family here from England.

One of Mr. Campbell-Johnston's brothers, Conway Campbell-Johnston, and his wife, lost their lives when the Lusitania was sunk by German submarines during the war.

Surviving Mr. Campbell-Johnston are his widow and five brothers and one sister. The sister and four brothers, Lewis, Malcolm, David and Archibald, reside in England. Another brother, Ronald, lives in Vancouver, B. C. The only blood relative in this vicinity is Robert H. Lindley, manager of the San Rafael rancho, which the Campbell-Johnston family still owns.

Mr. Campbell-Johnston was born in England and came to this country with his parents years ago. He was 61 years old. Within the past year he and his wife visited England.

The funeral will be held Thursday morning at 11:30 o'clock at the Church of the Angels.

CHANGES ARE DENIED.

Recent rumors of probable changes in the direction and official personnel of the California Hotel Company, operating four of Pasadena's large tourist hotels, were denied today in a statement by J. B. Coulston, president and general manager. He stated that he and his partner, A. M. Andrews, owned two-thirds of the stock of the company and that no changes in the board of directors or officers would be made or were in contemplation. It was also announced that the company had perfected its organization now and that more of the details of management would devolve upon department heads, relieving Mr. Coulston of such details.

APPOINTED SCHOOL PHYSICIAN.

Dr. Frank W. Hodgdon was today elected school physician by the Board of Education for Pasadena school district. He is a graduate of Harvard Medical School and was a medical officer of the army during the war. He came here after the war to practice. Dr. Hodgdon will be medical officer of the child welfare bureau of the Pasadena schools.

MATRIMONY HITS Y.W.C.A.

So many members of the Altior and United for Service clubs of the Pasadena Y.W.C.A. have been married the last few months that these organizations were beginning to languish. They have been revived, however, by a movement to get the married members to retain their membership and form a young matron's auxiliary to the organization.

CARS OF ORANGES READY FOR MARKET.

TONS TO BE SHIPPED FROM SANTA ANA—RAILROAD RUMORS.

[EXCLUSIVE DISPATCH.]

SANTA ANA, Sept. 28.—Six hundred cars of Valencia oranges remain in Orange county to be shipped and these are expected to bring the best prices of the season during the next few weeks, according to local citrus men.

The markets of the East are fast being cleared of deciduous fruits and the outlook is considered exceptionally bright for fancy Valencia prices from now on. It is said nearly all of the Valencia crop outside of Orange county will be en route to market within a week or two.

RAILROAD RUMORS.

Rumors of impending extensions by the Salt Lake Railroad from Whittier to Santa Ana, and to Newport Harbor, begun three years ago, but halted by the war, were revived here today by the presence in this vicinity of Salt Lake officials, who are interviewing business men with a view to developing freight tonnage for the line when it is completed.

Another rumor that the Salt Lake was anticipating an eventual extension to San Diego is in circulation, but has been neither admitted nor denied by railroad officials.

SANTA ANA LICENSES.

[EXCLUSIVE DISPATCH.]

SANTA ANA, Sept. 28.—Marriage licenses here: Earl A. Lucy, 27, and Lillian Brandstetter, 24, both Los Angeles; Harry Charles Webber, 23, Los Angeles, and Kathleen E. Geary, 20, New York; Floyd Rogers, 25, Orange, and Freda Elsie Kathleen, 19, Anaheim; Woody Monroe Pulliam, 21, Los Angeles, and Sarah Alice Lahr, 19, Venice; Hermon Ludolph, 45, Los Angeles, and Mamie C. Helsler, 45, Long Beach; William T. Mauck, Jr., 27, Los Angeles, and Lena Woolpert, 21, Delia, Kan.

ROAD IMPROVEMENT.

Riverside to Pave Four-mile Driveway.

[LOCAL CORRESPONDENCE.]

RIVERSIDE, Sept. 28.—Preparation of the necessary ordinances giving the city authority to permanently improve Magnolia avenue as an act of the municipality, without the necessity of calling for bids, was referred by the Council this morning to City Attorney Estudillo, who advised that the charter gave the Council power to adopt such measures.

The proceedings contemplated will call for a six-inch macadam pavement, with curbs and gutters, for both driveways, extending from Arlington avenue to the city limits, a distance of more than four miles. One-third of the cost is to be borne by the city and the remainder by the property owners included in an extensive district. It is proposed to construct two miles of roadway each year.

HARDWARE MEN MEET.

RIVERSIDE, Sept. 28.—Two hundred and fifty delegates are expected to be in attendance at the annual meeting of the southern division of the California Retail Hardware and Implement Dealers' Association, which will open here at 10 o'clock tomorrow morning. The business session and the banquet, scheduled for 7 o'clock, will be held in the Mission Inn.

HOLD TAILOR FOR LARCENY.

Officers Accuse One-Day Employee of Theft.

Civic Center Project Considered at Pomona.

Mission Indian's Long Life Comes to Close.

[EXCLUSIVE DISPATCH.]

POMONA, Sept. 28.—T. D. Noteman, who was employed by John P. Evans, local clothing dealer, on Thursday, September 23, the day before the store was entered by a burglar and $1000 worth of merchandise was taken, is now in the City Jail awaiting arraignment on a charge of grand larceny. The man left the employ of Evans on the evening before the burglary and when arrested by Los Angeles detectives was working for the Pacific Electric Railroad.

According to Constable Slaker, Noteman appeared at the Evans store Thursday morning and applied for a position as a tailor. He was employed, but left the same evening, expressing dissatisfaction with the work. That night the store was robbed of ninety silk shirts, a suit of clothes and other articles. He will be arraigned before Justice of the Peace White tomorrow.

Plans for the consolidation of the proposed new fire hall and jail into one building, to be erected on the land owned by the city in the block directly south of the present City Hall, were discussed by members of the City Council with Robert H. Orr, Los Angeles architect, at this afternoon's session of the Council. The Council instructed Mr. Orr to draw up temporary plans for such a building, which plans to be submitted to the Council at an early date. This is the first step in the city's proposed new civic center.

MISSION INDIAN DIES.

Ramona Sierras, "one of the landmarks of Southern California," a mission Indian, known in all the cities of this part of the State, died at the Pomona Valley Hospital this afternoon following a stroke of apoplexy yesterday morning at the Evergreen ranch at Laverne, where he has been employed during the last four and a half years.

Sierras came to California with his father about seventy years ago when the tribe of which they were members was defeated by the Mexicans. They first went to San Bernardino and then moved to Riverside. He was known as one of the most efficient horticulturists in Southern California. The Indian is survived by a wife and daughter. The body will be taken to Cahuilla for burial.

SANTA BARBARA TO ISSUE SCHOOL BONDS.

[EXCLUSIVE DISPATCH.]

SANTA BARBARA, Sept. 28.—By a vote of 1347 to 77, or more than 17to 1, Santa Barbara at a special election today voted bonds in the sum of $29,000 to build two new school houses. The buildings are to replace one pioneer structure that has been condemned and another where overcrowded conditions make larger quarters necessary.

CALLS NEW LAW VICIOUS.

L. H. Roseberry, a former State ...ator, will talk to the members ...the City Club at noon today on ...proposed community property ...which appears on the November ...ot as proposition No. 13.

The former Senator is opposed to ...measure for reasons which ap... to business men. He argues ...it will seriously affect credits, ...ll place upon every person having ...ness relations with married per... the burden of segregating their ...erate and community property ...ts advancing credit. Such a ...sition, he contends, will result in ...bable loss and confusion.

He also calls attention to the ...ssible in which a favorable vote ...the measure would threw all ...ortain matters. Under the terms ...f the bill, against which the refer... was successfully invoked last ..., every existing will and testament would be potentially invalidated, for neither husband nor wife may devise community property, except to children or grandchildren, without the written consent of the other.

Thousands of wills, according to Senator Roseberry, will never receive such consent and the testator will go to his death in the firm conviction that he has made a good and lawful will. As a matter of fact all of his bequests, charitable or otherwise, fail, and even his children may be disinherited.

Men with business will be in danger of losing control over their own affairs through the injection of an executor, and they will often be forced into unwilling partnership with outsiders.

The law is said to contain so many jokers, and be so filled with danger to the business interests of the State, that a determined effort is being made to reach the voters and to explain to those who have given the matter little thought some of the pernicious results of the act should the referendum be affirmatively decided.

Negro Council Not in Plan to Supplant Japs.

While prominent local negroes are endeavoring to interest others of their race in truck gardening and berry growing here in an effort to supplant the Japanese, it appears that the Industrial and Commercial Council of People of African Descent was erroneously reported as being a prime mover in the scheme.

The following statement issued yesterday by the press committee of the council, which is now holding a convention here, clearly outlines its attitude in the matter. It says:

"Whereas, an article in The Times of September 28 stated that the negro would supplant the Japanese, we wish to inform the public that no such question ever came before the convention, and that we are in sympathy with all suffering humanity who are struggling for equal opportunities as guaranteed them by the Constitution of our Federal government."

The statement was signed by J. W. Coleman and R. Conkling Wassom.

BURNED OUT; GETS LAND

Homesteader is Awarded Acreage Though Residence was Terminated.

Melvin Phillips, homesteader on a seventy-acre tract in the Santa Barbara National Reserve, near Fillmore, who lost his house, barn and outhouses by a fire that swept the big woods in 1917, will retain possession of the property, by an opinion received yesterday from the General Commissioner of the United States Land Office.

The Forest Service protested the entry on the ground that Phillips had not lived on the land the required time, but as he was burned out the officials held that he had sufficiently complied with the law.

PRODUCER OF CINEMA FEATURES IS FREED.

Judge Jackson yesterday granted William C. Forsythe, cinema producer, a divorce from Alice M. Forsythe, on the ground of desertion. Mrs. Forsythe is said to be in New York. She is said to have left her husband in 1916, after a married life of thirteen years. Mr. Forsythe came to Los Angeles to make his home nearly three years ago.

CALLED SUCKER ON SUGAR BID.

Witness in Lever Law Trial Tells Judge of Buy.

Glad to Get Sweet Stuff at High Price Offered.

Auctioneer Being Tried on Profiteering Charge.

"Sugar, sugar, sugar, who's got the sugar?"

That was the cry of the crowd that packed the auction going on at the grocery store of A. Phillips, on West Temple street, on December 2, last, when eight sacks of the sweet stuff were about to be put on the block by Nat Shapiro, the auctioneer, according to the testimony of Special Agent Mall of the Department of Justice in the United States District Court yesterday, in the trial of Shapiro and Phillips for asserted violation of the Lever law, in selling 800 pounds of sugar at 16 1-4 cents, when the figure of 12½ cents a pound had been fixed by the government.

Everybody was so anxious to get sugar that the bidding was lively, Mr. Hall said, and according to the announcement of Shapiro, the bidder could take one or all eight sacks of 100 pounds each. The local sugar shortage was on, and all the housewives in the neighborhood were on hand to bid.

The eight sacks were knocked down to Frank Hobart, a lunch-counter man, at 16 1-4 cents a pound, after all the other bidders had dropped out. Hobart testified that they all told him he had been "bitten" and that he was a sucker to pay such a high price. But he was glad to get it.

Testimony was offered to show that on the date of the sale the wholesale price of sugar was $11.90 to $12.05 per 100 pounds, and that the government regulations allowed the retail dealer a profit of 1½ cents a pound in excess of that.

U. S. District Judge Bledsoe evinced much interest in the testimony regarding the sugar market at that time, especially when he discovered that the wholesale dealers did not make as much money at the high price as they did when sugar sold for $5 per 100 pounds.

The case will go to the jury today.

WOMEN'S WORK, WOMEN'S CLUBS.

BY MYRA NYE.

Woman's City Club.

"I am not here to speak evil of the liquor traffic, for my mother always taught me to speak no evil of the dead. I am not here to speak for prohibition, for that is not the issue in the November election," said Dr. Ira Landreth to a large audience Monday at the Woman's City Club.

"I am here to make the plea for California to uphold the Constitution of the United States. The Eighteenth Amendment for prohibition is as much a part of the Constitution as is the Nineteenth Amendment, the one for women's suffrage, as much as the one abolishing slavery. In these days when anarchy is working its hideous evil by force, when Bolshevism is rampant, we need more than ever to respect and uphold the instrument of government which is the Constitution."

George S. Porter, representing the Italian vineyardists, the California Grape Growers' Exchange and the National Defenders, an organization which the speaker explained admitted to its membership service men that the American Legion excluded, spoke in opposition to Dr. Landreth.

"The law does not represent the will of the people," Mr. Porter said, adding that the enforcement of the law would subject citizens to search and seizure.

Mrs. Herman Darling, president of the club, asked those who had not registered to rise. Only three out of more than 300 so indicated. This was in favorable contrast to the group of twenty ministers, of whom Dr. Landreth said that eight had not registered and did not know it was necessary to do so before Saturday night of this week in order to vote at the November election.

DAMAGE AWARD VALID.

Appellate Court Affirms Judgment in Car Collision Case.

A judgment of Superior Judge York, who awarded Henry S. Humphrey $5635 damages for injuries received Oct. 3, 1918, in a collision of his automobile with a car owned by the United States Macaroni Company, was affirmed yesterday by Department One, District Court of Appeal. The higher court found that the defendant corporation was at fault and that the damages are not excessive.

WILL BE TAKEN EAST.

Man Held Here on Burglary Charge Also Wanted in New York.

Jack Harris, aged 28 years, alias Jack Lewis, held in the County Jail since the 1st inst. on a charge of suspicion of burglary, was transferred yesterday to the City Jail pending his removal to New York City where a more serious charge of burglary is included in an indictment against him, police authorities stated.

Harris was arrested the 1st inst. in company with Jacob Lewis and James Gorman. Gorman later forfeited his bail and Lewis died from the effects of a bullet wound inflicted by Detective Finilson when the arrest was made.

GETS TARDY RETURN.

Forest Service Eucalyptus Grove Trial Gives no Profit.

The United States Forest Service has finally received some return on its program instituted some years ago on the Angeles National Reserve, of planting eucalyptus trees, by the sale of fifty cords of the wood at Del Rosa in San Bernardine county, to J. H. Downey and Don C. Tyler at $2.15 a cord. It is the only money that the government has realized from the project.

Fine Policeman for Too Great Business Zeal.

Found guilty of soliciting and delivering bundles of clothing for his wife's cleaning and dyeing establishment more actively than he pursued crooks, Patrolman Edward A. Crandall was yesterday fined $100 by the Police Commission, and in addition, the Chief of Police was directed to transfer Crandall from his present assignment at the University Station to another division.

Crandall, given a hearing yesterday morning by the commission, denied statements made by Police Sergeant R. H. Schofield, who reported he had seen Crandall carrying bundles of clothing while on duty. Mrs. Crandall testified that she owns the dyeing business.

ON VOLSTEAD CHARGE.

Supposed Whisky Transporter is Held in Heavy Bond.

Paul E. Shindler, who said he had been employed by the army and navy stores in this city, was arraigned before U. S. Commissioner Long Monday on a charge of violating the Volstead Act, in having brought up from El Paso, Tex., a trunk containing forty-seven pints of whisky. He was held in a bond of $1000.

The liquor was found at the Arcade Station by Frank E. Johnson, special agent of the United States Treasury Department, who was looking for other contraband at the time.

Although it was testified that Shindler gave a delivery driver the check for the trunk, on the stand Shindler denied that the receptacle belonged to him. He could not imagine how the liquor got there, he said.

TWO BUREAUS MERGED.

Council Cuts Expenses; Will Soon Select Heads for Az.

The Council yesterday passed the necessary ordinances merging the city's testing laboratory and the bureau of oil inspection, thus saving an annual expense of more than $3000, occasioned by duplication of activities. The Board of Public Works will be in charge of the combined laboratory.

Which members of the combined staffs are to remain and which are to be dropped rests with the board, which will receive a list of eligibles from the Civil Service Commission. Before the laboratories were merged, T. A. Fitch was in charge of the testing laboratory as chief chemist, and C. A. Blackmar was in charge of the bureau of oil inspection.

ENROLLMENT TO HIT NEW MARK.

Classes Open at California Technology Institute.

Notable Increase in Number of Graduate Students.

More Appointments to Staff of Teachers Announced.

With a full staff on the ground, class work at the California Institute of Technology for the new year began yesterday morning. Although registration figures are not available, as the enrollment is still incomplete, many students having been delayed in returning from summer work, it is clear that the student body will exceed in number the enrollment of last year, which was the banner year up to that time.

A notable feature of the enrollment is the increased number of graduate students, candidates for master's and doctor's degree under Dr. A. A. Noyes in the department of chemistry and Dr. R. A. Millikan in the department of physics, and their assistants. These students come from all sections of the country, having taken their bachelor degrees in various institutions of learning and a number of them holding graduate fellowships in the departments of physics and chemistry. Frank J. Hill, recently appointed teaching fellow in physics, is to study aeronautics under the direction of Dr. H. Bateman and A. A. Merrill of that department.

Another notable feature of the enrollment is the large group of students coming with advanced standing from other institutions.

Among those enrolled in the first-year class is the winner of the contest conducted in 1919 in the Southern California high schools by the Southern California section of the American Chemical Society. The California Institute of Technology offered a one-year scholarship to the winner of this contest. The student who won last year and now takes up his work is Sidney Duncan of the Hollywood High School.

NEW STAFF MEMBERS.

New appointments to the staff of the institute, announced yesterday, are as follows:

James Byron Friauf, instructor in physics. Mr. Friauf received the degree of bacheler of arts from the University of Montana in June, 1918. After serving in the army he entered the University of Chicago early in 1919 and has been a student there since that time. His appointment was made upon the recommendation of Dr. R. A. Millikan, director of physical research at the institute. Mr. Friauf takes the place of Warren Weaver, resigned.

Fred J. Converse, instructor of civil engineering, in place of Frank J. Gilloon. Mr. Converse is a graduate of the University of Rochester, 1914. He has spent a number of years in practical professional work, including employment with the State barge canal in New York, the Cleveland Electrical Illuminating Company, the General Electric Company at Lynn, Mass., the Gleason Manufacturing and Gear Works, Rochester, and the Los Angeles Bureau of Power and Light. He was also instructor in mechanical engineering at the University of Rochester from 1916 to 1918, and during the war served first with the bureau of craft production and later in the engineer officers' training camp at Camp Humphreys.

Raymond Ager and Edward G. Forgy, assistants in mechanical engineering. These two men are senior students at the institute and the leaders of their class. Raymond Ager received the travel scholarship prize this last year.

The opening assembly will be held next Monday. The program will be as follows:

Devotional exercises, conducted by Dr. Robert Freeman.

Introduction of new members of the faculty.

Announcements.

Report from the Society for the Promotion of Engineering Education—Prof. Van Buskirk.

Reports from the R.O.T.C. engineer camp by students who attended.

Prof. Clinton K. Judy, chairman of the faculty, will preside at assembly.

The executive officers of the institution are just in receipt of a letter from Bertram G. Goodhue, architect for the Norman Bridge physical laboratory, saying that he is rushing work on the detailed plans for the building, and it is expected that the contractor will be able to start excavations soon.

Refuses Plea to Return as College Head.

Dr. John Willis Baer, former president of Occidental College, will not return to that position, in spite of the fact that while he has been in San Francisco for the last ten days the students of the college petitioned the trustees to have him resume his old work. Dr. Baer, accompanied by Mrs. Baer, returned Monday from the Bay City and said that the severance of his official connection with Occidental College is final.

"I have not heard anything about the petition," he said, "but if it exists it is certainly a fine compliment and it warms the cockles of my heart. There is no job comparable to that of a college president, especially a college of the spirit and purpose of Occidental. I had ten years of it and then my health gave out under the financial strain and under no circumstances could I undertake the difficult work again.

"Some time ago I accepted an invitation to speak at the first regular student assembly, which comes this morning, and I look forward to seeing the new students and will personally thank them for their invitation to become their president, but my reply must be emphatically no."

THREE STATE PICNICS LISTED FOR OCTOBER.

Sycamore Grove will be the scene of three large State reunions and picnics on the first three Saturdays of October. Members of the New York State Society will meet there next Saturday, October 2. On October 9 the Loyal Illinoisians, a different organization from the Illinois State Society, will gather in the grove, and on October 16 the Missouri State Society will hold a reunion there.

is the yield of C. L. BEST TRACTOR CUMULATIVE PREFERRED STOCK, if held until retired.

A government bureau estimates that 420,000 tractors will be needed in 1921. This is 170,000 more than the total built since the tractor was invented.

And because Best Tractors in South America, Italy, the Philippines, Cuba, Hawaii, the timber swamps of Arkansas, the forests of Washington, the fields of California and the varied industries of the world have proved their mechanical superiority, the company is now compelled to double the capacity of its plant.

DAILY TRADE TALK.

Speculative Food Markets Register Decline; Cotton Stagnant.

BY CHAPIN HALL.

In a market letter issued yesterday by the Alfalfa Growers of California it is said that "The speculative markets for wheat, corn, meats, lard, cotton, etc., have been declining steadily and are now lower than they have been for a long time, in spite of the continued high prices of almost everything else.

"The explanation is that this country produces a large surplus of the articles named, which surplus Europe needs badly and is anxious to buy, but has not the money to pay for, and our country is at present not in position to sell on credit to the necessary extent.

"The situation is different in regard to production of milk and butter; of these the United States does not produce a surplus, on the contrary there is a shortage which in some centers is threatening to become acute, especially as regards milk.

"To increase the production sufficiently is a slow process; it is a matter of at least several years.

"The present export situation should therefore not affect the market for dairy products, and least of all hens, where alfalfa is the principal dairy feed, and the alfalfa production of the State is this year below normal in acreage and yield.

"There were 1000 tons of hay of all kinds received on the Los Angeles tracks the week ending September 25 and 350 tons held over as against 930 tons the week before."

Yesterday's Los Angeles quotations established the price of fancy dairy alfalfa at $37 per ton; No. 1 dairy alfalfa, $31; standard dairy, $27; stock hay, $22.

COTTON SITUATION.

Arizona cotton growers, and that includes almost the entire population of the Salt River Valley, are rejoicing over assurances said to have been given yesterday by the Goodyear, Fisk and Firestone tire interests that nothing but the long staple is to be used in the best of their output. This statement came as the result of rumors to the effect that they were considering a turn to southern cotton, a rumor declared by Phoenix advices to The Times to be absolutely without foundation. The present stagnation, it is agreed, is due entirely to business conditions and to the fact that tire consumption for the year had been overestimated.

Although market conditions for the Pima long staple, which is the backbone of the Arizona cotton industry, have been none too good, there is no pessimistic tendency manifested by growers who express the fullest belief that the market must reform very soon, and that the quality of the southwestern long staple will insure a ready sale for every pound of lint Arizona can produce.

The slack demand has, however, had a serious effect upon the money market in Phoenix. The banks have protected the growers as far as good practice permits, and because of the large advances made necessary by the conditions have been unable, at times, to finance other enterprises of a development character.

The land-owning cotton growers usually have been able to get all the money they have needed for handling their crop, but there is a pinch among the renters, obligated usually to pay above $50 an acre for the lands they have planted.

Very little cotton is being sold at the prices offered for spot, varying from 40 to 70 cents a pound. A number of associations have been helping the banks, advancing even 40 cents a pound on warehouse receipts.

One association has started shipping to New Orleans. Much long staple will go for storage to New England points, where there may be inspection by buyers and immediate delivery when sold.

Connections are being worked up with English spinners, who are to be visited by a personal representative of the Phoenix growers, and inquiry has come from Germany from a factory which handled 40,000 bales a year of Egyptian before the war.

KLEIN LEAVES UNION BANK.

Morris Klein, who has been secretary and assistant cashier of Union Bank and Trust Company since its organization, in leaving that institution on October 1, to assume the presidency of the Eagle Garment Company with headquarters and factory at 341 South Broadway.

Mr. Klein is one of the most widely known bank officials in Southern California; a resident of Los Angeles for thirty years, during all of which time he has been actively identified with the Kaspare Cohn interests.

Mr. Cohn having been the founder and first president of the Union Bank, when it was known as the Kaspare Cohn Commercial and Savings Bank.

The officers of the Union Bank tendered Mr. Klein a dinner last evening at Marcola. Besides Mr. Klein there were present Ben R. Meyer, president; Milton H. Getz, vice-president; J. C. Lipman, vice-president; P. C. Turman, cashier; P. E. Neuschaefer and J. W. Lewis, assistant cashiers, and A. L. Lathrop, trust officer.

PREFERRED STOCK ISSUE.

E. H. Rollins & Sons yesterday announced a new issue of $2,500,000, 8 per cent cumulative preferred stock of the B. & O. & R. Knight Company and $7,500,000 first mortgage, ten-year, 7 per cent sinking fund gold bonds.

The bond issue is dated Sept. 1, 1920, and matures on Sept. 1, 1930, and the bonds will be sold at 94 and interest, to yield 7.88 per cent. The preferred stock is being sold at 94. Both issues are fully protected by a sinking fund, the stock to be retired within twenty-five years, while the sinking fund established for the bonds will retire 25 per cent of the issue before maturity.

The earnings of the company from Jan. 1, 1917, to Aug. 34, 1930, have averaged four times the bond interest requirements, and eight times the dividend requirements on the company's stock. Net quick assets of the company are equivalent to $1000 for each $1000 bond, and the tangible assets amount to $4000 per $1000 bond. After deducting the amount of bonded debt, the tangible assets equal $600 per share of preferred stock.

The properties of the company consist of seventeen cotton and textile mills situated in Massachusetts and Rhode Island, together with tenements, workmen's villages, and farms.

The stock syndicate is composed of E. H. Rollins & Sons, Spencer Trask Company, Nathan & Co., and Bond & Goodwin, while the bond issue is underwritten by E. H. Rollins & Sons, Bond & Goodwin, Harris Forbes Company, and Parkinson & Burr.

STRONG INVESTMENT MARKET.

In eastern financial circles the feeling is prevalent that following the elections in November there will be an active investment market throughout the country, according to A. E. Fitkin, president of the firm of A. E. Fitkin, investment banker, who is here from New York inspecting the local office of the firm, which was opened about three weeks ago. "A great deal of big financing is ready to be made public," says Mr. Fitkin, "but eastern bankers are holding back until the results of the election are known; after that, there will be redoubled activity in the investment market.

"The East is greatly interested in the development of California and its resources, and in the near future we will see a great deal of eastern capital coming into California for the development of its oil fields. Through past experience, the East has learned how to go about the development of these resources, and we will be able to make our money go much further than we did in our former ventures."

According to Mr. Fitkin much of our hope for cheaper prices lies in cheaper labor. "We must also readjust our tax laws, before we can expect prices to recede materially," he said.

BOSTON SITUATION.

There has been no general alarm felt in financial circles over the recent troubles of several Boston banks. The difficulty has been localized and much of it is traceable to the operations of Ponzi and his get-rich-quick schemes. All was quiet there yesterday and there was no run or unusual demands on any of the banks.

BIG WELL COMES IN.

H. E. Davis, manager of the A. W. Coote offices yesterday reported information "from sources regarded as beyond question," that General Petroleum, drilling on its own account, had brought in a 40,000 barrel well in the Tampico district, Mexico, where there are easy transportation and marketing facilities. This means an addition of about $40,000 a day to operating income.

LOS ANGELES STOCKS.

Sentiment plays its part in the stock market. Ditto temperament. Yesterday there was both sentiment and temperament on display. The atmosphere was more cheerful than on the preceding day, and the market wider and stronger. Several issues crept upward, and the trading was in heavier volume than for several days.

Both mines and oils were active. General Petroleum was in vigorous demand and small lot transactions were numerous at an average price of $128 with sales as high as $137. Mascot Oil, which has been flirting with the $2.40 mark opened at $2.25 advanced to $2.27 and reacted to a close of $2.26. Union of Delaware rang the bell at $26 and Associated at $93.50.

Gold Ore was a big trader in the mines and there was evidence that an inside group is picking up large blocks of this stock, 135,000 shares changing hands between 3 and 4 cents. Virginia Louise held a place

Direct Thro' The Merchant

Standing to the investing public as Merchants rather than Brokers of the securities we offer, we are in a position to provide that degree of protection which always accompanies dealings at first hand.

We are Merchants of Street Improvement Bonds buying for our own account every issue we offer after critical examination of the security and the legality of its issue. We have on file maps and complete data covering every one of our offerings and maintain an experienced Service Department for the benefit of our clients and without cost to them. Sixteen years of experience in handling millions of dollars of these tax-exempt bonds supports our recommendation of them as among the safest of all tax-free offerings at prices to net 7 per cent.

As originators of the trust arrangements under which they are issued and as responsible for the exceptional safeguards which they provide we are also headquarters for:

Six year—Normal income tax paid—Mortgage Trust Certificates—Secured by selected first mortgages on moderate-priced homes—plus the guarantee of a strong company. And sold at prices to yield 7½ per cent.; and

One to two year—Convertible Trust Certificates—Secured by approved sales or lease contracts upon automobiles with suitable excess margins—plus the guarantee of a responsible company. And sold to yield 8 per cent.

May we discuss with you the different features of these three securities and assist you in selecting the one which will best meet your particular requirements.

NEW YORK STOCK EXCHANGE

[BY A. P. NIGHT WIRE.]

NEW YORK, Sept. 28.—Variable recoveries in the stock market today were attributed to an impression that the recent reversal had exceeded the limits of safety. This, at least, seemed to be the conclusion reached by a considerable faction of the professional element who covered or took profits, especially in some of the more stable leaders, notably rails and oils.

There was further sporadic selling of motors and their subsidiaries and shippings, leathers and food shares. Some of these issues added 1 to 6 points to recent declines.

Steels, equipments and associated shares were less erratic, but the opinions voiced by trade authorities were mostly that new business continued small. Similar reports issued from the metal trade, accompanied by intimations of private price concessions.

Among rails the usual cross currents were again operative, strength and activity being confined to low price coalers and grangers, also cotton carriers, while representative transportations moved within a relatively narrow groove, excepting the transcontinental division. Sales were 775,000 shares.

Successful flotation of the $20,000,000 loan to the government of Norway strengthened exchange to that and other North European countries. Liberty Bonds contributed a very large proportion of irregular prices to the day's heavy trading in bonds. Foreign issues were again featured by United Kingdoms of 1937 at a further advance of two points. Total sales, par value, aggregated $22,500,000. Old United States Bonds were unchanged on call.

KINGDOM OF NORWAY

Twenty-year Eight Per Cent Sinking Fund External Gold Bonds

Dated Oct. 1, 1920 — Due October 1, 1940

Interest payable April 1 and Oct. 1, coupon bonds in denominations of $1000 and $500 registerable as to principal only. Principal, premium and interest payable in New York City in United States gold coin of present standard of weight and fineness at the National City Bank of New York without deduction for any Norwegian taxes, present or future. Payments shall be made in time of war as well as in time of peace whether owners of bonds are citizens of a friendly or a hostile state.

As a sinking fund, the Kingdom of Norway agrees to set aside annually the sum of $1,000,000 in equal quarterly installments commencing Jan. 1, 1921. The National City Bank of New York, as fiscal agent, will apply all sums received by it on account of the sinking fund prior to August 1, 1930. Toward the purchase of bonds in the open market, if obtainable, at not more than 110, and interest; any balance remaining unapplied on Aug. 1, 1930, will be applied on October 1, 1930, to the redemption of bonds by lot at 110. Commencing April 1, 1931, and semi-annually thereafter sinking fund payments will be applied to redeem bonds by lot at 107½. Bonds are callable as a whole on any interest date at 110

YELLOW TAXI CAB
STOCK WITHDRAWN 6 P.M. TODAY
We have been officially advised that the company will not accept orders for stock after 6 p.m. today.
It is understood that the earnings of the fleet of cabs now in operation are of such volume as to cause the company's action in withdrawing further sale of stock. It being stated that last Saturday's earnings were upwards of $600.00, and that each day shows increasing success.
It should be borne in mind that only 75 cabs are now in operation, it being understood that 25 additional cabs are being forwarded to reach here as quickly as possible, which should double daily earnings.
$10.00 Per Share
The price at which stock is available today, prospects, we believe, an unusual opportunity to purchase stock in an enterprise that has first PROVEN ITS SUCCESS, and with no further company stock available, it will be necessary to purchase in the open market at prices which we predict will be decidedly higher tomorrow morning.

COTTON MARKET SHOWS CONTINUED ACTIVITY.

NERVOUSNESS FEATURES THE EARLY OPENING; FLURRY OF BUYING OCTOBER.

[EXCLUSIVE DISPATCH.]

NEW YORK, Sept. 28.—The cotton market showed continued nervousness and activity during today's early trading. The opening was firm at an advance of 7 to 20 points on covering and buying for a reaction from 21.70 to 21.48 cents, but the covering movement continued and the market showed a better tone than it did yesterday. Only one October notice was reported in circulation. There were three private cotton reports each of them indicating more than the average September deterioration.

One of the private reports made the condition on ginned 60 last month while another placed it at 63.6 against 68 last month, and the third made it 67.9, indicating a crop of only 11,640,000 bales. These figures seemed to attract comparatively little attention, however, and after a sharp advance of 30 to 115 points on covering and Wall-street buying, prices turned easier under continued southern selling, nearly all the gains being lost before midday.

A flurry of buying by October shorts in the afternoon carried the list well over the day's high advance of 200 points from the low level of the morning and 160 points net higher. Later declines of 140 to 160 points net higher, but later fluctuations were irregular.

CHICAGO GRAIN PRICES FLUCTUATE RAPIDLY.

SHORT COVERING TOWARD THE CLOSE MAKES FOR A GOOD RALLY; BUYING RUSH.

[EXCLUSIVE DISPATCH.]

CHICAGO, Sept. 28.—Grains made their highest prices at the start and the lowest shortly afterwards. Prices fluctuated rapidly within a relatively wide range but short covering toward the last made a good rally and the finish was well toward the top. Wheat and corn closed 1@1¼ cent lower while oats were off 1¼ cents and barley 1 cent. Rye was ¼ cent lower on September and 1½ cents higher on December.

Heavy selling by strong commission houses forced December wheat off 4¼ cents early to $2.19 from which figure it rallied to $2.24 later on buying by houses with seaboard connections and short covering.

No. 1 red on spot sold at 20 cents over Dec. No. 1 hard at 13@13½ over December with No. 1 red $2.40 and No. 1 hard at $2.34@$2.37½. St. Louis was 10@3 cents lower.

Traders showed a disposition to even up. Price changes were very irregular with a rush of buying at the start on private predictions of frost over the corn belt. As soon as the buying ceased December dropped 2½ cents but recovered later. A feature was the buying of September by shorts. A lot of May around 5 cents difference to close spreads made around even figures and December gained ¼ cent on the May.

Cash prices followed the September with little change in the basis.

September oats closed at 4¾ cents under the December, or better than a carrying charge difference due to lack of confidence on the part of buyers.

BARLEY CONTINUES ON STRONG UPWARD TREND.

A steady undertone prevailed for barley on the local floor trade market yesterday, and for most of the deliveries, higher prices ruled at the close of the call, from a firm opening. Transit barley scored up 50 cents per ton, while the less-day shipment closed at an advance of $1 per ton. Other near-by deliveries remained unchanged to 25 cents per ton higher. Interest of traders centered principally around the future months, the market showing an advance of 50 cents per ton during the day. Sales of this shipment were made at $2.01¼ and $2.02½. Although no sales of milo were transacted, the market was strong on this cereal throughout the day. Cars of No. 3 mixed milo and kafir for October shipment brought $2.26.

EAT and Get Thin
This is turning an old saying face about, but modern methods of reducing fat have made this revision possible.
If you are overfat; opposed to physical exertion; fond of the table and its good things, and still want to reduce your excess flesh several pounds per week, simply step around to your druggist (or write to the Marmola Co., 90 Garfield Building, Detroit, Mich.) and give him, for each thirty) one dollar, thus satisfying your craving for a trim, slim figure, by receiving a good size box of Marmola Prescription Tablets (compounded in accordance with the famous Marmola Prescription); then go ahead and eat nearly anything you like, after each meal and at bedtime, and you will lose your fat at the rate of two, three or four pounds a week.
Then continue the treatment until your weight is what you desire. Marmola Prescription Tablets are not only harmless but really beneficial to the general health. You don't need starvation diet or exercising exercises. Just go on eating what you like, leave everything to the tablets, but take your little tablet faithfully and without a doubt that flabby flesh will quickly take unto itself wings, leaving you with a firm, graceful self, neatly clothed in firm flesh and trim muscles.

PLAN TO AVERT GAS SHORTAGE.

City Would Force Companies to Manufacture More.

Serving of Unmixed Product Elsewhere Reacts Here.

Reopen Plants in Suburban Communities, is Demand.

Declaring that gas companies are now serving natural gas in country towns where they could manufacture at least a portion of the supply, and are therefore contributing to the gas shortage here, Chief Engineer Osborne of the Board of Public Utilities will today go before the State Railroad Commission and request that it establish a policy that will treat all the towns in Southern California alike in the sale of gas.

Mr. Osborne expects to file with the commission a report which points out that in large districts, such as that extending from Monrovia to Colton, gas companies are serving pure natural gas, when it would be possible for them to make at least a portion of the supply and thus add to the quantity available. He asserts that gas plants in the territory served by the Southern Counties Gas Company and others have been shut down since 1914 or 1915, and cites as specific instances the plants at Colton and Pomona.

He contends that if Los Angeles must mix artificial with natural gas in order to create a sufficient supply for domestic use the outlying cities should be placed on a similar footing.

He will ask the commission to require that all artificial-gas plants which are now inactive be put back into service and that the supply of gas from them be mixed with the natural product and served to consumers. In this way, he says, a great deal of additional fuel could be developed.

OIL IN PLENTY.

Mr. Osborne says gas companies can obtain plenty of oil with which to operate the plants that are now out of commission, and he expresses the belief that if operation of these plants is made mandatory Los Angeles can have an ample fuel supply this winter.

At the hearing before the State Railroad Commission yesterday it was learned that oil companies in Southern California recently entered into a stipulation with the commission to the effect that they will do their utmost to relieve the existing gas shortage. Last fall, at a hearing regarding the gas shortage, when the commission declared that local gas companies should assist each other through the time of the peak load, Herbert J. Goudge, representing the Los Angeles Gas and Electric Company, asserted that, in his opinion, the oil companies should be declared public utilities.

Representatives of local gas companies stated at yesterday's hearing that essential industries in this city will be arbitrarily closed down on cold days next winter unless more gas is developed from some source. The Midway, Fullerton and Montebello fields are now capable of developing 35,000,000 cubic feet of gas per day. This is distributed in several Southern California counties, principally Los Angeles, Orange and San Bernardino.

Los Angeles city alone is capable of consuming 34,300,000 cubic feet of gas a day, so it can readily be seen, Engineer Osborne says, that considerably more artificial gas must be manufactured during the coming winter if the industries of this city are to be kept going.

BOAST AVERTS BURGLAR TRIAL.

Suspect Tells of Perpetual Motion Machine; Sanity Hearing the Result.

"You may explain your perpetual-motion machine to a jury on October 8," said Judge Willis yesterday to Joe Vittoriano, who appeared before him on a charge of burglarising a store at La Habra. Officers who arrested the defendant had to shoot him with a shotgun before he would stop, they said.

Dep. Dist.-Atty. Powell agreed to a trial on the question of insanity, explaining to the court that Vittoriano declares he has perfected a perpetual-motion machine. When the court heard this the date for the insanity hearing was set at once.

Want Bureau to Check Up All Smashes.

Close co-operation between the officials and members of the Automobile Club of Southern California and the members of the police department in checking reckless automobile driving was urged yesterday by Police Commissioner Wilson.

The creation of an emergency squad of policemen charged with the task of immediately investigating serious automobile accidents was suggested by Commissioner Wilson, and the matter will be taken up with the police traffic officers and directors of the club.

Under the plan suggested by the commissioner, the police bureau will be open day and night, and the officer in charge will be notified at once of all automobile accidents. Officers will be immediately sent to the scene, the testimony of witnesses will be secured and photographs will be taken, all t be used in the prosecution of the person, or persons responsible.

Mr. Wilson pointed out that a number of recent accidents showed clearly that drivers were to blame, and he said that under the bureau plan they would have been arrested at once and evidence to secure their conviction could have been secured at the scene of the accident by the officers of the special squad.

Commissioners Wilson and Barry are determined that the police shall overlook no steps to stamp out reckless automobile driving in Los Angeles.

DRIVER IS ON TRIAL.

Charged with Manslaughter Because of Death of Girl He Struck.

C. J. Fowler, driver of an ambulance, who is accused of manslaughter as the result of the death on May 29 of Armida Vasqueza, a girl, went on trial yesterday before Judge Willis. It was charged that Fowler was driving at a high rate of speed at East Fourth and Clarence streets when his ambulance ran down the girl. The case was dismissed by Justice Brown and Fowler was later indicted by the grand jury.

Are You Contented
with film-coated teeth? If not, do this

All statements approved by authorities

Your teeth are now film-coated, more or less. The film perhaps is cloudy, so the teeth are dim.

Look at them—do they glisten as they should? Do they feel clean? If not, try this new method and remove that film.

That film does this:

Film is that viscous coat you feel. It clings to teeth, enters crevices and stays. The ordinary tooth paste does not end it. Brushing does not keep teeth free.

Month after month it may linger to do a ceaseless damage. Most tooth troubles are now traced to film. And, despite the tooth brush, they are constantly increasing.

It is the film-coat that discolors, not the teeth. Film is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea.

Years devoted to it

Dental science has for years sought to end that film. Its baleful effects make it supremely important.

Ways have now been found to fight film. Authorities have proved them beyond question. Leading dentists everywhere now advise their daily use.

All these methods are combined in a dentifrice called Pepsodent. Millions already employ it, largely by dental advice. And a 10-Day Tube is being sent to thousands of new homes daily, on request.

Five desired effects

Pepsodent brings five desired effects. And its effects repeat themselves with every application.

One ingredient is pepsin. Another multiplies the starch digestant in the saliva, to digest starch deposits that cling. It also multiplies the saliva's alkalinity, to neutralize the acids which cause tooth decay.

Two factors directly attack the film. One of them keeps teeth so highly polished that film cannot easily adhere. Pepsodent protects the teeth as nothing else has done.

You'll quickly know

Some results are almost instant. A week reveals conspicuous effects. The good it does cannot be doubted long.

Send the coupon for the 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the fixed film disappears. And how Nature's tooth protecting agents are increased.

A book we send will tell the reasons. Then you'll know, beyond all question, what is best for you and yours.

This Test is Free

Simply mail the coupon for a 10-Day Tube of Pepsodent.

Watch its effects. Judge it by what you see and feel. You will quickly realize that it does what nothing else has done.

Your dentist will advise it

Leading dentists everywhere advise this daily fight on film. They advise that children use it from the time the first tooth appears. Millions of people now employ it. Wherever you look you see glistening teeth which Pepsodent has brought.

It is time you knew. Cut out this coupon so you won't forget.

"I'm getting real filing service now!"

"SINCE we installed the "Y and E" Direct Name Filing System, I haven't known what it is to wait for a piece of correspondence, nor has there been a single letter lost or misfiled."

This is the tribute paid by a big executive (name on request) to the "Y and E" Direct Name Filing System.

Actual time-tests recently made in a number of Los Angeles offices, equipped with this system, averaged exactly 8.3 seconds!

If your filing system is not up to this high standard, it is high time you investigated this simplest and swiftest of all filing systems.
